ACT 17

H.B. NO. 424

A Bill for an Act Relating to Credit Disability Insurance.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 435-7, Hawaii Revised Statutes, is amended to read:

"Sec. 435-7 Filing, approval and withdrawal of forms and premium rates.

(a) All policies, certificates of insurance, notices of proposed insurance, applications for insurance, endorsements, and riders delivered or issued for delivery in this State and the schedules of premium rates pertaining thereto shall be filed with the commissioner for approval. Forms and rates so filed shall be approved at the expiration of thirty days after filing, unless earlier approved or disapproved by the commissioner. The commissioner by written notice to the insurer may, within the thirty-day period, extend the period for approval or disapproval for an additional thirty days.

(b) The commissioner shall, within the waiting period or any extension thereof after the filing of any such policies, certificates of insurance, notices of proposed insurance, applications for insurance, endorsements, and riders and premium rates, disapprove any such form or any premium rates if the benefits provided are not reasonable in relation to the premium charge, or if the form contains provisions which are unjust, unfair, inequitable, misleading, deceptive, or encourage misrepresentation of the coverage, or are contrary to any provision of chapter 431, or of any rule or regulation promulgated thereunder.

*Edited accordingly.

(c) The benefits provided by any such policy form shall not be deemed reasonable in relation to the premium charged or to be charged if the ratio of losses incurred to premiums earned is not at least fifty per cent or may not reasonably be expected to be at least fifty per cent. In the determination of the reasonableness of the relation of benefits and premiums consistent with a fifty per cent loss ratio, the commissioner may establish a common authorized premium rate for similar or substantially similar coverage by class of creditor. The commissioner may approve a higher rate than such common rate where a creditor's experience under a specific policy form reasonably indicates an ultimate loss ratio higher than fifty per cent, but the commissioner shall limit the use of such higher rate to those creditors whose experience was the basis of the approval of such higher rates. The commissioner shall require insurers to file such information as he deems necessary to determine that this standard is met each two years, or more often in his discretion, on forms recommended by the national association of insurance commissioners for that purpose. Upon giving such notice as is required by law, the commissioner may withdraw approval of any such form including the rate set forth therein, on the ground that a reasonable relation of benefits to premiums no longer exists or may approve a higher or lower rate if justified by experience.

The commissioner shall promulgate a rate that shall be deemed acceptable as satisfying this standard without any actuarial or statistical filing; provided that for a one-year period, or for such longer period as the commissioner feels is required to produce credible mortality and morbidity data, a creditor may make an identifiable charge to a debtor not to exceed the following:

- (1) Life: (declining balance term) 75 cents per year per \$100 of initial insured indebtedness to be paid in equal installments over a one-year period. If premiums or identifiable charges are calculated on other than an advance single premium basis, they shall not exceed the actuarial equivalent of the foregoing.

If premiums are payable on other than a single premium basis, they shall not exceed the substantial actuarial equivalent of the foregoing 75 cent rate.

Premiums and premium rates for insurance covering obligations payable in other than substantially equal monthly installments during the period of coverage shall be determined in a manner resulting in a rate not exceeding the substantial actuarial equivalent of the foregoing 75 cent rate.

- (2) Disability: The disability rates as set forth below shall be the maximum rates applicable to policies which exclude all disabilities resulting from intentional self-inflicted injury, pregnancy, flights in nonscheduled aircraft, and pre-existing illness, disease, or physical condition for which the debtor received or was professionally advised to obtain medical advice, consultation, or treatment during the six-month period preceding the effective date of the debtor's coverage and which caused disabilities within the six months following the effective date of coverage. Premiums or identifiable charges for (a) coverage other than shown above, and (b) maturities or waiting pe-

periods other than those shown below, must be actuarially consistent with those shown below.

Number of Months in which Indebted- ness is Repayable	Non-Retroactive Benefits			Retroactive Benefits		
	30-day	14-day	7-day	30-day	14-day	7-day
0-12	.80	1.50	2.30	1.70	2.20	3.00
13-24	1.60	2.00	3.20	2.50	3.00	4.00
25-36	2.30	2.50	4.15	3.30	3.80	5.00
37-48	2.90	3.00	4.70	3.80	4.30	6.00
49-60	3.30	3.50	5.15	4.30	4.70	7.00

A credit insurance policy issued under the above life and disability may exclude from the classes eligible for insurance, classes of debtors determined by age and provide for the cessation of insurance or reduction in the amount of insurance upon attainment of specified ages.

In order to determine whether or not the benefits provided in a particular policy form submitted by an insurer are reasonable in relation to the premium charged for the policy and to facilitate the submission and approval of policy forms and premium rates to be used in connection therewith, the commissioner shall give full consideration and make reasonable allowances for mortality cost or morbidity cost and other relevant factors and trends. Any such changed maximum rate of premium or identifiable charge shall not affect any insurance then in force on debtors.

(d) After the one-year period, or such longer period deemed necessary by the commissioner as provided in subsection (c), the commissioner shall by regulation establish prima facie acceptable premium rates, except as set forth below, which shall be usable without statistical justification when filed together with an otherwise acceptable policy form submission. The rates shall produce or shall reasonably be expected to produce a ratio of losses incurred to premiums earned of at least fifty per cent. The regulation shall specify the plans of benefits to which the premium rates apply.

(e) The commissioner shall approve deviations to rates higher than the prima facie acceptable rates upon filing of reasonable evidence that loss experience for a creditor or a class of creditors exceeds the average loss experience used to determine the established rate and shall base his determination on the fifty per cent loss ratio standard, except where the deviated rate exceeds 75 cents per \$100 initial insurance per year for reducing term credit life insurance and its actuarial equivalent for other forms of credit life insurance, a reasonable variance from the fifty per cent loss ratio standard may be required. Such deviation may be limited to the debtors or creditors whose experience was the statistical basis for the filing.

(f) Credit life insurance policies for which premium rates vary by individual ages or by age brackets shall be filed as provided in this section and the commissioner shall approve or disapprove such filings in accordance with the fifty per cent loss ratio standard and the other applicable provisions of law.

(g) If the commissioner notifies the insurer that the form or premium rate is disapproved, it shall be unlawful thereafter for the insurer to issue or use the form or premium rate. In the notice the commissioner shall specify the reason

- (1) A broken white line is used to indicate the edge of the traffic lane where travel is permitted in the same direction on both sides of the line and may be crossed by vehicular traffic when the crossing can be made with safety.
- (2) A broken yellow line is used to indicate the left edge of a traffic lane where traffic on the other side of the line moves in the opposite direction and may be crossed by vehicular traffic only when overtaking or passing a vehicle proceeding in the same direction or when executing a left turn and then only if the movement can be made with safety and does not interfere with traffic moving in the opposite direction.
- (3) A solid white line is used to indicate the edge of the traffic lane where travel in the same direction is permitted on both sides of the line but where movement from lane to lane is considered to be hazardous. A solid white line may be crossed only in unusual circumstances and then only with great care. A doublewidth solid white line is used to emphasize a greater degree of hazard.
- (4) A solid white line is also used to indicate the right edge of the pavement.
- (5) A double solid white line is used to indicate the edges of traffic lanes where travel in the same direction is permitted on both sides of the double line but where movement from lane to lane is considered to be dangerous. The crossing of a double solid white line by vehicular traffic is prohibited.
- (6) A solid yellow line is used to indicate the left edge of a traffic lane where overtaking and passing on the left is prohibited. The crossing of a solid yellow line by vehicular traffic is prohibited except when the crossing is part of a left turn movement.
- (7) A solid yellow line is also used to indicate the left edge of each roadway of a divided street or highway.
- (8) A double solid yellow line is used to indicate the separation between lanes of traffic moving in opposite directions. The crossing of a double solid yellow line by vehicular traffic is prohibited except when the crossing is part of a left turn movement.
- (9) A double line consisting of a broken yellow line and a solid yellow line is used to indicate a separation between lanes of traffic moving in opposite directions and vehicular traffic adjacent to the broken line is permitted to overtake or pass if the movement can be made with safety and does not interfere with traffic moving in the opposite direction. The crossing of this double line by vehicular traffic adjacent to the solid line is prohibited except when the crossing is part of a left turn movement.
- (10) A double broken yellow line is used to indicate the edge of a reversible traffic lane where the direction of the vehicular traffic may be changed from time to time.
- (11) A dotted line is used to indicate the extension of a line through an intersection or interchange. It shall be the same color as the line it extends. The crossing of a dotted line by vehicular traffic is subject to

the same prohibitions and exceptions as are applicable to the line it extends."

ACT 27

S.B. NO. 1332

A Bill for an Act Relating to Conservation.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. **Findings and purpose.** The legislature finds that the natural fishponds of the State are a precious environmental, economic and social resource worthy of systematic protection. While many fishponds are owned by the State, and protected by rules of the board of land and natural resources, a large number of fishponds are owned by persons, who pay real

*Edited accordingly.

property taxes upon such submerged areas as would be assessed upon property above sea level.

The legislature finds that many fishponds have been filled, and that the further loss of these resources must be prevented. Owners who wish to maintain the fishponds in their natural state must be permitted to perform periodic repairs, which are in some cases extensive due to the age of the fishpond walls and the susceptibility of the walls to damage by natural forces. But past expressions of concern by the legislature have created an unwieldy bureaucracy which fishpond owners must face to obtain permission to make repairs: aspects of repairs are under the jurisdiction of the board of land and natural resources, when the fishpond is located in a conservation district and the land use commission and the county planning agency, when the fishpond is located within a shoreline setback area. An environmental impact statement may also be required. Obtaining permission to make necessary repairs may involve months of reporting and negotiation, and emergency repairs necessary to safeguard the fishpond from natural damages are virtually impossible.

The same situation of bureaucracy and endless red tape faces persons engaging in aquaculture, an industry which is, according to prior enactment of the legislature, to be enhanced and encouraged as a matter of state policy.

The purpose of this Act is to clarify the regulatory responsibilities of state and county agencies in regard to maintenance, repair, and improvement of fishponds and aquaculture areas, and to ensure that proper environmental safeguards are coupled with conditions encouraging retention of fishponds and aquaculture areas.

SECTION 2. The Hawaii Revised Statutes is amended by adding two new sections to be appropriately designated and to read:

"Sec. - Fishponds; rules. (a) The board of land and natural resources shall adopt rules concerning the application and issuance of permits for the repair and maintenance of fishponds pursuant to section 183-41. The rules shall specify the extent:

- (1) Of repairs and maintenance for which no permit is necessary, but for which the owner shall be required to notify the board in writing of his intent to perform them which notification shall be submitted not less than ten days before performing the repairs or maintenance, and for which receipt and lack of action by the board within the ten-day notice period shall constitute approval;
- (2) Of repairs and maintenance for which a permit shall be required which shall be requested in writing by the owner; and
- (b) For the purposes of this section:
 - (1) "Emergency repairs" means that work necessary to repair damages to fishponds arising from natural forces or events of human creation not due to the wilful neglect of the owner, of such a character that the efficiency, esthetic character or health of the fishpond, neighboring activities of persons, or existing flora or fauna will be endangered in the absence of correction of existing conditions by repair or maintenance.

- (2) "Repairs and maintenance" of fishponds means any work performed relative to the walls, floor, or other traditional natural feature of the fishpond and its appurtenances, the purposes of which are to maintain the fishpond in its natural state and safeguard it from damage from environmental and natural forces.

Repairs and maintenance and emergency repair of fishponds shall not be construed as actions "proposing any use" within the context of section 343-4.

Sec. - Aquaculture farms; rules. (a) The board of land and natural resources shall adopt rules for review of applications, and issuance of permits for aquaculture farms, pursuant to section 183-41. The rules shall specify permitted uses; provided that all uses endorsed by the board of agriculture pursuant to chapter 219 shall be permitted uses; uses for which an environmental impact statement shall be necessary, pursuant to chapter 343, as well as those actions of repair and maintenance which shall not be subject to the permit and environmental impact statement provisions, including but not limited to emergency repairs.

(b) For the purposes of this section, "aquaculture" means all activities as defined in section 219-2, when carried out by a qualified aquaculturist as defined by section 219-2."

SECTION 3. Chapter 205, Hawaii Revised Statutes, is amended by amending section 205-36 to read:

(1) By amending section 11-13 to read:

"**Sec. 11-13 Rules for determining residency.** In determining residency in the State a wife may treat herself separate from her husband. The following rules shall determine residency for State and precinct purposes:

(1) The residence of a person is that place in which his habitation is fixed, and to which, whenever he is absent, he has the intention to return;

*Edited accordingly.

- (2) A person does not gain residence in any precinct into which he comes without the present intention of establishing his permanent dwelling place within such precinct;
- (3) If a person resides with his family in one place, and does business in another, the former is his place of residence; but any person having a family, who establishes his dwelling place other than with his family, with the intention of remaining there shall be considered a resident where he has established such dwelling place;
- (4) The mere intention to acquire a new residence without physical presence at such place, does not establish residency, neither does mere physical presence without the concurrent present intention to establish such place as his residence. For the purposes of the election laws there can only be one residence;
- (5) A person does not gain or lose a residence solely by reason of his presence or absence while employed in the service of the United States or of this State, or while a student of an institution of learning, or while kept in an institution or asylum, or while confined in a prison;
- (6) No member of the armed forces of the United States, his spouse or his dependent is a resident of this State solely by reason of being stationed in the State;
- (7) A person loses his residence in this State if he votes in an election held in another state by absentee ballot or in person;
- (8) The term of residence is computed by including the day on which the person's residence commences and by excluding the day of election.
- (9) In case of question, final determination of residence shall be made by the clerk, subject to appeal to the board of registration under part III of this chapter.
- (3) By amending section 11-17 to read:

"Sec. 11-17 Removal from register upon failure to vote; reregistration.

The clerk shall, not later than 4:30 p.m. on the sixtieth day after every general election, remove the name of any registered voter failing to vote at the election if such voter also failed to vote at the preceding primary election. For this purpose "to vote" shall mean the depositing of the ballot in the ballot box whether such ballot is blank or later rejected for any reason. In the case of voting machines "to vote" shall mean the voter has activated the proper mechanism and fed his vote into the machine. In the case of absentees "to vote" shall mean seasonably mailing the absentee ballot to the clerk whether or not such ballot was counted.

Any voter whose name has been removed from the register may at any time prior to the closing of the register, as provided in section 11-24, have his name restored in the register by presenting himself to the clerk and reregistering pursuant to section 11-15, or by making application by mail or otherwise pursuant to procedures established by the clerk. The clerk shall require satisfactory evidence to establish the identity of the applicant. The names of all such voters shall be reentered in the register."

- (4) By amending section 11-111 to read:

"Sec. 11-111 Official and specimen ballots. Ballots issued by the chief election officer in state elections and by the clerk in county elections are official ballots. In elections using the paper ballot and electronic voting systems, the chief election officer or clerk in the case of county elections shall have printed sufficient copies of each ballot to be used at the various precincts so that at least one copy can be posted for each voting unit. These copies will have printed across their faces in large bold letters, and with ink of a color plainly contrasting to the color of the paper used, the word "Specimen". In preparing specimen ballots for the electronic voting system, the chief election officer or clerk shall use material that will prevent the specimen from being counted by the ballot reading device. The copies of the specimen ballots shall be forwarded to the precinct officials with the official ballots. The precinct officials shall post the specimen ballots near the entrance to the polling place where they may be easily seen by the voters prior to voting."

(5) By amending section 11-112 to read:

"Sec. 11-112 Contents of ballot. A ballot shall contain the names of the candidates, their party affiliation or nonpartisanship, the offices for which they are running, and the district in which the election is being held. The name of the candidate may be printed with the Hawaiian or English equivalent or nickname, if the candidate so requests in writing at the time his nomination papers are filed. Candidates' names, including the Hawaiian or English equivalent or nickname, shall be set on one line.

In multirace districts the ballot shall state that the voter shall not vote for more than the number of seats available or the number of candidates listed where such number is less than the seats available.

A ballot shall bear no word, motto, device, sign, or symbol other than allowed in this title."

(6) By amending section 11-119 to read:

"Sec. 11-119 Printing; quantity. The ballots shall be printed by order of the chief election officer or the clerk in the case of county elections. In any state or county election the chief election officer on agreement with the clerk may consolidate the printing contracts for similar types of ballots where such consolidation will result in lower costs.

Each precinct shall receive a sufficient number of ballots based on the number of registered voters and the expected spoilage in the election concerned. A sufficient number of absentee ballots shall be delivered to each clerk not later than 4:30 p.m. on the tenth day prior to the date of any election. (7A)† By amending section 11-133 to read:

"Sec. 11-133 Voting booths; placement of visual aids. The precinct officials shall provide sufficient voting booths within the polling place at or in which the voters may conveniently cast their ballots. The booths shall be so arranged that in casting the ballots the voters are screened from the observation of others.

Visual aids, including specimen ballots, shall be posted at or in each voting booth and in conspicuous places outside the polling place before the opening of the polls."

(8) By amending section 11-134 to read:

The ballot boxes shall be placed at a point convenient for the deposit of ballots and where they can be observed by the precinct officials.

At the opening of the polls for the election, the chairman of the precinct officials shall publicly open the ballot boxes and expose them to all persons present to show that they are empty. The ballot boxes shall be closed and locked; they shall remain locked until the polls are closed except where the early collection of ballots has been authorized pursuant to section 11-135."

(9) By amending section 11-135 to read:

"Sec. 11-135 Early collection of ballots. The chief election officer may authorize collection of voted ballots before the closing of the polls in order to facilitate the counting of the ballots."

"Sec. 11-137 Secrecy; removal or exhibition of ballot. No person shall look at or ask to see the contents of the ballot of any voter, except as provided in section 11-139, nor shall any person within the polling place attempt to influence a voter in regard to whom he shall vote for. When a voter is in the voting booth for the purpose of voting, no other person shall, except as provided in section 11-139, be allowed to enter the booth or to be in a position from which he can observe how the voter votes.

No person shall take a ballot out of the polling place except as provided in sections 11-135 and 11-139. After voting the voter shall leave the voting booth and deliver his ballot to the precinct official in charge of the ballot boxes. The precinct official shall make certain that he has received the correct ballot and no other and then shall drop the ballot into the ballot box. If any person having received a ballot leaves the polling place without first delivering the ballot to the precinct official as provided above, or wilfully exhibits his ballots, except as provided in section 11-139, after the ballot has been marked, such person shall forfeit his right to vote, and the chairman of the precinct officials shall cause a record to be made of the proceeding."

(11) By amending section 11-140 to read:

"Sec. 11-140 Spoiled ballots. In elections using the paper ballot and electronic voting systems, if a voter spoils a ballot, he may obtain another upon returning the spoiled one. (12) By amending section 11-151 to read:

"Sec. 11-151 Vote count. Each contest or question on a ballot shall be counted independently as follows:

- (1) If the votes cast in a contest or question are equal to or less than the number to be elected or chosen for that contest or question, the votes shall be counted.

(13) By amending section 11-152 to read:

"Sec. 11-152 Method of counting. (a) In an election using the paper ballot voting system, immediately after the close of the polls, the chairman of the precinct officials shall open the ballot box. The precinct officials at the precinct shall proceed to count the votes as follows:

- (1) The whole number of ballots shall first be counted to see if their number corresponds with the number of ballots cast as recorded by the precinct officials;
- (2) If the number of ballots corresponds with the number of persons recorded by the precinct officials as having voted, the precinct officials shall then proceed to count the vote cast for each candidate;
- (3) If there are more ballots or less ballots than the record calls for the precinct officials shall proceed as directed in section 11-153.

(b) In those precincts using the electronic voting system, the chairman of the precinct officials shall open the ballot box or boxes and the ballots shall

be taken to the counting center according to the procedure and schedule promulgated by the chief election officer to promote the security of the ballots. In the presence of official observers, counting center employees may start to count the ballots prior to the closing of the polls provided there shall be no printout by the computer or other disclosure of the number of votes cast for a candidate or on a question prior to the closing of the polls."

(14) By amending section 11-153 to read:

"Sec. 11-153 More or less ballots than recorded. If there are more ballots than the poll book indicates, this shall be an overage, and if less ballots, it shall be an underage. The election officials or counting center employees responsible for the tabulation of ballots shall make a note of this fact on a form to be provided by the chief election officer. The form recording the overage or underage shall be sent directly to the chief election officer or the clerk in county elections separate and apart from the other election records.

If the electronic voting system is being used in an election, the overage or underage may be recorded after the tabulation of the ballots. In an election using the paper ballot voting system, the precinct officials shall proceed to count the vote cast for each candidate or on a question after recording the overage or underage.

As soon after the election as possible the chief election officer or the clerk shall make a list of all precincts in which an overage or underage occurred and the amount of the overage or underage. This list shall be kept as a public record in the office of the chief election officer or the clerk in county elections and the clerk's office in counties other than the city and county of Honolulu in elections involving state candidates.

An election contest may be brought under part XI, if the overage or underage in any district could affect the outcome of an election."

(15) By amending section 11-172 to read:

"Sec. 11-172 Contests for cause; generally. With respect to any election, any candidate, or qualified political party directly interested, or any thirty voters of any election district, may file a complaint in the supreme court. The complaint shall also set forth any reasons for reversing, correcting, or changing the decisions of the precinct officials or the officials at a counting center in an election using the electronic voting system."

(16) By amending section 11-181 to read:

If ineligible to qualify as a voter in the State to which he has moved, any former registered voter of Hawaii may vote an absentee ballot in any presidential election occurring within twenty-four months after leaving Hawaii by requesting an application form and returning it properly executed to the clerk of the county of his prior Hawaii residence. When requesting an application form for an absentee ballot, the applicant shall specify his eligibility for only the presidential ballot, and the fact of applicant's ineligibility to vote at his new place of residence verified by the voter registrar or his authorized representative in the jurisdiction of the applicant's new residence. The application must be received in sufficient time for ballots to be mailed and returned prior to any presidential election at which the applicant wishes to vote. All required information pursuant to the rules promulgated by the chief election officer shall be completed in full.

Sec. 15-4 Request for absentee ballot. Any person entitled to vote under

this chapter may request an absentee ballot in person or in writing from the clerk not earlier than on the sixtieth day and not later than 4:30 p.m. on the seventh day prior to the election except in special cases as provided in the rules promulgated by the chief election officer.

The request shall include information such as the address under which the person is registered, the establishment of his right to an absentee ballot, and the address to which he wishes his ballot forwarded. The request, when made for any primary or special primary election, may include an additional request for an absentee ballot to be voted at any election immediately following the primary or special primary provided the person so indicates in his request.

On election day the container shall be opened by the precinct officials of the absentee precinct.

Prior to opening the envelopes and counting the ballots, the envelopes shall be checked for the following:

Sec. 15-13 Death of voter prior to opening of polls. Whenever sufficient proof is shown to the clerk or precinct officials that an absentee voter who has returned his reply envelope has died prior to the opening of the polls on the date of election, his ballot shall be deemed invalid and disposed of pursuant to section 11-154. The casting of any such ballot shall not invalidate the election.

Sec. 15-14 Ballots; where voting machines are used. A Bill for an Act Relating to Petroleum Products.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The Hawaii Revised Statutes is amended by adding a new chapter to be appropriately designated and to read:

**"CHAPTER
PROCUREMENT, CONTROL, DISTRIBUTION
AND SALE OF PETROLEUM PRODUCTS**

Sec. -1 Findings and purpose. The limited supply of motor gasoline available to the public during the first few months of 1974, and the panic, disruption, and crisis that accompanied the shortage, clearly demonstrated the necessity for regulatory control to maintain public confidence and order and to effect conservation. The purpose of this chapter is to grant to the governor or his authorized representative the clear authority, when shortages of petroleum products occur or are anticipated, to control the distribution and sale of petroleum products in this State, to procure such products, and to impose rules that will provide extraordinary measures for the conservation of petro-

*Edited accordingly.

leum products and for their distribution and sale in an orderly, efficient, and safe manner.

Sec. -2 "Shortage" defined. As used in this chapter, unless otherwise indicated by the context, a "shortage" exists whenever the average amount of gasoline available for each motor vehicle during a current or forthcoming month is ten per cent less than the average amount of gasoline that was available during that month in the immediately preceding five years. The average amount of gasoline available for each motor vehicle during a current or forthcoming month shall be determined by dividing the total approximate amount of gasoline available to motor vehicles for a current or forthcoming month by the total approximate number of registered motor vehicles of record during that same month. The average amount of gasoline that was available during that month in the immediately preceding five years shall be determined by dividing the sum of the total amounts of gasoline that was available to motor vehicles for that month in each of the immediately preceding five years by the sum of the total numbers of registered motor vehicles of record during that month in each of the immediately preceding five years.

Sec. -3 Powers in a shortage. If the governor declares that a shortage as defined in section -2 exists, he or his authorized representative, to insure that petroleum products are made available to the public in an orderly, efficient, and safe manner, may:

- (1) Control the distribution and sale of petroleum products by promulgating rules that may include, but shall not be limited to, the following measures:
 - (A) Restricting the sale of petroleum products to specific days of the week, hours of the day or night, odd and even calendar days, and for vehicles having less than a specified amount of gasoline in their tanks, with exceptions for certain designated geographical areas.
 - (B) Restricting sales of petroleum products by dealers to daily allocations determined by dividing the monthly allocation by the number of selling days per month.
 - (C) Requiring dealers to post signs to designated hours of operation and sell-out of daily allocation.
 - (D) Allowing the counties to be exempt from all or portions of a state plan and to operate petroleum product distribution plans tailored to their own specific needs where a county has not exempted itself pursuant to sec. -11.
 - (E) Instituting a statewide rationing plan.
 - (F) Allowing for special handling for commercial and emergency-user vehicles.
- (2) Purchase and resell or otherwise distribute petroleum products.
- (3) Receive, expend, or use contributions or grants in money or property, or special contributions thereof for special purposes not inconsistent with this chapter.
- (4) Borrow and expend moneys needed to exercise the powers herein granted.

- (5) Contract in the name of the State for the purpose of implementing this chapter or any part hereof.
- (6) Exercise the powers herein granted to the degree and extent deemed by the governor to be necessary, including the temporary or indefinite suspension of all or part of the measures taken, as the governor deems appropriate.

Sec. -4 Promulgation, filing, and taking effect of rules. Upon the occurrence of a shortage, the governor may proceed without prior notice or hearing or upon such abbreviated notice and hearing as he finds practicable to adopt rules authorized under this chapter to be effective for a period of not longer than one hundred twenty days without renewal. To be effective after the one-hundred-twenty-day period, such rules must be adopted pursuant to chapter 91. Each rule adopted, amended, or repealed shall become effective as adopted, amended, or repealed upon approval by the governor and filing with the lieutenant governor. Each rule in effect shall have force and effect of law, but the effect of each rule may be temporarily or indefinitely filed with the lieutenant governor. Each rule temporarily suspended shall take effect again immediately upon expiration of the suspension period. Each rule indefinitely suspended shall take effect immediately upon the filing with the lieutenant governor of the written declaration by the governor terminating the suspension.

Sec. -5 Publication of rules and declarations. Within five days after the date of filing with the lieutenant governor of each rule or declaration, the governor shall make the rule or determination known to the persons affected by it by publication at least once in a newspaper of general circulation in the State and in a newspaper that is printed and issued at least twice weekly in the county within which those affected persons reside.

Sec. -6 Petition for adoption, amendment, repeal, or suspension of rules. Any interested person may petition the governor or his authorized representative requesting the adoption, amendment, repeal, or suspension of any rule and stating reasons therefor. The governor or his authorized representative shall prescribe the form for the petitions and the procedures for their submission, consideration, and disposition, and within thirty days after submission of the petition shall either deny the petition in writing, stating his reasons for the denial, or grant the petition and adopt, amend, repeal, or suspend the rule accordingly.

Sec. -7 Petroleum products control fund. There is hereby established in the state treasury a revolving fund to be known as the petroleum products control fund. All fees or charges collected for services furnished or petroleum products sold, all moneys borrowed, and all contributions or grants of money received under this chapter shall be deposited in this fund; provided that the governor may establish other suitable funds in the state treasury for deposit and separate accounting of moneys contributed or granted for special purposes under this chapter. All moneys in the petroleum products control fund are appropriated for the purposes of this chapter and shall be expended by the governor or his designated representative. The governor or his designated representative may expend and use the moneys in the petroleum products con-

trol fund to purchase petroleum products, to obtain services, equipment, materials, and supplies necessary under this chapter, and to repay moneys borrowed under this chapter.

Sec. -8 Personnel; delegation of powers. The governor may appoint or employ temporary boards, agencies, officers, employees, and other persons, or any of them, for the purpose of carrying out the provisions of this chapter. All such temporarily appointed or employed officers and employees, whether or not employed by contract, shall be exempt from and not subject to nor entitled to the benefits of the provisions of chapters 76, 77, and 79, and part II of chapter 88, or any other law that is inapplicable to temporary employees of the State.

Sec. -9 Investigations and surveys. The governor or his authorized representative may make investigations and surveys for the purpose of ascertaining facts to be used in administering this chapter, and in making the investigations and surveys, may require the making, filing, or keeping of applications, schedules, records, reports, or statements, under oath or otherwise, administer oaths, take evidence under oath, subpoena witnesses, and require the production of books, papers, and records. Witnesses shall be allowed their fees and mileage as in cases in the circuit courts. The circuit court of any circuit or judge thereof may enforce by proper proceedings the attendance and testimony of any witness subpoenaed to appear within the circuit, or the production of books, papers, and records.

Sec. -10 Fraud; misdemeanor. Any person required by the governor or his authorized representative, pursuant to section -9, to make, keep or file any application, schedule, record, report, or statement, whether or not under oath, who intentionally makes, files, or keeps a false or fraudulent application, schedule, report, or statement or intentionally conceals therein any material fact, and any person who in any other manner intentionally deceives or attempts to deceive the governor or his authorized representative with respect to any fact to be used in administering this chapter, and any person who intentionally fails to observe and comply with any rule promulgated under this chapter, shall be guilty of a misdemeanor.

Sec. -11 Exemption. Any county, which has under its charter the right to declare an emergency and the power to carry out a plan to cope with the emergency, shall be exempt from all or portions of a state plan as the county may determine by ordinance provided that notwithstanding any charter or ordinance provision to the contrary or in the absence thereof, such ordinance shall be effective for a period of not longer than one hundred twenty days.

To be effective after the one hundred twenty day period, any ordinance exempting the county from all or portions of the state plan shall meet the following requirements prior to adoption by the county:

(a) The county council shall hold a public hearing at which all interested persons shall be afforded the opportunity to submit data, views, or arguments, orally or in writing. The council shall fully consider all written and oral submission respecting the proposed exemption. (b) The county council shall give at least twenty days notice for the public hearing. Such notice shall include a statement of the substance of the proposed exemption, and of the date, time

and place where interested persons may be heard thereon. The notice shall be published at least once in a newspaper of general circulation in the State or in a newspaper that is printed or issued at least twice weekly in the county affected.

Such public hearing and notice requirements shall supersede and be in lieu of any notice and public hearing requirements provided by any county charter or ordinance and shall also apply in the absence of any county charter or ordinance provision concerning such requirements.

The same public hearing and notice requirement set forth in this section for the adoption of any exemptions for the state plan shall apply to the amendment or repeal of such exemptions.

Any county so exempt may operate petroleum product distribution plans tailored to its own specific needs but shall coordinate its operation in consonance with the governor's exercise of his authority in the control and distribution and sale of petroleum products under the state plan."

SECTION 2. If any provision of this Act, or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the Act that can be given effect without the invalid provisions or application, and to this end the provisions of this Act are severable.

SECTION 3. This Act shall take effect upon its approval.

Sec. 152-2 Rules and regulations. The department of agriculture shall have all powers necessary to carry out and to effectuate this chapter, by rules and regulations including but not limited to the following:

- (1) To establish criteria and procedures for the designation of plant species as noxious weeds for the purposes of this chapter;
- (2) To establish procedures and conditions for the initiation of cooperative agreements with landowners for the purpose of eradicating or controlling noxious weed infestations;
- (3) To promulgate necessary rules and regulations necessary to control or eradicate noxious weeds when deemed economically feasible; provided that all rules and regulations shall be in compliance with all other laws concerning the making of rules and regulations which shall have the force and effect of law.

Sec. 152-3 Prohibited acts. It shall be unlawful to introduce or to transport specific noxious weed, its seed or its vegetative reproductive parts into any area designated pursuant to section 152-5 as free or reasonably free of such noxious weed; provided that said introduction or transportation may be permitted for educational or research purposes when authorized by a permit issued by the department.

Sec. 152-4 Designation of noxious weed. The department may designate certain plant species as noxious weeds following criteria and procedures promulgated by regulations under section 152-2(1). The department shall publish and shall make available a list of noxious weeds to interested persons.

Sec. 152-5 Designation of areas declared free or reasonably free of noxious weeds. The department may declare the entire State, an island or a section of an island as free or reasonably free of a specific noxious weed. Sec. 152-6 Duties of the department; noxious weed control and eradication. (a) The department of agriculture shall maintain a constant vigilance for incipient infestations of specific noxious weeds on islands declared reasonably free from such weeds, and use such procedures and methods to control or eradicate such infestations of noxious weeds as are determined to be feasible and practicable.

(b) When the department determines that an infestation of a certain noxious weed exists on an island declared reasonably free from the weed, the

department shall immediately conduct such investigations and surveys as are necessary to determine the feasibility and practicability of control or eradication of the infestation. The department may also conduct investigations and surveys to determine the feasibility and practicability of controlling widespread noxious weed infestations. The methods of control or eradication adopted by the department for any noxious weed infestation shall cause as little damage to crops and property as possible.

(c) Upon determining that control or eradication of an infestation is practicable and feasible, the department shall immediately serve notice, either oral or written, on both the landowner of the property and the occupant of the property on which the infestations exist. Written notice sent to the landowner's address last known to the department by registered mail, postage prepaid, return receipt requested, shall be deemed sufficient notice. The notice shall set forth all pertinent information with respect to the infestation and notify the landowner and the land occupant of the procedure and methods of control or eradication.

(d) Upon the department's notification pursuant to subsection (c) above, the department may enter into a cooperative agreement with the landowner for the control or eradication of said noxious weed infestation. The procedures and conditions for executing the cooperative agreement shall be in accordance with rules and regulations adopted under section 152-2(2).

(e) Upon the department's notification pursuant to subsection (c) above, the department may entirely undertake the eradication or control project when it has been determined that the owner, occupier or lessee of the land on which the noxious weed infestation is located will not benefit materially or financially by the control or eradication of said noxious weed; or when the noxious weed infestation is on state owned land not leased or under control of private interest.

Sec. 152-7 Entry of private property for the control of any noxious weed. Whenever any member of the department or any member of a county agency duly authorized to maintain a noxious weed control program determines that there is an infestation of noxious weed on private property and that such infestation poses a threat to the agricultural, horticultural, or livestock industry of the county in which the property is situated, the department or county agency may enter such property for the purpose of abating, destroying, removing, or controlling such infestation; provided that the county agency or department shall give written notice of such finding to the owner or occupant of such property at least five days prior to entry. If such entry is refused, the member may make a complaint to the district court in the circuit in which such land is located. The district court may thereupon issue a warrant, directed to any police officer of the circuit, commanding him to take sufficient aid, and, being accompanied by a member of the department or county agency, as the case may be, between the hours of sunrise and sunset to examine, abate, destroy, remove, or control, under the directions of the member, the infestation of noxious weeds."

equipment is not safe, or that any practice, means, method, operation, or process employed or used in connection therewith is unsafe or does not afford adequate protection to the life, safety and health of employees in the employment, the department shall make an order relative thereto which is necessary to render the employment or place of employment safe and protect the life and safety of employees therein and deliver the same to the employer. The department may in the order direct that, in the manner and within a time specified, such additions, repairs, improvements, or changes be made and such safety devices and safeguards be furnished, provided and used as are reasonably required to render the employment or place of employment safe. The employer shall obey and observe all safety orders and post said order at or near the place where the violation referred to in the order occurred.

- (3) Whenever in the opinion of the department the condition of any employment or place of employment, or the operation of any machine, device, apparatus, or equipment, or any practice, means, method, operation, or process employed or used, is in an unsafe condition or is not properly guarded or is dangerously placed, the use thereof shall be prohibited by the department, and an order to that effect shall be posted prominently in the working place. The order shall be removed: (A) when a determination has been made by the department that the place of employment, machine, device, apparatus, or equipment is made safe and the required safeguards or safety devices are provided for; and (B) by an authorized representative of the department.

The application to the circuit court accompanied by an affidavit showing that the use or operation exists in violation of an order of the department and constitutes an imminent hazard to the life or safety of any employee, and accompanied by a copy of the order applicable thereto, shall warrant, in the discretion of the court, the immediate granting of a temporary restraining order. No bond shall be required from the department as a prerequisite to the granting of a restraining order.

- (5) The director and his authorized agents shall have the same powers respecting the administering of oaths, compelling the attendance of witnesses, the production of documentary evidence, and examining

The circuit court of any circuit upon application by the director shall have power to enforce by proper proceedings the attendance and testimony of any witness so subpoenaed. Subpoena and witness fees and mileage in such cases shall be the same as in criminal cases in the circuit courts. Necessary expenses of or in connection with any such hearings or investigations shall be payable from the funds appropriated for expenses of administration of the department. No person shall be excused from attending or testifying or producing material, books, paper, correspondence, memoranda, and other records before the director or in obedience to subpoena on the grounds that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, documentary, or otherwise, except that such individuals so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

- (6) Where a condition or practice in a place of employment could reasonably be expected to cause death or serious physical harm, the department shall have the right, independent of any other enforcement powers under this chapter, to: (A) immediately inform the employees and employers of such hazard by meeting, posted notice, or otherwise; (B) take steps to obtain immediate abatement of the hazard by the employer and where appropriate to initiate necessary legal proceedings to require such abatement.
- (7) The department may prosecute, defend and maintain actions in the name of the department for the enforcement of the provisions of this chapter, including the enforcement of any order issued by it, the appeal of any administrative or court decision, and other actions necessary to enforce this chapter."

SECTION 3. Section 396-9, Hawaii Revised Statutes, is amended by amending subsection (f) to read:

"(f) Unlawful use or possession. It shall be unlawful for any person to use any explosives unless he has a certificate of fitness or is using the explosives under the immediate supervision and direction of a holder of the certificate. It shall be unlawful for any person, other than a manufacturer or dealer, to have any explosives in his possession unless he has a permit therefor, or unless he has the explosives in his possession under the direction and for the purposes of a holder of the certificate.

Any person who violates this section shall be subject to arrest and upon conviction, shall be fined not more than \$1000 or imprisoned not more than one year, or both, provided that an employer or an employee acting within the scope of employment shall not be deemed to be in violation of this section."

Said order shall include the abatement requirements and within a reasonable time the employer shall be advised of the proposed sanctions.”

SECTION 5. Section 396-11, Hawaii Revised Statutes, is amended to read:

“**Sec. 396-11 Appeals.** Any proposed penalty or any order of the director issued under this chapter shall be final and conclusive against the employer unless the employer, within twenty days after a copy of such proposed penalty or order is received by him, petitions the appeals board for a review thereof. Any employee or his representative may, within the twenty-day period after an order for abatement of a violation is posted, file an appeal alleging that the time fixed in such order is unreasonable. After hearing, the appeals board may set aside the proposed penalty or order or continue it upon such terms and conditions as may be deemed necessary. The employees or their representatives shall have the right to participate in all hearings.”

SECTION 6. Section 396-12, Hawaii Revised Statutes, is amended to read:

“**Sec. 396-12 Judicial review.** The decision of the appeals board shall be final and conclusive unless the director or any party to the proceedings before the appeals board obtains a review thereof in the manner provided in chapter 91 by instituting proceedings in the circuit court of the circuit in which the place of employment, machine, device, apparatus, or equipment is situated or such practice, means, method, operation, or process is employed. The hearing on review shall be on the record and the department shall be deemed a party to any such proceedings. The court shall give precedence to such proceedings over all other civil cases.”

SECTION 7. Section 396-13, Hawaii Revised Statutes, is amended to read:

“**Sec. 396-13 Trade secrets.** Information obtained by the department containing or revealing a trade secret shall be held confidential and access shall be limited to authorized representatives of the director concerned with carrying out this chapter or when relevant in any proceeding under this chapter. (a) Every application for a variance shall be made on forms furnished by the department and shall be accompanied by a complete and detailed description of present conditions, how present conditions do not conform to standards, and such other information as the department may by rule or regulation prescribe.

(b) Each application for a variance shall be reviewed in light of the descriptions, statements, plans, histories, and other supporting information submitted with the application, such additional information as may be submitted upon the request of the department, and the effect or probable effect upon the air and water quality standards and noise level standards established pursuant to this chapter.

(c) Whenever an application is approved, the department shall issue a variance authorizing the emission or discharge of pollutant or noise in excess of applicable standards. No variance shall be granted by the department unless the application and the supporting information clearly show that:

- (1) The continuation of the function or operation involved in the discharge of waste by the granting of the variance is in the public interest;
- (2) The emission or discharge occurring or proposed to occur does not substantially endanger human health or safety; and
- (3) Compliance with the rules, regulations or standards from which vari-

ance is sought would produce serious hardship without equal or greater benefits to the public.

(d) Any variance or renewal thereof shall be granted within the requirements of this section and for time periods and under conditions consistent with the reasons therefor, and within the following limitations:

- (1) If the variance is granted on the ground that there is no practicable means known or available for the adequate prevention, control or abatement of the pollution or excessive noise involved, it shall be only until the necessary means for prevention, control, or abatement become practicable and subject to the taking of any substitute or alternate measures that the department may prescribe. No renewal of variance granted under this subsection shall be allowed without a thorough review of known and available means of preventing, controlling, or abating the pollution or excessive noise involved.
- (2) The director may issue a variance for a period not exceeding ten years.
- (3) Every variance granted under this section shall include conditions requiring the grantee to perform air, discharge, effluent, or noise sampling and report the results of such sampling to the department.

(e) Any variance granted pursuant to this section may be renewed from time to time on terms and conditions and for periods not exceeding ten years which would be appropriate on initial granting of a variance; provided that the applicant for renewal has met all of the conditions specified in the immediately preceding variance; and provided, further, that the renewal, and the variance issued in pursuance thereof, shall provide for emission or discharge not greater than that attained pursuant to the terms of the immediately preceding variance at its expiration. No renewal shall be granted except on application therefor. Any such application shall be made at least one hundred eighty days prior to the expiration of the variance.

(f) No variance granted pursuant to this part shall be construed to prevent or limit the application of any emergency provisions and procedures provided by law.

(g) Notwithstanding any provision in this section, no variance shall be granted or renewed pursuant to this part with respect to any discharge of pollutants or wastes which is in violation of the requirements of the Federal Water Pollution Control Act (33 U.S.C. A Bill for an Act Relating to the Conservation, Management and Protection of Endangered or Threatened Species of Wildlife or Plants.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Hawaii Revised Statutes, is amended by adding a new chapter to be appropriately designated and to read:

"CHAPTER CONSERVATION OF WILDLIFE AND PLANTS

Sec. -1 Findings and declaration of necessity. Since the discovery and settlement of the Hawaiian islands by man many species of wildlife and plants that occurred naturally only in Hawaii have become extinct and many of the remaining species are threatened with extinction, primarily because of increased human use of the land and disturbance to native ecosystems.

All indigenous species of wildlife and plants are integral parts of Hawaii's native ecosystems and comprise the living heritage of Hawaii for they represent a natural resource of scientific, cultural, educational, environmental and economic value to future generations of Hawaii's people.

To insure the continued perpetuation of indigenous wildlife and plants and their habitats for human enjoyment, for scientific purposes, and as members of ecosystems, it is necessary that the State take positive actions to enhance their prospects for survival.

Sec. -2 Definitions. As used in this chapter:

(a) "Conserve," "conserving," and "conservation" mean to use and the use of all methods and procedures for the purpose of increasing and maintaining populations of wildlife and plants. Such methods and procedures include, but are not limited to activities such as research, census, habitat acquisition, protection, maintenance, propagation, live trapping, regulated taking, law enforcement and transplantation;

(b) "Department" means department of land and natural resources;

(c) "Ecosystem" means all natural elements, physical and biological, of the habitat or site in which any wildlife or plant species is found, and upon which it is dependent;

(d) "Endangered species" means any species whose continued existence as a viable component of Hawaii's indigenous fauna or flora is determined to be in jeopardy and has been so designated pursuant to section -4;

(e) "Endangered Species Act" means the Endangered Species Act of 1973, 87 Stat. 884, or as such Act may be subsequently amended;

(f) "Indigenous species" means any wildlife or plant species growing or living naturally in Hawaii without having been brought to Hawaii by man;

(g) "Person" means an individual, corporation, partnership, trust, association, or any other private entity, or any officer, employee, agent, department, or instrumentality of the federal government, of any State or political subdivision thereof, or of any foreign government;

(h) "Plant" means any member of the plant kingdom, including seeds, roots and other parts thereof;

(i) "Species" means and shall include any subspecies or lower taxa of wildlife or plants;

(j) "Take" means to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture or collect endangered or threatened species of wildlife or to cut, collect, uproot, destroy, injure, or possess endangered or threatened species of plants, or to attempt to engage in any such conduct;

(k) "Threatened species" means any species of wildlife or plant which appears likely, within the foreseeable future, to become endangered and has been so designated pursuant to section -4;

(l) "Wildlife" means any member of any non-domesticated species of the animal kingdom, whether reared in captivity or not, including, without exception, any mammal, fish, bird, amphibian, reptile, mollusk, crustacean, arthropod or other invertebrate, and includes any part, product, egg, or offspring thereof, or the dead body or parts thereof.

Sec. -3. Determination by the department relating to conservation of particular species. (a) The department is authorized to conduct investigations on any species of wildlife and plants in order to develop information relating to their biology, ecology, population, status, distribution, habitat needs, and other limiting factors to determine conservation measures necessary for their continued ability to sustain themselves successfully.

(b) The department is authorized to promulgate pursuant to chapter 91, regulations relating to the taking, possession, transportation, importation, exportation, processing, selling, or offering for sale, or shipment of any species of wildlife and plant for the purpose of conserving the same.

(c) Except as permitted by regulations promulgated by the department, it shall be unlawful for any person to take, possess, transport, export, process, sell or offer for sale or ship any species of wildlife or plants deemed by the department to be in need of conservation pursuant to this section.

Sec. -4. Endangered species and threatened species. (a) Any species of wildlife or wild plant that has been determined to be an endangered species pursuant to the Endangered Species Act shall be deemed to be an endangered species under the provisions of this chapter and any indigenous species of wildlife or plant that has been determined to be a threatened species pursuant to the Endangered Species Act shall be deemed to be a threatened species under the provision of this chapter. However, the department may determine, in accordance with this section, that any such threatened species is an endangered species throughout all or any portion of the range of such species within this State.

(b) In addition to the species that have been determined to be endangered or threatened pursuant to the Endangered Species Act, the department may, by regulation, promulgated pursuant to chapter 91, determine any indigenous species of wildlife or wild plant to be an endangered species or a threatened species because of any of the following factors:

(1) The present or threatened destruction, modification, or curtailment of its habitat or range;

- (2) Overutilization for commercial, sporting, scientific, educational or other purposes;
- (3) Disease or predation;
- (4) The inadequacy of existing regulatory mechanisms; or
- (5) Other natural or man made factors affecting its continued existence within Hawaii.

(c) **Basis for determinations.** The department shall make determinations required by subsection (b) of this section on the basis of all available scientific, commercial and other data after consultation, as appropriate, with Federal agencies, other interested state and county agencies, and interested persons and organizations.

(d) **Lists.** (1) The department shall issue regulations containing a list of all species of wildlife and plants that have been determined, in accordance with subsections (a) through (c) of this section, as endangered species and a list of all such species so designated as threatened species. Each list shall include the scientific, common and Hawaiian name or names, if any, and shall specify with respect to each such species over what portion of its range it is endangered or threatened. (2) Except with respect to species of wildlife or plants determined to be endangered or threatened pursuant to the Endangered Species Act, the department shall upon its own recommendation or upon the petition of three interested persons, who have presented to the department substantial evidence which warrants review, conduct a review of any listed or unlisted indigenous species proposed to be removed from or added to the lists published pursuant to paragraph (1) of this subsection.

(e) **Prohibited acts.** With respect to any endangered species of wildlife or plant, it is unlawful, except as provided in subsection (f) of this section, for any person subject to the jurisdiction of this State to:

- (1) Export any such species from this State;
- (2) Take any such species within this State;
- (3) Possess, process, sell or offer for sale, deliver, carry, transport or ship, by any means whatsoever, any such species;
- (4) Violate any regulation pertaining to the conservation of such species or to any threatened species of wildlife listed pursuant to this section and promulgated by the department pursuant to authority provided by this chapter.

(f) **Permits.** The department may permit, under such terms and conditions as it may prescribe, any act otherwise prohibited by subsection (e) of this section, for scientific purposes or to enhance the propagation or survival of the affected species.

Sec. -5. Conservation programs. (a) The department shall conduct research on indigenous plants, birds and mammals and on endangered species and their associated ecosystems, and shall utilize the land acquisition and other authority vested in the department to carry out programs for the conservation, management, and protection of such species and their associated ecosystems. In addition, the department is hereby authorized to acquire by purchase, donation or otherwise, lands or interests therein needed to carry out the programs relating to the intent and purpose of this part.

(b) The office of the governor shall review other programs administered by the department and, to the extent practicable, utilize such programs in furtherance of the purposes of this section. The governor or his authorized representative shall also encourage other state and federal agencies to utilize their authorities in furtherance of the purposes of this section by carrying out programs for the protection of endangered species and by taking such action as may be necessary to insure that actions authorized, funded, or carried out by them do not jeopardize the continued existence of endangered species.

(c) In carrying out programs authorized by this section, the department may enter into agreements with federal agencies and with the counties for administration and management of any area established under this section or utilized for conserving, managing, enhancing, or protecting indigenous plants, birds and mammals and endangered species.

(d) In carrying out programs authorized by this section, priority shall be given to the conservation and protection of those endangered plant, bird and mammal species and their associated ecosystems whose extinction within the State would imperil or terminate, respectively, their existence in the world.

(e) The department shall coordinate with the natural area reserves commission and the animal species advisory commission all research, investigations, lists of indigenous and endangered plants, birds and mammals, and programs for the conservation, management, enhancement and protection of such species that are authorized by this part.

(f) The department may permit, under such terms and conditions as are adopted by regulation, the taking, possession, transportation or exportation of any indigenous plant, bird or mammal on the endangered list for educational, or scientific purposes and for propagation of such species in captivity for preservation purposes.

Sec. -6 Regulations. The department shall have the authority to promulgate pursuant to chapter 91 such regulations as are necessary to carry out the purposes of this chapter.

Sec. -7 Enforcement. Any employee or agent of the department upon whom the board of land and natural resources has conferred powers of police officers, including the power to serve and execute warrants and arrest offenders or issue citations throughout the State, and any police officer of the counties of this State shall have the authority to enforce any of the provisions of this chapter or any regulation or rule promulgated pursuant hereto.

Sec. -8 Search and seizure. Any officer or agent authorized pursuant to section -7 shall have the authority to conduct searches as provided by law and to seize any equipment, business records, merchandise, wildlife or wild plant taken, possessed, transported, sold, offered for sale, or used in violation of any section of this part or any rule or regulation promulgated hereunder, and any of the foregoing so seized shall be held by the department pending disposition of court proceedings, or the department prior to forfeiture may direct the transfer of wildlife or wild plants so seized to a qualified zoological, botanical, educational, or scientific institution for safekeeping, costs thereof to be paid by the defendant. Upon conviction of the person or persons

from whom the seizure was made, the court shall declare the items seized forfeited to the State. Such items shall be destroyed or disposed of in any manner as the department may deem appropriate.

Sec. -9 Penalty. Any person who violates any of the provisions of this chapter or the provisions of any regulation or rule promulgated hereunder shall be fined not more than \$1,000 or be imprisoned not more than one year, or both.

Sec. -10 Severability. Should any section, subsection, sentence, clause, or phrase of this chapter or any regulation or rule promulgated pursuant thereto be for any reason held by a court of competent jurisdiction to be held invalid, such decision shall not affect the validity of the remaining portions of this chapter or regulation or rule promulgated pursuant thereto."

SECTION 2. Part II of Chapter 191, Hawaii Revised Statutes, is repealed.

SECTION 3. This Act shall take effect upon its approval.

(Approved May 10, 1975.)

ACT 66

H.B. NO. 115

A Bill for an Act Relating to the Uniform Parentage Act.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The Hawaii Revised Statutes is amended by adding a new chapter to be appropriately designated and to read as follows:

"CHAPTER UNIFORM PARENTAGE ACT

Sec. -1 Parent and child relationship defined. As used in this chapter, "parent and child relationship" includes the legal relationship existing between a child and his natural mother, between a child and father whose relationship as parent and child is established under this chapter, or between a child and his adoptive parents, incident to which the law confers or imposes rights, privileges, duties, and obligations.

Sec. -2 Relationship not dependent on marriage. Any parent and child relationship established under this chapter extends to every such child and to every such parent, regardless of the marital status of the parents.

Sec. -3 How parent and child relationship established. The parent and child relationship between a child and:

- (1) The natural mother may be established by proof of her having given birth to the child, or under this chapter;
- (2) The natural father may be established under this chapter; or
- (3) An adoptive parent may be established by proof of adoption.

Sec. -4 Presumption of paternity. (a) A man is presumed to be the natural father of a child if:

- (1) He and the child's natural mother are or have been married to each other and the child is born during the marriage, or within three hundred days after the marriage is terminated by death, annulment, declaration of invalidity, or divorce, or after a decree of separation is entered by a court;
 - (2) Before the child's birth, he and the child's natural mother have attempted to marry each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared invalid, and:
 - (A) If the attempted marriage could be declared invalid only by a court, the child is born during the attempted marriage, or within three hundred days after its termination by death, annulment, declaration of invalidity, or divorce; or
 - (B) If the attempted marriage is invalid without a court order, the child is born within three hundred days after the termination of cohabitation;
 - (3) After the child's birth, he and the child's natural mother have married, or attempted to marry, each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared invalid, and:
 - (A) He has acknowledged his paternity of the child in writing filed with the department of health;
 - (B) With his consent, he is named as the child's father on the child's birth certificate; or
 - (C) He is obligated to support the child under a written voluntary promise or by court order;
 - (4) While the child is under the age of majority, he receives the child into his home and openly holds out the child as his natural child; or
 - (5) He acknowledges his paternity of the child in a writing filed with the department of health, which shall promptly inform the mother of the filing of the acknowledgment, and she does not dispute the acknowledgment within a reasonable time after being informed thereof, in a writing filed with the department of health. If another man is presumed under this section to be the child's father, acknowledgment may be effected only with the written consent of the presumed father or after the presumption has been rebutted. If the acknowledgment is filed and not disputed by the mother and if another man is not presumed under this section to be the child's father, the department of health shall prepare a new certificate of birth in accordance with section -23.
- (b) A presumption under this section may be rebutted in an appropriate action only by clear and convincing evidence. If two or more presumptions arise which conflict with each other, the presumption which on the facts is founded on the weightier considerations of policy and logic controls. The presumption is rebutted by a court decree establishing paternity of the child by another man.

Sec. -5 (Reserved)

Sec. -6 Determination of father and child relationship; who may bring action; when action may be brought; process, warrant, bond, etc. (a) A child, or personal representative of the child, his natural mother, including a mother who is an unmarried woman or a mother who is a married woman who was separated from and was not living with her husband prior to and at the time the child was conceived, or her personal representative or parent if the mother has died; or a man alleged or alleging himself to be the natural father, or his personal representative if the father has died, may bring an action for the purpose of declaring the existence or nonexistence of the father and child relationship within the following time periods:

- (1) If the child is the subject of an adoption proceeding,
 - (A) Within thirty days after the date of the child's birth in any case when the mother relinquishes the child for adoption during the thirty-day period; or
 - (B) Any time prior to the date of execution by the mother of a valid consent to the child's adoption, or prior to placement of the child with adoptive parents, but in no event later than three years after the child's birth; or
- (2) If the child has not become the subject of an adoption proceeding within three years after the child's birth; provided that any period of time during which the man alleged or alleging himself to be the natural father of the child is absent from the State or is openly cohabitating with the mother of the child or is contributing to the support of the child, shall not be computed.

(b) When an action is brought under this section by a child, or personal representative of the child, or his natural mother, or her personal representative or parent if the mother has died, process shall issue in the form of a summons and an order directed to the alleged or presumed father requiring him to appear and to show cause why the action should not be brought.

If, at any stage of the proceedings, there appears probable cause to believe that the alleged or presumed father will evade the service of process, or will fail to appear in response thereto, or will flee the jurisdiction of the court, the court may issue a warrant directed to the sheriff, his deputy, or any police officer within the circuit, requiring the alleged or presumed father to be arrested and brought for pre-trial proceedings before the family court. Upon such pre-trial proceedings, the court may require the alleged or presumed father to enter into bond with good sureties to the State in a sum to be fixed by the court for his appearance and the trial of the proceeding in the family court. If he fails to give the bond required of him, the court may forthwith commit him to the custody of the chief of police of the county, there to remain until he enters into the required bond or otherwise is discharged by due process of law. If the alleged or presumed father fails to appear in any proceeding under this chapter, any bond for his appearance shall be forfeited; but the trial of, or other proceedings in, the action shall, nevertheless, proceed as though he were present; and upon the findings of the court it shall make such orders as it deems proper as though he were in court.

In case of forfeiture of any appearance bond, the money collected upon

the forfeiture shall be applied in payment of the judgment against the father.

(c) Regardless of its terms, an agreement, other than an agreement approved by the court in accordance with section -13(b), between an alleged or presumed father and the mother or child, shall not bar an action under this section.

(d) If an action under this section is brought before the birth of the child, all proceedings shall be stayed until after the birth, except service of process and the taking of depositions to perpetuate testimony.

Sec. -7 Statute of limitations. Except as otherwise provided in section -6(a) with respect to a child relinquished for adoption, an action to determine the existence of the father and child relationship as to a child who has no presumed father under section -4 shall not be brought later than three years after the birth of the child, or later than three years after the effective date of this chapter, whichever is later. Sections -6 and -7 shall not extend the time within which a right of inheritance or a right to a succession may be asserted beyond the time provided by law relating to distribution and closing of decedents' estates or to the determination of heirship, or otherwise.

Sec. -8 Jurisdiction; venue. (a) Without limiting the jurisdiction of any other court, the family court has jurisdiction of an action brought under this chapter. The action may be joined with an action for divorce, annulment, separate maintenance, or support.

(b) A person who has sexual intercourse in this State thereby submits to the jurisdiction of the courts of this State as to an action brought under this chapter with respect to a child who may have been conceived by that act of intercourse. In addition to any other method provided by statute, including section 634-35, personal jurisdiction may be acquired by service in accordance with section 634-25.

(c) The action may be brought in the county in which the child, the mother, or the alleged father resides or is found, or in which the child was born or, if the father is deceased, in which proceedings for probate of his estate have been or could be commenced.

Sec. -9 Parties; guardian ad litem for minor presumed or alleged father; county attorney or corporation counsel to represent mother; notice to parents. The child may be made a party to the action and may be represented by his general guardian or a guardian ad litem appointed by the court. The child's mother or father shall not represent the child as guardian or otherwise. The natural mother, each man presumed to be the father under section -4, and each man alleged to be the natural father, shall be made parties, or, if not subject to the jurisdiction of the court, shall be given notice of the action in a manner prescribed by the court and an opportunity to be heard. If it appears to the satisfaction of the court that a man alleged or presumed to be the father is a minor, the court shall cause notice of the pendency of the proceedings and copies of the pleadings on file to be served upon the legal parents or guardian of the minor and may appoint a guardian ad litem to represent the minor in the proceedings. If the legal parents or guardian of any such minor cannot be found, the notice may be served in such manner as the court may direct pursuant to sections 634-21 to 634-24. The court may align the parties. The

county attorney or corporation counsel shall represent the child's mother or her personal representative or parent if the mother has died.

Sec. -10 Pre-trial proceedings. As soon as practicable after an action to declare the existence or nonexistence of the father and child relationship has been brought, an informal hearing shall be held. The public shall be barred from the hearing. A record of the proceeding or any portion thereof shall be kept if any party requests, or the court orders. Rules of evidence need not be observed.

Sec. -11 Blood tests. (a) The court may, and upon request of a party shall, require the child, mother, or alleged father to submit to blood tests. The tests shall be performed by an expert qualified as an examiner of blood types, appointed by the court.

(b) The court, upon reasonable request by a party, shall order that independent tests be performed by other experts qualified as examiners of blood types.

(c) In all cases, the court shall determine the number and qualifications of the experts.

Sec. -12 Evidence relating to paternity. Evidence relating to paternity may include:

- (1) Evidence of sexual intercourse between the mother and alleged father at any possible time of conception;
- (2) An expert's opinion concerning the statistical probability of the alleged father's paternity based upon the duration of the mother's pregnancy;
- (3) Blood test results, weighted in accordance with evidence, if available, of the statistical probability of the alleged father's paternity;
- (4) Medical or anthropological evidence relating to the alleged father's paternity of the child based on tests performed by experts. If a man has been identified as a possible father of the child, the court may, and upon request of a party shall, require the child, the mother, and the man to submit to appropriate tests; and
- (5) All other evidence relevant to the issue of paternity of the child.

Sec. -13 Pre-trial recommendations. (a) On the basis of the information produced at the pre-trial hearing, the judge conducting the hearing shall evaluate the probability of determining the existence or nonexistence of the father and child relationship in a trial and whether a judicial declaration of the relationship would be in the best interest of the child. On the basis of the evaluation, an appropriate recommendation for settlement shall be made to the parties, which may include any of the following:

- (1) That the action be dismissed with or without prejudice;
- (2) That the matter be compromised by an agreement among the alleged father, the mother, and the child, in which the father and child relationship is not determined but in which a defined economic obligation is undertaken by the alleged father in favor of the child and, if appropriate, in favor of the mother, subject to approval by the judge conducting the hearing. In reviewing the obligation undertaken by the alleged father in a compromise agreement, the judge conducting

the hearing shall consider the best interest of the child, in the light of the factors enumerated in section -15(e), discounted by the improbability, as it appears to him, of establishing the alleged father's paternity or nonpaternity of the child in a trial of the action. In the best interest of the child, the court may order that the alleged father's identity be kept confidential. In that case, the court may designate a person or agency to receive from the alleged father and disburse on behalf of the child all amounts paid by the alleged father in fulfillment of obligations imposed on him; or

(3) That the alleged father voluntarily acknowledge his paternity of the child.

(b) If the parties accept a recommendation made in accordance with subsection (a), judgment shall be entered accordingly.

(c) If a party refuses to accept a recommendation made under subsection (a) and blood tests have not been taken, the court shall require the parties to submit to blood tests, if practicable. Thereafter the judge shall make an appropriate final recommendation. If a party refuses to accept the final recommendation, the action shall be set for trial.

(d) The guardian ad litem may accept or refuse to accept a recommendation under this section.

(e) The informal hearing may be terminated and the action set for trial if the judge conducting the hearing finds it unlikely that all parties would accept a recommendation he might make under subsection (a) or (c).

Sec. -14 Civil action; jury. (a) An action under this chapter shall be a civil action governed by the Hawaii Rules of Civil Procedure or the Hawaii Family Court Rules. The mother of the child and the alleged father shall be competent to testify and may be compelled to testify, provided that no criminal prosecution, other than a prosecution for perjury, shall afterwards be had against the mother or the alleged father for or on account of any transaction, matter, or thing concerning which she or he may testify or produce evidence, documentary or otherwise. Sections -11 and -12 shall apply in any action brought under this chapter.

(b) Testimony relating to sexual access to the mother by an unidentified man at any time or by an identified man at a time other than the probable time of conception of the child shall be inadmissible in evidence, unless offered by the mother.

(c) In an action against an alleged father, evidence offered by him with respect to a man who is not subject to the jurisdiction of the court concerning his sexual intercourse with the mother at or about the probable time of conception of the child shall be admissible in evidence only if he has undergone and made available to the court blood tests the results of which do not exclude the possibility of his paternity of the child.

Sec. -22 Promise to render support. (a) Any promise in writing to furnish support for a child, growing out of a supposed or alleged father and child relationship, shall not require consideration and shall be enforceable according to its terms.

(a) Upon order of a court of this State or upon request of a court of another state, or following acknowledgment as provided in section -4(a) (5), the department of health shall prepare a new certificate of birth consistent with the findings of the court or in cases of acknowledg-

- (1) A presumed father under section -4(a);

- (3) A father as to whom the child is a legitimate child under prior law of this State or under the law of another jurisdiction;

- (3) Whether the mother has received support payments or promises of support with respect to the child or in connection with her pregnancy or in connection with the birth of the child.

(d) If, after the inquiry, the court is satisfied that the natural father has exercised parental duties, obligations, and concern for the child, he shall be given notice of the proceeding in accordance with subsection (f). If he fails to

appear or, if appearing, fails to claim custodial rights, his parental rights with reference to the child shall be terminated. If the natural father or a man representing himself to be the natural father, claims custodial rights, the court shall proceed to determine custodial rights.

(e) If, after the inquiry, the court is satisfied that the natural father has failed to exercise parental duties, obligations, and concern for the child the court shall enter an order terminating the natural father's parental rights with reference to the child. Subject to the disposition of an appeal, upon the expiration of thirty days after an order terminating parental rights is issued under this subsection, the order shall not be questioned by any person, in any manner, or upon any ground, including fraud, misrepresentation, failure to give any required notice, or lack of jurisdiction of the parties or of the subject matter.

(f) Notice of the proceeding shall be given to any person who is entitled under the provisions of this chapter to receive notice in the manner appropriate under chapter 578. Proof of giving the notice shall be filed with the court before the petition is heard.

ACT 82

S.B. NO. 1732

A Bill for an Act Relating to the Establishment of an Educational Non-Profit Public Corporation to Administer and Operate the Center for Cultural and Technical Interchange Between East and West.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Short title. This Act shall be known and may be cited as the "East-West Center Corporation Act."

SECTION 2. Statement of findings and declaration of purpose. The legislature hereby finds and declares that: (a) the United States Congress, in order to promote better relations and understanding between the United States and the nations of Asia and the Pacific (hereinafter referred to as "the East") through cooperative study, training, and research has enacted legislation authorizing the establishment in the State of Hawaii of a center for cultural and technical interchange between East and West (hereinafter referred to as the "East-West center") where scholars and students in various fields from the nations of the East and West may study, give and receive training, exchange views and ideas, and maintain a balance of cultural and technical programs, and conduct other activities in support of the objectives of the acts

of the Congress promoting the international educational, cultural, and related activities of the United States; (b) the Congress has designated the State of Hawaii as the location of the East-West center because of its geographical position and its unique multi-cultural society, which make Hawaii an important link between the United States and the East; (c) the secretary of state, at the direction of the Congress, has provided for the establishment of the East-West Center in Hawaii as an educational institution and has provided for grants, fellowships, scholarships and other payments to outstanding scholars and authorities and qualified students from the nations of the East and West and has further provided for making the facilities thereof available for study or training to other qualified persons; (d) the Congress has appropriated funds thus far in the amount of approximately \$95 million to enable the secretary of state to provide for the establishment and continued operation of the East-West center and otherwise to carry out the provisions of the authorizing legislation by making such funds available by grant to the University of Hawaii, which the governor of the State had heretofore designated as the appropriate agency of the State to make arrangements with the secretary of state to administer the East-West center; (e) the State, and particularly the university, have closely cooperated with and assisted the secretary of state in this endeavor by making available land, facilities and services and desire to give continuing assistance to the East-West center; (f) as the result of the combined efforts of these parties, the East-West center has attained a high degree of international recognition and stature as a national educational institution dedicated to the promotion of better relations and mutual understanding between the East and West; (g) the existence of the East-West center in Hawaii has greatly benefitted the United States as well as the State, particularly in their relations with the nations of the East; (h) the East-West center has now attained that degree of institutional and programmatic maturity such that its further development and its effective fulfillment of its objectives can best be achieved through the establishment of an educational non-profit public corporation to make arrangements with the secretary of state to administer and operate the East-West center; (i) the establishment of such corporation would continue and enhance the special and unique relationship between the State and the rest of the United States which is embodied in the East-West center; (j) the governor has indicated that he will designate such corporation to make arrangements with the secretary of state to administer the East-West center; (k) it is also desirable and appropriate that such corporation enhance the role of the East-West center among the nations of the East and the West by making available and promoting the use of the facilities of the East-West center by qualified persons for study, training, and research in matters of East-West significance; (l) for these purposes, there should be created an educational non-profit public corporation known as the "Center For Cultural And Technical Interchange Between East And West, Inc." which would make arrangements with the secretary of state to administer and operate the East-West center as an educational institution and would make available the facilities of the East-West center for study, training, and research in matters of East-West significance to promote better relations and mutual

understanding between East and West; and (m) it is declared as a matter of legislative determination that such an educational non-profit public corporation organized for such purposes, with the powers and authorities necessary to accomplish them, and continuing and enhancing the special and unique relationship between the State and the rest of the United States cannot be created under any general law, and that such a corporation being necessary and proper to obtain the ends heretofore recited, it should be created by a special act of the legislature.

SECTION 14. Transition provisions.

(a) The disposition of the rights and powers acquired, and the duties, obligations, and liabilities incurred, by the university in its administration of the East-West Center as well as the disposition of the assets, equipment, appropriated funds, property, and records involved in the administration of the East-West Center shall be covered by agreements concluded by the university, the board of governors of the corporation, and the secretary of state, to enter into full force and effect upon the effective date of this Act;

(b) No later than six months from the effective date of this Act, all persons who were working for the East-West Center as of December 31, 1974 and who (i) fall within the definition of "employee" contained in chapter 89 or are top-managerial and administrative personnel or are individuals concerned with confidential matters affecting employer-employee relations, and (ii) are covered under the employment security provisions of any applicable collective bargaining agreements then in effect, shall elect to become or not to become employees of the corporation. Each such person who elects not to become an employee of the corporation shall continue in his employment arrangements existing prior to such date, with appropriate reimbursement for future services by the corporation to the university, and shall thereupon be subject to the following provisions, as applicable:

- (1) An employee who is a board of regents appointee shall be entitled to receive not more than two reasonable offers from the university for employment with the university in positions appropriate to his specialty, rank, and compensation. If such employee declines both offers, the university shall be under no further obligation with respect to the employment of such employee, subject to any applicable collective bargaining agreements then in existence, as may be amended from time to time.
- (2) An employee who is a State civil service employee shall be placed on the select priority list of the department of personnel services in accordance with section 2.303a(1) of the rules and regulations of such department, and shall be entitled to receive not more than two reasonable offers for positions within the State civil service for which he applies and is qualified. If such employee declines both offers, the department of personnel services shall be under no further obligation with respect to the employment of such employee, subject to any collective bargaining agreements then in existence, as may be modified from time to time.

It is the intent of the legislature that the transfer of those so electing to positions within the university or other State departments be accomplished with maximum consideration of their interests as employees.

(c) (1) In determining the service credits of its employees, the corporation shall credit service with the university or the State performed by board of regents appointees or State civil service employees who elect to become employees of the corporation within the six-month election period provided for in subsection (b) above on the same basis as it would credit such service had the same been performed in the employ of the corporation, provided that

the corporation shall not credit such service for those employees of the corporation electing either of the options under subsection (e)(1) or (2) of this Act for the purpose of determining membership service in the retirement system established by the corporation.

(2) In determining the service credits of board of regents appointees, the university, in accordance with applicable university policies and collective bargaining agreements then in effect, shall credit service with the East-West center performed by such employees who elect to remain employees of the university no later than six months from the effective date of this Act as provided for in subsection (b) above on the same basis as it would credit such service had the same been performed in the employ of the university.

(d) (1) In determining the vacation and sick leave of its employees, the corporation shall credit the vacation and sick leave accumulated and earned by board of regents appointees or State civil service employees who elect to become employees of the corporation within the six-month election period provided for in subsection (b) above as of the date of such election on the same basis that such accumulated and earned vacation and sick leave would have been credited for such employees prior to the effective date of the Act. The university shall transfer to the corporation any funds accumulated for vacation credits on behalf of those board of regents appointees and State civil service employees who elect to become employees of the corporation.

(2) In determining the vacation and sick leave of board of regents appointees, the university shall credit the vacation and sick leave accumulated and earned by such employees who elect to remain employees of the university no later than six months from the effective date of this Act as provided for in subsection (b) above on the same basis as it would credit such vacation and sick leave had the same been accumulated and earned in the employ of the university. The corporation shall, at the time such employee accepts other employment as provided in subsections (b)(1) or (2) above, transfer to the university funds adequate to meet his vacation credits earned while working at the East-West center.

(e) No later than six months from the effective date of this Act, all persons who were working for the East-West center as of December 31, 1974 who (i) fall within the definition of "employee" contained in chapter 88 and (ii) elect to become employees of the corporation, shall elect one of the following options:

- (1) To continue to be a member in the State retirement system established by chapter 88, and the corporation shall deposit currently in such system an amount equal to the combined total amount of the employee deductions and employer contributions required by chapter 88; for the purpose of this subparagraph (1) only, the employee of the corporation shall be considered as an "employee" under chapter 88; or
- (2) To cease to be a member in the State retirement system but to receive an annuity and other benefits as provided in chapter 88, and to become a member of the retirement system established by the corporation; or

- (3) To cease to be a member in the State retirement system and to withdraw his contributions in accordance with chapter 88 and to become thereafter a member of the retirement system established by the corporation.

(f) Collective bargaining agreements in effect on the effective date of this Act covering employees of the East-West center shall continue in full force and effect and shall be recognized by the corporation until the termination date of such agreements, or until mutually modified by the parties. On the effective date of this Act, the corporation shall succeed to all of the rights, powers, duties, and obligations of the university thereunder as the same pertain to and affect the East-West center, and the corporation and the recognized employee representative thereunder shall, as mutually agreed upon, modify such agreements to reflect such succession.

(g) The legislature expresses its desire that the assistant secretary of state, or his designee, shall take such action as may be necessary and desirable, with the president of the university, to arrange for and ensure the orderly continuation of programs and activities in effect on the effective date of this Act in which both the university and the East-West center are involved.

SECTION 15. No residential dormitory space within the University of Hawaii Manoa campus, except those certain residential dormitory buildings identified as Hale Manoa and Lincoln Hall, may be converted for other than residential dormitory use.

SECTION 16. Except for the original area of land made available by the university for East-West center purposes, pursuant to the grant-in-aid agreements previously entered into by the university and the department of State, as continued and amended, any disposition of land or granting of any right or interest in land by the university to the corporation or the federal government for the purposes of the corporation shall be subject to the approval by a majority vote of each house of the legislature in joint session.

SECTION 17. Any development and construction of improvements for new East-West center buildings on the University of Hawaii Manoa campus shall be subject to the prior approval of the university.

SECTION 18. Severability. If any provision of this Act, or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

SECTION 19. Sections affected.

(a) Section 88-21, Hawaii Revised Statutes, is amended by amending the definition of "employee" to read as follows:

"Employee": any employee or officer of the State or any county, including inspectors, principals, teachers and special teachers, regularly employed in the public schools, cafeteria managers and cafeteria workers, apprentices and on-the-job trainees whether or not supported in whole or in

- (1) Per diem employees who elect to withdraw or not to become members as provided in section 88-42;
- (2) Members of the legislature who do not elect to be members as provided in section 88-42;
- (3) Persons excluded by rules of the board pursuant to section 88-43.

An individual is an employee during the period of a leave of absence if he is in service, as defined in this part, during the period of the leave of absence and the board shall determine who are employees within the meaning of this part."

(b) Chapter 88, Hawaii Revised Statutes, is amended by adding a new section to read:

(c) New material is underscored. In printing this Act, the revisor of statutes need not include the underscoring.*

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 521-43, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 521-43 Rental agreement, disclosure. (a) On each written rental agreement, the landlord shall disclose:

- (1) The name and usual address of each person authorized to manage the premises; and
- (2) The name and usual address of each person who is an owner of the premises or who is authorized to act for and on behalf of the owner for the purposes of service of process and of receiving and receipting rents, notices, and demands.

(b) In case of an oral rental agreement the landlord shall, on demand, furnish the tenant with a written statement containing the information specified in subsection (a).

(c) Any owner or landlord not dealing directly with the tenant shall be responsible for compliance with this section by an owner or landlord dealing directly with the tenant and shall be estopped from any objection to a failure to serve process upon an owner or landlord in any proceeding arising under this chapter when such failure is due to failure to comply with this section. The owner or landlord who deals directly with the tenant and fails to comply with this section shall be deemed an agent of every other landlord under the rental agreement for performing the obligations of the landlord under this chapter and under the rental agreement.

(d) In the case of a written rental agreement, the landlord shall furnish a copy of the lease or rental agreement to the tenant.

(e) The landlord shall furnish to the tenant a written receipt for rents paid at the time of said payment. Cancelled checks shall also constitute and fulfill the requirement of a written receipt. (f) Any owner or landlord who resides without the State or on another island from where the rental unit is located must designate on the written rental agreement an agent residing on the same island where the unit is located to act in his behalf. In the case of an oral rental agreement, such information shall be supplied to the tenant, on demand, in a written statement."

SECTION 2. Section 521-64, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 521-64 Tenant's remedy of repair and deduction for minor defects.

(a) If the landlord fails to repair, maintain, keep in sanitary condition, or perform in any other manner required by sections 321-9 to 321-11 and 322-1 to 322-7, or by regulations thereunder, or as agreed to in a rental agreement, or if the landlord is in material noncompliance with section 521-42(a), and does

not remedy the failure or noncompliance within twelve business days after being notified in writing by the tenant to do so, or if the cost to the landlord of remedying the failure or noncompliance would exceed \$200, within five business days after being notified in writing by the department of health that there is a health violation, the tenant may further notify the landlord in writing of his intention to correct the objectionable condition at the landlord's expense and:

- (1) Immediately do or have done the necessary work in a workmanlike manner; or
- (2) The tenant may submit to the landlord, at least five business days before having the work done, a written signed estimate from each of two qualified workmen and proceed to have done the necessary work by the workman who provides the lower estimate; provided the landlord may require in writing a reasonable substitute workman or substitute materials; and provided further that if the lower estimate exceeds \$200, the tenant shall not proceed to have done the necessary work until he obtains from the department of health a written statement that the objectionable condition in fact constitutes a violation of health law or regulation, a copy of which statement shall be mailed by certified or registered mail by the department of health to the landlord.

(b) A tenant may deduct from his rent not more than \$200 for his actual expenditures for work done to correct an objectionable condition pursuant to subsection (a)(1) and may deduct not more than one month's rent for his actual expenditures for work done to correct an objectionable condition pursuant to subsection (a)(2), if he submits to the landlord copies of receipts amounting to at least the sum deducted.

(c) At the time the tenant initially notifies the landlord under subsection (a), the tenant shall list every condition that he knows or should know of noncompliance under subsection (a), in addition to the objectionable condition that the tenant then intends to correct or have corrected at the landlord's expense. Failure by a tenant to list such a condition that he knew of or should have known of shall estop the tenant from requiring the landlord to correct it and from having it corrected at the landlord's expense under this section for a period of six months after the initial notification to the landlord. Total correction and repair work costs under this section chargeable to the landlord's expense during each six-month period shall not exceed an amount equal to three months' rent.

(d) In no event may a tenant repair a dwelling unit at the landlord's expense when the condition complained of was caused by the want of due care by the tenant, a member of his family, or other person on the premises with his consent.

(e) Before correcting a condition affecting facilities shared by more than one dwelling unit, the tenant shall notify all other tenants sharing such facilities of his plans, and shall so arrange the work as to create the least practicable inconvenience to the other tenants."

(a) When the tenancy is month to month, the landlord or the tenant may terminate the rental agreement upon his notifying the other at least twenty-eight days in advance of the anticipated termination or in cases of voluntary demolition of the dwelling units, ninety days in advance of the anticipated demolition. If notice is revoked or amended and re-issued, the ninety day period shall begin from the date it was re-issued or amended.

(b) When the tenancy is less than month to month, the landlord or the tenant may terminate the rental agreement upon his notifying the other at least ten days before the anticipated termination.

(c) Whenever the term of the rental agreement expires, whether by passage of time, by mutual agreement, by the giving of notice as provided in subsection (a) or (b), or by the exercise by the landlord of a right to terminate given under this chapter, if the tenant continues in possession after the date of termination without the landlord's consent, the tenant shall be liable for and shall pay to the landlord a sum not to exceed twice the monthly rent under the previous rental agreement, computed and prorated on a daily basis, for each day he remains in possession for any period up to one month. If the tenant remains in possession for a period longer than one month, he shall be liable for and shall pay to the landlord a sum equal to the monthly rent under the previous rental agreement for each additional month or fraction thereof. The landlord may bring a summary proceeding for recovery of the possession of the dwelling unit at any time during the first sixty days of holdover, except that the landlord's acceptance of rent in advance after the first month of holdover shall create a month-to-month tenancy in the absence of an agreement between the parties to the contrary at the time of such acceptance."

SECTION 4. Section 521-73, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 521-73 Landlord's and tenant's remedies for abuse of access. (a) The tenant shall be liable to the landlord for any damage proximately caused by the tenant's unreasonable refusal to allow access as provided in section 521-53(a).

(c) In the event of repeated demands by the landlord for unreasonable entry, or any entry by the landlord or by another with the landlord's permission

- (3) Any circuit court judge hearing a dispute as set out in subsection (2) may also assess a fine not to exceed \$100.
- (d) Every agreement or understanding between a landlord and a tenant which purports to exempt the landlord from any liability imposed by this section, except consent by a tenant to a particular entry, shall be void."

ACT 105

S.B. NO. 106

A Bill for an Act Relating to Environmental Quality.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. **Purpose.** The purpose of this Act is to provide for better environmental control in order to improve the quality of life in the State. The state and county governments have a duty to enhance, whenever and wherever possible, the natural environment of our State.

The legislature finds that rapid physical and economic development has led to the destruction of many of the State's exceptional trees, as well as to the near-extinction of several such trees. Further, the legislature finds that, beyond their esthetic worth and cultural significance, trees perform an important role in maintaining ecological balance, in increasing soil conservation and natural oxygen production, as wind breaks for necessary plant species, and in retarding flooding, erosion, siltation, lateral distribution of air pollutants, and noise.

Short-sighted land development, which strips the land of its essential vegetation and trees, upsets a vital ecological balance, endangers new occupants of the land, and decreases natural beauty. Thus, encouragement of enlightened land development practices, increase of public education in the value of exceptional trees, and appropriate land development controls to prevent removal and destruction of exceptional trees are urgently needed. The purpose of this Act is to require the counties, who possess primary control over land development, to enact protective regulations to safeguard exceptional trees.

SECTION 2. The Hawaii Revised Statutes is amended by adding a new chapter to be appropriately designated and to read:

**"CHAPTER
EXCEPTIONAL TREES**

Sec. -1 Purpose. It is the policy of the State to safeguard exceptional trees from destruction due to improper land development, and the legislature finds that enactment of protective regulations by the counties to accomplish this is a valid and important public purpose.

Sec. -2 County arborist advisory committees; establishment. Each county of the State shall establish a county arborist advisory committee, which shall be appointed by the mayor and shall include the county planning director, or his designee; one member who shall be actively employed in the prac-

*Edited accordingly.

tice of landscape architecture, and not less than three other members selected on the basis of active participation in programs of community beautification, or research or organization in the ecological sciences, including ethnobotany, or Hawaiiana.

Sec. -3 County arborist advisory committees; powers and duties. For the purposes of this chapter, the county committees shall have the following powers and duties in addition to those delegated by the respective county councils.

- (1) To research, prepare, and recommend to the county council exceptional trees to be protected by county ordinance or regulation.
- (2) To advise property owners relative to the preservation and enhancement of exceptional trees.
- (3) To recommend to the county council appropriate protective ordinances, regulations, and procedures.
- (4) To review all actions deemed by the county council to endanger exceptional trees.

For the purposes of this section, "exceptional trees" means a tree or stand or grove of trees with historic or cultural value, or which by reason of its age, rarity, location, size, esthetic quality, or endemic status has been designated by the county committee as worthy of preservation. Exceptional trees may be designated generally by biotaxy or individually by location or class.

Sec. -4 County protective regulations. Each county shall enact appropriate protective regulations which designate exceptional trees; provide for special county review prior to destruction of exceptional trees, whether by removal or the existence of conditions which lead to the destruction of such trees; provide for site plan review and amendment to protect exceptional trees; and provide for injunctive relief against the removal or destruction of exceptional trees.

Sec. -5 State assistance. The department of land and natural resources, the University of Hawaii, and the Hawaii foundation for history and the humanities shall cooperate with and to the fullest extent possible assist the counties and their respective committees in carrying out this chapter."

SECTION 3. This Act shall take effect upon its approval.

SECTION 3. Section 294-4, Hawaii Revised Statutes, is amended to read:

“Sec. 294-4 Obligation to pay no-fault benefits. Every no-fault and self-insurer shall provide no-fault benefits for accidental harm as follows:

 - (A) In the case of injury arising out of a motor vehicle accident to any person, including the owner, operator, occupant, or user of the insured motor vehicle, or any pedestrian (including a bicyclist) who sustains accidental harm as a result of the operation, maintenance, or use of said vehicle, the insurer shall pay, without regard to fault, to such person an amount equal to the no-fault benefits payable to such person as a result of such injury; or
 - (B) In the case of death arising out of a motor vehicle accident of any person, including the owner, operator, occupant, or user of the insured motor vehicle, or any pedestrian (including a bicyclist) who sustains accidental harm as a result of the operation, maintenance, or use of said vehicle, the insurer shall pay, without regard to fault, to the legal representative of such person, for the benefit of the surviving spouse and any dependent, as defined in section 152 of the Internal Revenue Code of 1954, of such person, an amount equal to the no-fault benefits payable to such spouse and dependent as a result of the death of such person, subject, however, to the provisions of section 294-2(10).
- (2) Payments for no-fault benefits shall be made as such benefits accrue except that in the case of death, payment for such benefits may, at the option of the beneficiary, be made immediately in a lump sum payment. "Sec. 294-6 Abolition of tort liability. (a) Tort liability of the owner, operator or user of an insured motor vehicle, or the operator or user of an uninsured motor vehicle who operates or uses such vehicle without reason to believe it to be an uninsured motor vehicle, with respect to accidental harm arising from motor vehicle accidents occurring in this State, is abolished, except as to the following persons or their administrators, executors, or legal guardians, and in the following circumstances:

- (1) Death occurs to such person in such a motor vehicle accident; or injury occurs to such person which consists, in whole or in part, in a significant permanent loss of the use of a part or function of the body; or injury occurs to such person which consists of a permanent and serious disfigurement which results in subjection of the injured person to mental or emotional suffering;
- (2) Injury occurs to such person in a motor vehicle accident in which the amount paid or accrued exceeds the medical-rehabilitative limit established in section 294-10(b) for expenses provided in section 294-2(10)(A) and (B);
- (3) Injury occurs to such person in such an accident and as a result of such injury the aggregate limit of no-fault benefits outlined in section 294-2(10) payable to such person are exhausted.

(b) No provision of this chapter shall be construed to exonerate, or in any manner to limit, the liability of any person in the business of manufacturing, retailing, repairing, servicing, or otherwise maintaining motor vehicles, arising from a defect in a motor vehicle caused, or not corrected, by an act or omission in the manufacturing, retailing, repairing, servicing, or other maintenance of a vehicle in the course of his business.

"Sec. 294-8 Conditions of operations and registration.

- (a) (1) No person may register any motor vehicle in this State or operate or use a motor vehicle upon any public street, road, or highway of this State at any time unless such motor vehicle is insured under a no-fault policy, containing the requirements of this chapter and pursuant to such regulations, including those determining the manner

and term of proof of such insurance as the commissioner shall prescribe.

(2) The requirements of this subsection may be satisfied by any owner of a motor vehicle if:

(A) Such owner provides a surety bond, proof of qualifications as a self-insurer, or other securities affording security substantially equivalent to that afforded under a no-fault policy, as determined and approved by the commissioner under regulations, and

(B) The commissioner is satisfied that in case of injury or death or property damage, any claimant would have the same rights against such owner as the claimant would have had if a no-fault policy had been applicable to such vehicle.

(b) Any person who violates the provisions of subsection (a) shall be subject to the provisions of subsection 294-39(a).

(c) The provisions of this chapter shall not apply to any vehicle owned by or registered in the name of any agency of the federal government."

SECTION 6. Section 294-9, Hawaii Revised Statutes, is amended by amending subsections (b) and (c) to read:

"(b) Except as provided in subsection (d), an application for a no-fault policy, including required optional additional insurance meeting provisions of section 294-11, covering a motor vehicle may not be rejected by an insurer authorized to issue such a policy unless:

(1) The principal operator of such vehicle does not have a license which permits him to operate such vehicle, or

(2) The application is not accompanied by a reasonable portion of the premium, as determined under regulations of the commissioner.

(c) A no-fault policy, including required optional additional insurance meeting provisions of section 294-11, once issued may not be canceled or refused renewal by an insurer except for:

(1) Suspension or revocation of the license of the principal operator to operate the type of motor vehicle insured, or

(2) Failure to pay the premium for such policy after reasonable demand therefor.

In any case of cancellation or refusal to renew, the insurer shall continue all no-fault and optional additional coverages in force, to the date of expiration, or for thirty days following notice, whichever date first occurs. Within fifteen days of a cancellation, the insurer shall refund the pro rata unearned portion, if any, of any prepaid premiums. In any case of cancellation or refusal to renew written notice by registered or certified mail deliverable to addressee only, shall be given to the insured not less than thirty days prior to the effective date of such cancellation or refusal to renew. Within five calendar days after actual cancellation or processing a cancellation of no-fault insurance, whether at the option of the insurer or the insured, the insurer shall give written notice to the director of finance and the chief of police of the appropriate county of registration."

SECTION 7. Section 294-10, Hawaii Revised Statutes, is amended to read:

"Sec. 294-10 Required policy coverage. (a) In order to be a no-fault policy, an insurance policy covering a motor vehicle shall provide, in addition to the coverage specified in section 294-4, insurance to pay on behalf of the owner or any operator of the insured motor vehicle sums which the owner or operator may legally be obligated to pay for injury, death, or damage to property of others, except property owned by, being transported by, or in the charge of the insured, which arise out of the ownership, operation, maintenance, or use of the motor vehicle:

- (1) Liability coverage of not less than \$25,000 for all damages arising out of accidental harm sustained by any one person as a result of any one accident applicable to each person sustaining accidental harm arising out of ownership, maintenance, use, loading, or unloading, of the insured vehicle;
- (2) Liability coverage of not less than \$10,000 for all damages arising out of injury to or destruction of property including motor vehicles and including the loss of use thereof, but not including property owned by, being transported by, or in the charge of the insured, as a result of any one accident arising out of ownership, maintenance, use, loading, or unloading, of the insured vehicle.

(b) The commissioner shall accumulate experience data for all motor vehicle accidents in the State on a yearly basis commencing September 1, 1974, resulting in accidental harm, and shall tabulate the amounts of benefits paid; claims filed; and tort claims filed, settled or litigated; hereinafter collectively termed "claims," for expenses specified in section 294-2(10)(A) and (B) for each of these accidents. He shall arrange the claims made by dollar value from maximum to zero and then determine, annually, that specific figure in dollar value, below which are ninety per cent of all motor vehicle accident medical-rehabilitative claims made or paid during the year. This specific figure shall be utilized annually as the medical-rehabilitative limit during the third and succeeding years for all accidents occurring during those years for the purpose of section 294-6(a)(2). During the first two years of the no-fault program, September 1, 1974 through August 31, 1976, the medical-rehabilitative limit shall be \$1,500.

(c) For the purposes of this section the no-fault policy term year shall commence annually on September 1 and terminate the following August 31. For each term year the commissioner shall make the tabulation of data necessary for the computation of the medical-rehabilitation limit during the period July 1 to June 30 preceding the September 1 start of the no-fault policy term year."

SECTION 8. Section 294-13, Hawaii Revised Statutes, is amended by amending subsections (b) and (j) to read:

"(b) All premium rates for motor vehicle insurance shall be made in accordance with the following provisions:

- (1) Due consideration shall be given to past and prospective loss experi-

ence within this State, to catastrophe hazards, if any, to a reasonable margin for profit and contingencies, to dividends, savings, or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members, or subscribers, to past and prospective loss experience within the State; reasonable margin for profit from and contingencies in the administration of motor vehicle insurance sold within the State; past and prospective expenses in the sale and administration of motor vehicle insurance within the State; and, optionally, to past or prospective loss, sales and administrative costs experience in the nation or regionally, whenever such consideration will serve to reduce rates.

- (2) Due consideration shall be given to the investment income from reserves and unearned insurance premiums and other unearned proceeds received on account of motor vehicle insurance sold in this State, and all other factors that may be deemed relevant, such as but not limited to types of vehicles, occupations, and involvement in past accidents, provided they are established to have a probable effect upon losses or expense, or rates.
- (3) The systems of expense provisions included in the rates for use by any insurer or group of insurers may differ from those of other insurers or groups of insurers to reflect the requirements of the operating methods of any such insurer or group with respect to any class of insurance, or with respect to any subdivision or combination thereof for which subdivision or combination separate expense provisions are applicable.
- (4) Risks may be grouped by classifications for the establishing of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans which establish standards for measuring variations in hazards or expense provisions, or both. Such standards may measure any differences among risks that can be demonstrated to have a probable effect upon losses or expenses.
- (5) Rates shall not be excessive, inadequate, or unfairly discriminatory.
- (6) Rate making and regulation of rates for all insurance subject to this chapter shall be governed by chapter 431; subject, however, to the following:
 - (A) To assure the proper implementation and evaluation of the chapter the commissioner shall fully comply with the provisions of section 431-703;
 - (B) Except as provided in subsection (j) the commissioner shall establish rates and shall consider with other relevant factors loss experience in this State and the investment income of the insurers, and insofar as section 431-694 and section 431-695 are in conflict with this provision, sections 431-694 and 431-695 shall not be applicable herein;
 - (C) To afford all interested persons an opportunity to be heard the commissioner shall, after notice is published pursuant to chapter

- 91, hold a public hearing whenever rates are to be increased;
- (D) The initial rates shall be reviewed prior to September 1, 1975, and thereafter shall be reviewed at least every two years. The commissioner shall issue a public statement or an order approving the rates for the benefit of the public;
 - (E) The commissioner shall order insurers to rebate to policyholders any excessive profit realized by insurers from their operations.

(j) For the period of three years from September 1, 1975, and terminating on August 31, 1978, the commissioner shall be prohibited from setting, maintaining, or in any way fixing the rates charged by motor vehicle insurers for motor vehicle insurance issued in conformity with this chapter as either no-fault insurance or as optional additional insurance except as provided under section 294-23. This three-year period shall be a period of open rating. Each firm licensed to underwrite no-fault insurance in the State shall establish its own rate schedule. The commissioner shall, however, monitor and survey the several companies' rate making methods and systems. The commissioner shall require of each insurer and of each self-insurer any and all information, data, internal memoranda, studies, and audits, he deems desirable for the purpose of evaluation, comparison, and study of the methods and schedules.

Notwithstanding this prohibition, the commissioner shall, in his discretion, intervene at any time during this three-year period, to adjust rates, for the no-fault mandatory, or optional-additional coverages, being assessed by any or all insurers, upon a finding that all or any rates are excessively high or unconscionably below the actual costs of provision of the coverage being assured.

On June 1, 1977, the applicable transition provisions of this chapter shall be effective as to rate making and the commissioner shall perform all acts required by this chapter for the setting and regulation of uniform rates conforming to this chapter to be effective on and after September 1, 1977.

In the establishment of their individual rate schedules, each insurer shall conform fully to paragraphs (b) (1), (2), and (4), during the open rating period."

SECTION 9. Section 294-22, Hawaii Revised Statutes, is amended by amending subsection (b) to read:

"(b) The plan shall provide all no-fault benefits and services and tort liability coverage, to the limits and coverages specified in part I for all classes of persons, motor vehicles, and motor vehicle uses specified in this section upon the payment of premiums as provided in section 294-4, as follows:

- (1) The plan shall provide no-fault benefits and policies for each of the following classes, and each class shall be able to secure a no-fault and tort liability policy through the plan:

- (A) All motor vehicles owned by licensed assigned risk drivers as the commissioner shall, by regulation, define. The commissioner shall regulate the class in accordance with the general practice of the industry, the applicable results, if any, of his examination

of the motor vehicle insurers' business records and experience, and any applicable and scientifically credible governmental or academic studies of the multi-accident or high-risk automobile driver.

- (B) All motor vehicles owned by licensed drivers convicted within the thirty-six months immediately preceding the date of application, in any jurisdiction of any one or more of the offenses of, or of the offenses cognate to:
 - (i) Heedless and careless driving,
 - (ii) Driving while license suspended or revoked,
 - (iii) Leaving the scene of an accident,

- (2) The plan shall provide no-fault benefits and policies for all classes of persons, motor vehicles and motor vehicle uses, at the premiums specified under section 294-24, at the options of the owners, for the following classes, which the commissioner shall, by regulation, further define and regulate:
- (A) All licensed drivers receiving public assistance benefits consisting of medical services or direct cash payments through the department of social services and housing, or benefits from the Supplemental Security Income Program under the Social Security Administration; provided, however, said licensed drivers are the registered owners of motor vehicles to be insured under this chapter.
 - (B) Any licensed physically handicapped driver, including drivers with any auditory limitation.
- Each category of driver-owner (A) or (B) may secure no-fault coverage through the plan at the individual's option, provided any previous no-fault policy has expired or has been cancelled. Any person becoming eligible for plan coverage under subparagraph (A) shall first exhaust all paid coverage under any no-fault policy then in force before becoming eligible for plan coverage.
- Any person eligible or becoming eligible, under regulations to be adopted by the commissioner, under subparagraph (B), may at any time elect coverage under the plan and terminate any prior private

insurer's coverage.

Any person covered by the plan under subparagraph (A) shall remain eligible for coverage under the plan for a consecutive period of three months following the month in which eligibility for any public assistance benefits terminate.

- (3) Under the joint underwriting plan, all basic no-fault coverages, including the basic no-fault policy, the mandatory \$25,000 public liability and the \$10,000 property damage policies shall be offered by every insurer to each eligible applicant assigned by the bureau. In addition, optional additional coverages shall be offered by every insurer in conformance with section 294-11, for each class except that defined in paragraph (2)(A), as the commissioner shall, by regulation, provide."

SECTION 10. Section 294-24, Hawaii Revised Statutes, is amended by amending subsection (b) to read:

The commissioner shall establish rates for the following classes within the restrictions stated:

- (1) Motorcycles and motor scooters shall be assessed a premium rate not in excess of that assessed the same driver for automobile coverage; with provisions for deductible no-fault policies of \$100, \$300, \$500, and \$1,000;
- (2) For the licensed public assistance driver, as defined in section 294-22(b)(2)(A), no premium shall be assessed for the basic no-fault, the mandatory public liability or the mandatory property damage policies; and all policies shall conform to the provisions of section 294-22(b)(2); and
- (3) For the physically limited driver defined at section 294-22(b)(2)(B), no rate shall be set higher than that assessed a comparable driver without limitation, except that a higher rate may be surcharged under any applicable standard conforming with section 294-24(a)(2).

The commissioner shall set various systems and schedules of rates based upon the risks involved, the experience with various exposures, uses, and drivers, and may include the establishment of surcharges for specific risks, drivers, and uses, for each of the enumerated classes except the classes limited under paragraphs (2) and (3)."

SECTION 11. Section 294-35, Hawaii Revised Statutes, is amended to read:

However, in conjunction with section 294-7, the insurer or self-insurer of the motor vehicle with less than four wheels shall not recover more than twenty per cent of all no-fault benefits paid to any person who effects a tort liability settlement for accidental harm."

SECTION 12. Section 294-39, Hawaii Revised Statutes, is amended by amending subsection (a) to read:

"(a) Any person subject to the provisions of this chapter in the capacity of the operator, owner or registrant of a motor vehicle in this State, or registered in this State, who violates any applicable provision of this chapter, shall be subject to citation for such violation by any county police department in a form and manner approved by the violations bureau of the district court of the first circuit. Each violation shall be deemed a separate offense and shall be subject to a fine not to exceed \$1,000 or thirty days imprisonment, or suspension of motor vehicle operator's license, or forfeiture of motor vehicle certificate of registration, or any combination of such penalties."

 - (B) A parent of a child in the custody of another, if the parent for a period of at least one year has failed to communicate with the child when able to do so, or for a period of at least one year has failed to provide for care and support of the child when able to do so;
 - (C) A natural father who was not married to the child's mother at the time of the child's conception or birth and who does not fall within the provisions of §578-2(a) (3) or (4) or (5) and who is found by the court to have failed to demonstrate a reasonable degree of interest, concern or responsibility as to the welfare of a child either (i) during the first 30 days after said child's birth, or (ii) prior to the execution of a valid consent by the mother of the child, or (iii) prior to the placement of the child with adoptive parents, whichever period of time is greater;
 - (D) A parent whose parental rights have been judicially terminated under the provisions of chapter 572, or under the provisions of any other state or other law by a court or other agency having jurisdiction to take such action;
 - (E) A parent judicially declared mentally incompetent or mentally retarded if the court dispenses with such parent's consent;
 - (F) Any legal guardian or legal custodian of the child sought to be adopted, other than a parent, who has failed to respond in writing to a request for consent for a period of sixty days or who, after examination of his written reasons for withholding consent, is found by the court to be withholding his consent unreasonably.
- (2) Persons whose consent may be dispensed with by order of the court.

The court may dispense with the consent of a parent who comes within §578-2(a) (3) or (4) or (5) herein, upon a finding that:

- (A) The petitioner is the stepfather of the child and the child has not lived with the adjudicated, presumed or concerned father for a substantial period of time; or
- (B) The adjudicated, presumed or concerned father has not filed a petition to adopt said child; or
- (C) The adjudicated, presumed or concerned father is not a fit and proper person who is financially and otherwise able to give the child a proper home and education.

(c) Presumption of paternity. A man is presumed to be the natural father of a child if:

- (1) He and the child's natural mother are or have been married to each other and the child is born during the marriage, or within three hundred days after the marriage is terminated by death, annulment, declaration of invalidity, or divorce, or after a decree of separation is entered by a court;
- (2) Before the child's birth, he and the child's natural mother have attempted to marry each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared invalid, and:
 - (A) If the attempted marriage could be declared invalid only by a court, the child is born during the attempted marriage, or within three hundred days after its termination by death, annulment, declaration of invalidity, or divorce; or
 - (B) If the attempted marriage is invalid without a court order, the child is born within three hundred days after the termination of cohabitation;

 - (A) He has acknowledged his paternity of the child in writing filed with the department of health;
 - (B) With his consent he is named as the child's father on the child's birth certificate; or
 - (C) He is obligated to support the child under a written voluntary promise or by court order;
- (4) While the child is under the age of majority, he receives the child into his home and openly holds out the child as his natural child; or
- (5) He acknowledges his paternity of the child in writing filed with the department of health, which shall promptly inform the mother of the filing of the acknowledgment, and she does not dispute the acknowledgment within a reasonable time after being informed thereof, in a writing filed with the department of health. If another man is presumed under this section to be the child's father, acknowledgment may be effected only with the written consent of the presumed father or af-

ter the presumption has been rebutted. If the acknowledgment is filed and not disputed by the mother and if another man is not presumed under this section to be the child's father, the department of health shall prepare a new certificate of birth in accordance with HRS §338.

(d) Notice of hearing; minor parent; consent authorizing selection of adoptive parents. No hearing of a petition for adoption shall be had unless each of the living parents of the child who falls within the provisions of paragraph 2(a) and who has not consented to the proposed adoption, but who is alleged to come within the provisions of paragraphs (b) (1) (A) or (b) (1) (B) or (b) (2) of this section, shall have had due notice, actual or constructive, of the allegations of the petition and of the time and place of the hearing thereof. Such notice need not be given to any parent whose parental rights have been legally terminated as hereinabove provided or whose consent has been filed with the petition.

The minority of a child's parent shall not be a bar to the right of such parent to execute a valid and binding consent to the adoption of such child.

Any parental consent required hereunder shall be valid and binding even though it does not designate any specific adoptive parent or parents, if it clearly authorizes the department of social services and housing, or a child placing organization approved by the department under the provisions of section 346-17 or some proper person not forbidden by law to place a child for adoption, to select and approve an adoptive parent or parents for the child.

(e) Withdrawal of consent. A consent to adoption which has been filed or received in evidence in an adoption proceeding or which has been given to the department of social services and housing or to a child placing organization approved by the department under the provisions of section 346-17, or to any other proper person not forbidden by law to place or receive a child for adoption, may not be withdrawn or repudiated after the child has been placed for adoption, without the express approval of the court based upon a written finding that such action will be for the best interests of the child.

(f) Maintenance of action based on medical or surgical treatment of child barred when. A person who consents to adoption, or on whose behalf a consent to adoption is signed, and a nonconsenting parent whose consent is not required or is dispensed with hereunder shall be barred from maintaining any action based upon medical or surgical care or treatment given to the child with the permission of the petitioner or petitioners or the person or agency authorized by the parental consent to select and approve an adoptive parent or parents; provided that nothing herein contained shall be construed to alienate or impair any cause of action accruing to the child for personal injury which may be sustained as a result of such medical or surgical care or treatment."

(2) A new section to be numbered 578-17 is added to read as follows:

"Sec. 578-17 Guardian ad litem. Upon a finding by the court, in any stage of a proceeding under this chapter, that the best interests of a child whose adoption is sought herein will be served by the appointment of a guardian ad litem for said child, the court may appoint a guardian ad litem to preserve, protect and promote the best interests of the child."

SECTION 22. Section 459-7, Hawaii Revised Statutes, is amended to read:

“**Sec. 459-7 Examination; certificate of registration.** Except as otherwise provided in this chapter, every person desiring to begin or to continue the practice of optometry shall, before beginning or continuing such practice, upon presentation of satisfactory evidence, verified by oath, that he is at least eighteen years of age, is a citizen of the United States, is a graduate of a high school, is a graduate of an American optometric college, school, or university recognized and approved by the board of examiners in optometry and the American optometric association, take an examination before the board upon complying with the following requirements:

Applications for examination shall be made out and filed in writing with the secretary of the board and each application shall be accompanied by a fee of \$30, which shall be retained by the board.

Each applicant shall file, in writing, with the secretary at least thirty days prior to the date selected by the board for such examination, the following credentials:

- (1) A diploma or certificate of graduation from an American optometric college or school recognized and approved by the board;
- (2) A certificate that the applicant is of good moral character. Certificates of good moral character for applicants who are licensed in some other state of the United States shall bear the signatures and seals of the secretary of the board of optometric examiners, and the secretary of the state optometric association of that state;
- (3) An unretouched unmounted recent photograph of the applicant.

The applicants shall be given due notice of the date and place of examination. No applicant who fails to obtain an average of seventy per cent in every subject upon which he is examined shall be passed by the board. If an applicant, because of his failure to pass an examination is refused a license, he shall, within one year, be permitted to take a second examination without additional fee. If an applicant fails the second time, he shall be required to file a new application and to pay an additional fee of \$30. If an applicant fails the third time or any subsequent time, he shall be required to file a new application and to pay an additional fee of \$30 and to take a complete examination.

An appeal to the circuit court, of the circuit within which the applicant resides, may be taken from any decision of the board by any applicant who is re-

fused or denied a certificate.

Every candidate who passes an examination shall be registered as possessing the qualifications required by this chapter, and shall receive from the board a proper certificate of registration. Before any certificate is issued it shall be numbered and recorded in a book kept by the secretary of the board of examiners in optometry.

Each registered optometrist shall pay a biennial license fee of \$15 between December 1 and December 31 of each odd-numbered year, to the treasurer of the board for a renewal of his registration certificate for the biennium. The failure of any regular licensed optometrist to pay his biennial license fee in advance on or before December 31 of each odd-numbered year, during the time his license remains in force, shall ipso facto, work a revocation and forfeiture of his license. Any person whose license is so revoked and forfeited shall pay a penalty of \$25 for the restoration of his license, and, in addition, all delinquent biennial license fees. When an application for restoration of a license is made and all delinquent license fees and penalties are paid within three years after the forfeiture no examination shall be required. If this is not done within three years, the license shall not be restored unless the regular examination for applicants is passed by such person.

Each registered optometrist shall submit proof to the board of examiners that he did, on or before December 31 of each even-numbered year, during the time his license remains in force, meet the requirement of continuing education in programs as set and approved by the board. The board shall establish such rules and regulations for the certification of the administration of the continuing education program."

Failure of any licensee to pay any renewal fee shall work a forfeiture of his license. Licenses forfeited by this section shall be reissued upon payment of a penalty of \$5 and all fees which the licensee would have paid if he had continuously renewed his license.

Any such license may be restored upon written application therefor within one year from such date and the payment of the delinquent fee plus an amount equal to ten per cent thereof.

(2) By amending section 461-16, Hawaii Revised Statutes, to read:

Failure to comply with this section shall constitute a forfeiture of license, which may be restored only upon written application and payment to the board of a fee of \$25. All fees collected shall be deposited by the director of regulatory agencies with the director of finance to the credit of the general fund."

SECTION 27. Section 463-10, Hawaii Revised Statutes, is amended to read:

A Bill for an Act Relating to the Confidentiality of Law Enforcement Records.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. With the intent of protecting the public, and particularly individuals arrested but never convicted, the confidentiality of law enforcement records were shrouded by restrictions upon the public's access. Varying, and sometimes conflicting, interpretations or applications of this Act have arisen in the several jurisdictions of the State. Therefore, the objective of this Act is to assure every potential and actual criminal defendant the full measure of his constitutional rights; including his rights arising under Article I, sections 2 thru 5 of the Constitution of the State of Hawaii, and the First Amendment of the Constitution of the United States. To provide for the present and assure that in the future the independence, safety, continued health and democratic well-being of the people are protected, this Act is founded upon the legislature's recognition of the necessity of safeguarding these constitutional and inalienable rights. Because the exercise of these rights must be balanced in the face of the obvious possibilities of conflicts, the legislature herewith sets guides and determines the following clarification of section 28-54, Hawaii Revised Statutes.

(a) Any pesticide which is sold, offered for sale, or distributed, within this State or delivered for transportation or transported in intrastate commerce or between points within this State through any point outside this State shall be licensed by the board; provided that products which have the same formula, are manufactured by the same person, the labeling of which contains the same claims, and the labels of which bear a designation identifying the product as the same pesticide, may be licensed as a single pesticide, and additional names and labels shall be added by supplemental statements during the current period of licensing. The licensee shall file with the department a statement including:

- (1) The name and address of the licensee and the name and address of the person whose name will appear on the label, if other than the licensee;
- (2) The name of the pesticide;
- (3) A complete copy of the labeling accompanying the pesticide and a statement of all claims to be made for it, including directions for use; and
- (4) If requested by the department a full description of the tests made and the results thereof upon which the claims are based.

(b) The licensee shall pay a minimum annual fee of \$10 for each pesticide licensed. Licensing fee may be increased from time to time by regulations but such increases shall not be in excess of \$5 for any one year. The license shall expire on December 31 of each year and shall be renewed annually. In the case of renewal of license, a statement shall be required only with respect to information which is different from that furnished when the pesticide was licensed or last relicensed. All fees collected shall be deposited in the general fund of the State.

(c) The department, whenever it deems necessary in the administration of this chapter, may require the submission of the complete formula of any pesticide. If it appears to the department that the composition of the pesticide is such as to warrant the proposed claims for it and if the pesticide and its labeling and other material required to be submitted comply with the requirements of section 149A-15, the department shall license the pesticide.

(d) Notwithstanding any other provision of this chapter, licensing of a pesticide is not required in the case of a pesticide shipped from one plant within this State to another plant within this State when both plants are operated by the same person.

Sec. 149A-14 Refusal, cancellation, or suspension of the license. (a) The department may refuse to license a pesticide when it has been determined that:

- (1) The pesticide or its labeling does not comply with this chapter or the regulations promulgated thereunder; or
- (2) The licensee fails to comply with the licensing procedures set forth by regulations; or
- (3) The claims, representations, or other statements on the label are false or misleading; or
- (4) The proposed use would result in unreasonable adverse effect on the environment.

(b) To protect the health and environment, the department may, after hearing, cancel the license of a pesticide. Such cancellation shall be made after the department has determined that the continued use of the pesticide would result in unreasonable adverse effects on the environment.

(c) If the department determines that action is necessary to prevent an imminent hazard during the time required for cancellation proceedings, the department may suspend the license of a pesticide immediately. The suspension order shall be in effect until the department issues its final order either cancelling or denying the cancellation of the license.

(d) The licensee shall be entitled to contest under chapter 91, the determinations of the department relative to refusing, cancelling, or suspending a pesticide license.

Sec. 149A-15 Labeling requirements. (a) Each container of pesticides shall bear thereon or attached thereto in a conspicuous place, a plainly written or printed label in the English language providing the following information:

In addition to licensing requirements applicable to pesticides every person who sells or distributes restricted pesticides shall obtain an annual permit from the department. Conditions, procedures, and fees for permit shall conform to the regulations promulgated hereunder.

All persons permitted to sell restricted pesticides shall keep records of the individual sales of such pesticides. Records shall be kept at the principal place of business of the permittee for a period specified by rules and regulations and shall be available to the department on request.

Sec. 149A-18 Denial, suspension, or revocation of license. The department may deny issuance of a license to sell a restricted pesticide for reasonable cause. Any license issued pursuant to regulations adopted under section 149A-17(a) may be suspended or revoked by the department after due hearing, for violation of any condition of the permit or of any law or regulation pertaining to the sale of pesticides.

Any order made by the department for the suspension or revocation of a permit shall be in writing and shall set forth the reasons for the suspension or revocation.

The action of the department in suspending or in revoking a permit may be reviewed in the manner provided by chapter 91.

Sec. 149A-19 Determination; rules and regulations; uniformity. (a) The board shall after having afforded interested and affected parties an opportunity to be heard and, in instances in which human health is affected, after consultation with the director of health, make and adopt regulations:

- (1) To declare as a pest any form of plant or animal life or virus which is injurious to plants, man, domestic animals, articles, or substances;
- (2) To determine the pesticides which are highly toxic to man; to designate pesticides as restricted or general use; and to establish a system of control over the distribution and use of certain pesticides purchased by the consuming public;

- (4) To establish procedures, conditions, and fees for the issuance of licenses for sale of restricted pesticides;
- (5) To establish fees for the licensing of pesticides within the limitations of section 149A-13(b);
- (6) To establish procedures for the licensing of pesticides;
- (7) To establish procedures for the registration of pesticides under provisions of section 24(c), FIFRA, as amended;

(8) To establish procedures for the disposal of pesticides; and

(9) To establish procedures to issue experimental use permits under provisions of section 5 of FIFRA, as amended.

(b) The board shall, after public hearing, make and adopt appropriate rules and regulations for carrying out this chapter, including rules and regulations providing for the collection and examination of samples of pesticides or devices.

(c) The board shall, after public hearing, adopt such regulations, applicable to and in conformity with the primary standards established by this chapter, or as prescribed by FIFRA, as amended, with respect to pesticides.

Sec. 149A-20 Seizures; “stop-sale” and “removal from sale” orders.

(a) Any pesticide or device that is distributed, sold, offered for sale, transported, or delivered for transportation in violation of this chapter, may be seized. Any pesticide product or device seized hereunder shall, after entry of decree, be disposed of by destruction or sale as the court directs and the proceeds, if the pesticide product or device is sold, less legal costs, shall be paid to the general fund of the State; provided that the pesticide product or device shall not be sold contrary to this chapter; and provided that upon payment of costs and execution and delivery of a good and sufficient bond conditioned that the pesticide product or device shall not be disposed of unlawfully, the court may direct the pesticide product or device to be delivered to the owner thereof for relabeling or reprocessing as the case may be.

(b) The chairman or his authorized agent may issue and enforce a written or printed “stop-sale” or “removal from sale” order to withhold from sale any pesticide or device that is distributed, sold, offered for sale, transported, or delivered for transportation in violation of this chapter.

Sec. 149A-21 Enforcement. (a) If it appears that a pesticide or device fails to comply with this chapter, the department may refer the facts with a copy of the results of the analysis or the examination of the pesticide product or device to the appropriate governmental agency for prosecution. A warning notice shall be issued before prosecution proceedings are initiated.

(b) The governmental agency to which any violation is reported may cause appropriate proceedings to be instituted in the appropriate court without delay if so warranted.

(c) The department shall, by publication in such manner as it may prescribe, give notice of all judgments entered in actions instituted under this chapter.

Sec. 149A-22 Authority. The board shall have authority to adopt such rules and regulations as necessary consistent with section 5(f) and section 24(c) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, to develop and implement state programs for registration of pesticides for special local needs and issuance of experimental use permits.

SECTION 16. Section 514-37, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 514-37 Changes in building plans. Purchaser's funds obtained prior to issuance of final reports shall be refunded if there is any change in the condominium building plans subsequent to execution of the contract requiring approval of a county officer having jurisdiction over issuance of permits for construction of buildings, unless purchaser's written approval or acceptance of the specific change is obtained or ninety days have elapsed since the purchaser has accepted in writing the apartment or he has first occupied the apartment."

SECTION 17. Statutory material to be repealed is bracketed. New material is underscored. In printing this Act, the revisor of statutes need not include the brackets, the bracketed material, or the underscoring.*

A Bill for an Act Relating to Provisions for Fair Competitive Practices in the Termination of Gasoline Dealers Franchise Agreements.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The Hawaii Revised Statutes is amended by adding a new chapter to be appropriately designated and to read as follows:

“CHAPTER GASOLINE DEALERS

Sec. -1 Definitions. As used in this part:

(1) “Franchise” means:

(A) Any agreement or related agreements between a petroleum distributor and a gasoline dealer under which the gasoline dealer is granted the right to use a trademark, trade name, service mark, or other identifying symbol or name owned by the distributor in connection with the retail sale of petroleum products supplied by the petroleum distributor; or

(B) Any agreement or related agreements described in subparagraph (A) and any agreement between a petroleum distributor and a gasoline dealer under which the gasoline dealer is granted the right to occupy the premises owned, leased, or controlled by the distributor, for the purpose of engaging in the retail sale of petroleum products supplied by the distributor.

(2) “Gasoline dealer” means any person engaged in the retail sale of petroleum products in the United States under a franchise agreement entered into with a petroleum distributor.

(3) “Good faith” means the duty of a gasoline dealer and a petroleum distributor to act in a fair and equitable manner in the performance and in the demanding of performance of the terms and provisions of the franchise.

(4) “Petroleum distributor” means any person engaged in the sale, consignment, or distribution of petroleum products to retail outlets which it owns, leases or otherwise controls.

(5) “Retail” means the sale of a product for purposes other than resale.

Sec. -2 Wrongful or illegal termination; unreasonable nonrenewal; damages; defenses. (a) Except as provided in section -3, a petroleum distributor shall be liable to a gasoline dealer who sells the products of the petroleum distributor under a franchise from the distributor for damages and such equitable relief as the court deems proper resulting from the wrongful or illegal termination or cancellation of the franchise during its term or the petroleum distributor's unreasonable refusal to renew the franchise.

(b) A gasoline dealer suffering damages as a result of the termination or cancellation of, or failure to renew, his franchise may bring an action under this section against the petroleum distributor who wrongfully or illegally terminated, canceled, or unreasonably refused to renew his franchise in the court

of general jurisdiction in which such petroleum distributor has his principal place of business, is found, or has an agent. The action may be brought without regard to the amount in controversy. If the gasoline dealer prevails in the action, he may recover actual damages sustained, the costs of the suit, including reasonable attorneys' fees, and such equitable relief as the court deems proper.

The court may also grant such temporary relief as it may deem necessary and proper.

(c) It shall be a defense to any action brought under this section that the franchise was terminated, canceled, or not renewed because:

- (1) The gasoline dealer failed to comply substantially with essential and reasonable requirements of the franchise agreement;
- (2) The gasoline dealer failed to act in good faith in carrying out the terms and provisions of the franchise; or
- (3) Of any of the reasons enumerated in section -3; or
- (4) Of other legitimate business reasons; provided that a termination, cancellation, or failure to renew a franchise for the purpose of enabling the petroleum distributor to assume operation of the gasoline dealer's business shall not be considered to be a legitimate business reason unless the gasoline dealer is paid reasonable compensation for the value of his franchise, including good will.

(d) No action may be brought under this section for a cause of action which arose more than two years prior to the date on which the action is brought.

Sec. -3 Notice of termination, cancellation, or nonrenewal. A petroleum distributor shall not terminate, cancel, or refuse to renew a franchise with a gasoline dealer without first giving him written notice by certified mail at least ninety days in advance of the effective date of such action as set forth in the notice. Notwithstanding any provision to the contrary contained in this section, a petroleum distributor may terminate, cancel, or refuse to renew a franchise with a gasoline dealer effective five days after the posting of written notice by certified mail to the gasoline dealer at his last known address, if such action is based on any of the following reasons:

"Sec. 351-31 Eligibility for compensation. (a) In the event any person is injured or killed by any act or omission of any other person coming within the criminal jurisdiction of the State after June 6, 1967, which act or omission is within the description of the crimes enumerated in section 351-32, the criminal injuries compensation commission may, in its discretion, upon an application, order the payment of compensation in accordance with this chapter:

- (1) To or for the benefit of the victim; or
 - (2) To any person responsible for the maintenance of the victim, where that person has suffered pecuniary loss or incurred expenses as a result of the victim's injury or death; or

intentionally committed an act or omission notwithstanding that by reason of age, insanity, drunkenness, or otherwise he was legally incapable of forming a criminal intent.

(c) In determining whether to make an order under this section, the commission may consider any circumstances it determines to be relevant, and the commission shall consider the behavior of the victim, and whether, because of provocation or otherwise, the victim bears any share of responsibility for the crime that caused his injury or death and the commission shall reduce the amount of compensation in accordance with its assessment of the degree of such responsibility attributable to the victim.

(d) An order may be made under this section whether or not any person is prosecuted for or convicted of a crime arising out of an act or omission described in subsection (a), provided an arrest has been made or such act or omission has been reported to the police without undue delay. No order may be made under this section unless the commission finds that:

(1) The act or omission did occur; and

(2) The injury or death of the victim resulted from the act or omission. Upon application from either the prosecuting attorney or the chief of police of the appropriate county, the commission may suspend proceedings under this chapter for such period as it deems desirable on the ground that a prosecution for a crime arising out of the act or omission has been commenced or is imminent, or that release of the investigation report would be detrimental to the public interest.

A Bill for an Act Relating to Automotive Repair Dealers.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Purpose and findings. The purpose of this Act is to protect the interests of the public by establishing a system of registering and certifying motor vehicle repair dealers and the mechanics employed by repair dealers. Increased horsepower, weight, and numerous improvements engendered by sophisticated engineering developments have added to the use and enjoyment of the automobile by the motoring public. Accelerated improvements in the automobile have been accomplished by a discernable demand for greater attention to improve maintenance and repair methods to assure optimum performance without sacrificing the requirements of safety. The tendency of motorists to maintain and operate their vehicles for longer periods of time amplifies the importance of adequate service and repairs. The legislature finds that persons who lack the proper training and experience are incapable of providing quality automotive repair services to the motoring public. The legislature believes this Act will serve the interests of the motoring public as well as the interests of the motor vehicle repair industry.

SECTION 2. The Hawaii Revised Statutes is amended by adding a new chapter to be appropriately designated and to read as follows:

“CHAPTER REGULATION OF MOTOR VEHICLE REPAIRS

Sec. -1 Definitions. As used in this chapter:

- (1) “Board” means the motor vehicle repair industry board.
- (2) “Department” means the department of regulatory agencies.
- (3) “Motor vehicle” means any passenger car, truck, truck tractor, motorcycle, or motor scooter, as defined in section 286-2.
- (4) “Motor vehicle repair dealer” means any person who is, or has in his employ, a motor vehicle mechanic registered under this chapter and who, for compensation, engages in the business of diagnosing or repairing malfunctions of motor vehicles.
- (5) “Motor vehicle mechanic” means any person whether self-employed or employed by another, who, for compensation, engages in the diagnosis or repair of malfunctions of motor vehicles, and may be classified as “intermediate” or “journeyman” as the terms are commonly used in the motor vehicle repair industry.
- (6) “Motor vehicle mechanic apprentice” means any person who, for compensation, engages in the diagnosis or repair of malfunctions of motor vehicles under the supervision of a motor vehicle mechanic.
- (7) “Registered mechanic” is a motor vehicle mechanic who has registered in accordance with this chapter.
- (8) “Registered-certified mechanic” is a motor vehicle mechanic who

has been registered and certified in accordance with this chapter.

- (9) "Repair of motor vehicles" means all maintenance of and repairs to motor vehicles, but excluding repairing tires, changing tires, lubricating vehicles, installing light bulbs, batteries, windshield wiper blades, and other minor accessories, cleaning, adjusting, and replacing spark plugs, replacing fan belts, oil, and air filters, and other minor services, which the board by rule determines may be performed by persons without the skills and knowledge required of motor vehicle mechanics and apprentices. No service shall be designated as minor, for purposes of this section, if the board finds that performance of the service requires mechanical expertise, has given rise to a high incidence of fraud or deceptive practices, or involves a part of the vehicle essential to its safe operation.

Sec. -2 Applicability of chapter. This chapter does not apply to:

- (1) Employees of the county, state, or federal governments; or
- (2) Employees of a commercial or business enterprise who engage in the repair of motor vehicles which are owned, maintained and operated exclusively by such commercial or business enterprise and which are not leased or rented to others;

provided that such employees may voluntarily register pursuant to the provisions of this chapter.

Sec. -3 Motor vehicle repair industry board. There shall be within the department of regulatory agencies for administrative purposes a motor vehicle repair industry board of seven members appointed by the governor in the manner prescribed in section 26-34. Three members of the board shall be persons connected with the motor vehicle repair industry and at least two of such members shall be motor vehicle mechanics registered under this chapter except that those motor vehicle mechanics first appointed to the board need not be registered but shall be persons who would qualify for registration under this chapter. The remaining four members shall not be connected with the motor vehicle repair industry. The board shall elect one of its members chairman. No member of the board shall receive any compensation for his services, but each shall be reimbursed for necessary expenses incurred in the performance of his duties.

Sec. -4 Powers and duties of the board. In addition to other powers and duties established by this chapter, the board shall, in accordance with this chapter and chapter 91:

- (1) Establish such qualifications for the registration of motor vehicle repair dealers and motor vehicle mechanics as may be necessary for the welfare of the public and the motor vehicle repair industry, provided that no person shall be registered as a motor vehicle mechanic without first receiving certification as provided by this chapter.
- (2) Inquire into the practices and policies of the motor vehicle repair industry and make such rules with respect to such practices and policies as may be deemed important and necessary by the board for the welfare of the public and the motor vehicle repair industry.
- (3) Contract and cooperate with the state director of vocational educa-

tion in developing and administering the certification program provided for in this chapter.

(4) Make, amend, and repeal such rules not inconsistent with this chapter, as the board deems appropriate for effectuating the purpose of this chapter and to insure the welfare of the public.

(5) Enforce this chapter and rules adopted pursuant thereto.

Sec. -5 Executive secretary; other personnel. (a) Subject to chapters 76 and 77 the director of the department of regulatory agencies may employ and remove such administrative, clerical, investigative, and auditing personnel as the board may require and as may be necessary to carry out this chapter. The department may prescribe the powers and duties of such personnel.

(b) (1) The department shall employ an executive secretary of the board whose position shall be subject to chapters 76 and 77. The executive secretary shall be employed with due regard to his fitness, thorough administrative ability and knowledge of and experience in the repair of motor vehicles.

(2) The executive secretary shall, under the supervision of the board, administer this chapter and the rules and orders established thereunder and perform such other duties as the board or this chapter may require; he shall attend but not vote at all meetings of the board; he shall be in charge of the offices of the board and responsible to the board for the preparation of reports and the collection and dissemination of data and other public information relating to the motor vehicle repair industry.

(3) The board may, by written order filed in its office, delegate to the executive secretary such of its powers or duties as it deems reasonable and proper for the effective administration of this chapter, except the power to make rules. The delegated powers and duties shall be exercised by the executive secretary in the name of the board.

Sec. -6 Collection of evidence, complaints, spot checks. The board shall on its own initiative or in response to complaints, investigate on a continuous basis and gather evidence of violations of this chapter and of any rule adopted pursuant to this chapter, by any motor vehicle repair dealer, mechanic, or apprentice, whether registered or not.

Sec. -7 Registration required. On or after January 1, 1976, it shall be unlawful for any person to engage in the repair of motor vehicles for compensation without registering as a motor vehicle repair dealer or motor vehicle mechanic in accordance with this chapter.

Sec. -8 Powers to classify and limit registration. (a) The board shall adopt rules necessary to effect the classification of motor vehicle mechanics in a manner consistent with the certification program established by this chapter, and shall limit the motor vehicle repair activities of a registrant to those areas for which the registrant is certified or registered.

(b) An applicant may make application for registration in more than one classification if he is certified for each classification and otherwise meets the qualification for registration as prescribed by the board. If the applicant

is registered for more than one classification, he shall pay the registration fee but shall not be required to pay any additional registration fee.

Sec. -9 Fees; biennial renewals. (a) The fees for each original biennial registration and renewal thereof shall be as follows:

Motor vehicle repair dealer \$50

Motor vehicle mechanic \$20

(b) Any motor vehicle repair dealer maintaining more than one motor vehicle repair facility shall separately register each repair facility and pay a fee for each facility.

(c) The renewal fee shall be paid to the board on or before June 30 of each odd-numbered year. Failure, neglect, or refusal of any registrant to pay the biennial renewal fee before such date shall constitute a forfeiture of his registration. Any such registration may be restored upon written application therefor within one year from such date and the payment of the required fee plus an amount equal to fifty per cent thereof.

Sec. -10 Certified repair dealer. A dealer is a registered and certified motor vehicle repair dealer if not less than fifty per cent of the mechanics employed by him on a full time basis are registered-certified mechanics.

Sec. -11 Prohibited practices. The following acts or omissions related to the repair of motor vehicles shall be grounds for invoking the enforcement procedures of section 11:

- (1) Making or authorizing in any manner or by any means whatever any statement written or oral which is untrue or misleading, and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading;
- (2) Causing or allowing a customer to sign any work order which does not state the repairs requested by the customer or the automobile's odometer reading at the time of repair;
- (3) Failing or refusing to give to a customer a copy of any document requiring his signature, as soon as the customer signs such document;
- (4) Any other conduct which constitutes fraud;
- (5) Conduct constituting gross negligence;
- (6) Failure to comply with this chapter or regulations adopted pursuant to it;
- (7) Any wilful departure from or disregard of accepted trade standards for good and workmanlike repair in any material respect without consent of the customer;
- (8) Making false promises of a character likely to influence, persuade, or induce a customer to authorize the repair, service, or maintenance of a motor vehicle;
- (9) Having repair work subcontracted without the knowledge or consent of the customer unless the motor vehicle repair dealer, mechanic, or apprentice demonstrates that the customer could not reasonably have been notified;
- (10) Conducting the business of motor vehicle repair in a place other than stated on the registration except that mobile repair facilities

may be permitted if the registration so indicates.

Sec. -12 Enforcement. (a) In accordance with the provisions of chapter 91, the board may fine, suspend, revoke, or refuse to renew the registration of a motor vehicle repair dealer or mechanic for any violation of this chapter or rules adopted pursuant thereto. The board may also order restitution as provided in subsection (c).

(b) Any fine that is imposed shall be based on the following schedule:
 First offense \$75
 Second offense \$150
 Subsequent offenses \$300 to \$1,000

(c) In lieu of or in addition to the fine imposed under this section, the board may require the motor vehicle repair dealer or mechanic to make restitution to the customer. Restitution may be imposed in lieu of a fine even though the amount may exceed the fine schedule set forth in subsection (b).

(d) If a motor vehicle repair dealer operates more than one motor vehicle repair facility in this State, the board pursuant to subsection (a) may only revoke, suspend, or refuse to renew the registration of the specific motor vehicle repair facility which has violated this chapter. Such violation, or such action by the board, shall not affect in any manner the right of such motor vehicle repair dealer to operate his other motor vehicle repair facilities; provided that the board may suspend, revoke, or refuse to renew the registration for all motor vehicle repair facilities operated in this State by a motor vehicle repair dealer upon a finding that such motor vehicle repair dealer has, or is, engaged in a course of repeated and wilful violations of this chapter, or rules adopted pursuant thereto.

(e) The expiration of a valid registration shall not deprive the board of jurisdiction to proceed with any investigation or disciplinary proceeding against a motor vehicle repair dealer or mechanic or to render a decision suspending, revoking, or refusing to renew a registration.

Sec. -13 Invoices; supplying used parts; customer's copy. All work done by a motor vehicle repair dealer, mechanic, or apprentice, including all warranty work, shall be recorded on an invoice and shall describe all service work done and parts supplied. Service work and parts shall be listed separately on the invoice, which shall also state separately the subtotal prices for service work and for parts, not including the general excise tax, and shall state separately the tax, if any, applicable to parts and service work. If any used, rebuilt, or reconditioned parts are supplied, the invoice shall clearly state that fact. If a part of a component system is composed of new and used, rebuilt, or reconditioned parts, the invoice shall clearly state that fact. One copy shall be given to the customer and one copy shall be retained by the motor vehicle repair dealer.

Sec. -14 Return of replaced parts; exceptions. Upon request of the customer at the time the work order is taken, the motor vehicle repair dealer, mechanic, or apprentice shall return replaced parts to the customer at the time of the completion of the work excepting such parts as may be exempt because of size, weight, or other similar factors from this requirement by rule of the board and excepting such parts as the motor vehicle repair dealer,

mechanic, or apprentice is required to return to the manufacturer or distributor under a warranty arrangement. If the parts must be returned to the manufacturer or distributor, the dealer, mechanic, or apprentice at the time the work order is taken shall offer to show, and upon acceptance of the offer, shall show the parts to the customer upon completion of the work, except that the dealer shall not be required to show a replaced part when no charge is being made for the replacement part.

Sec. -15 Estimate for labor and parts. The motor vehicle repair dealer, mechanic, or apprentice shall give the customer a written estimated price for labor and parts necessary for a specific job prior to commencement of the job. No charge in excess of fifteen per cent of the estimated price, if the estimated price is less than \$100, or ten per cent of the estimated price, if the estimated price is in excess of \$100, shall be charged for parts and labor supplied in excess of the estimated price, without the prior written or oral consent of the customer. Such consent shall be obtained at some time after it is determined that the estimated price is insufficient and before the labor not estimated is performed or the parts not estimated are supplied. This provision may be waived in writing by the customer, provided that such waiver by its terms shall be effective only after the dealer or mechanic has made reasonable efforts to contact the customer. The form and content of the waiver shall be as prescribed by rule of the board. Nothing in this section shall be construed as requiring a motor vehicle repair dealer, mechanic, or apprentice to give a written estimated price if the dealer, mechanic, or apprentice does not agree to perform the requested service. A reasonable fee may be charged for making the estimate.

Sec. -16 Records required; inspection. Each motor vehicle repair dealer shall maintain such records as are required by rules adopted by the board. The records shall be open for reasonable inspection by the board or other law enforcement officials. All such records shall be maintained for at least two years.

Sec. -17 Sign required concerning board; notice to customer. The board shall design and approve of a sign which shall be placed in all motor vehicle repair dealer locations in a place and manner conspicuous to the public. Such sign shall give notice that inquiries concerning service may be made to the board and shall contain the telephone number of the board. The sign shall also give notice that the customer is entitled to a return of replaced parts upon his request therefor at the time the work order is taken.

Sec. -18 Procedures for accepting complaint. The board shall establish procedures for accepting complaints from the public against any registrant in accordance with the provisions of section 92-13.

Sec. -19 Jurisdiction of circuit court; procedure. The circuit court of the judicial circuit in which any person carries on, or attempts to carry on, business as a motor vehicle repair dealer or acts or holds himself out as a motor vehicle mechanic or motor vehicle mechanic apprentice in violation of this chapter, or any rule made pursuant to this chapter, shall on application of the board, issue an injunction or other appropriate order restraining such conduct.

The proceedings under this section shall be governed by the Hawaii Rules of Civil Procedure, except that no undertaking shall be required, and the board shall not be required to allege facts necessary to show or tending to show lack of an adequate remedy at law or irreparable injury.

Sec. -20 Registration condition precedent to lien. No person required to register under this chapter shall have the benefit of any lien for labor or materials or the right to sue on a contract for motor vehicle repairs done by him unless he was registered at the time he performed the contract.

Sec. -21 Civil action. Nothing in this chapter shall prohibit the bringing of a civil action against a motor vehicle repair dealer, mechanic, or apprentice by an individual.

Sec. -22 Failure to comply with chapter; misdemeanor. Any person who fails to comply with the provisions of this chapter is guilty of a misdemeanor.

Sec. -23 Certification program. (a) The board shall contract with the office of the state director of vocational education to develop and administer a certification program for motor vehicle mechanics.

(b) The certification program shall provide for issuing a certificate to mechanics generally skilled in the repair of motor vehicles and to mechanics who specialize in certain areas of motor vehicle repair. A person may be certified as being generally skilled in the repair of motor vehicles, specially skilled in one or more areas of motor vehicle repair, or both generally and specially skilled. Each area shall be separately tested and certified. The program shall provide for apprenticeship leading to certification as a mechanic. Nothing in this section or chapter shall prevent a student in a course leading to certification from repairing motor vehicles so long as the student is supervised by a mechanic.

(c) The certification test shall include both a written test and a performance test; provided that the written test shall be given orally upon the request of the person being tested. Each application for certification shall be accompanied by a non-refundable testing fee of \$10.

(d) The certification program shall be implemented prior to January 1, 1977. There shall be no limit on the number of times a person may apply for certification; provided that any person failing the examination must wait thirty days before retaking the test.

(e) All persons who take and pass the certification test shall be awarded a certificate which shall be posted in a prominent place at their place of business or employment and a patch which may be worn on clothing apparel. The office of the director of vocational education shall design and procure the certificate and patch.

Sec. -24 Certification required for mechanics prior to registration. (a) Except as provided in subsection (b) below, every mechanic applying for registration shall have passed the appropriate certification test provided for in this chapter.

(b) Notwithstanding any provision of this chapter, any person who has been engaged as a motor vehicle mechanic for a period of at least two years prior to January 1, 1976, and who has applied for registration as a motor ve-

hicle mechanic under this chapter on or before June 30, 1976, shall not be required to take the certification test prescribed in this chapter prior to registration.

Sec. -25 Suits by the office of consumer protection. Nothing in this chapter shall prevent the director of the office of consumer protection from filing an action against any motor vehicle repair dealer, mechanic, or apprentice for violation of section 480-2."

No applicant shall be entitled to public assistance under this chapter who has sufficient income or other resources to provide a standard above that provided in this chapter, or who is an inmate of any public institution as long as the Social Security Act precludes the use of federal funds to provide public assistance to an inmate of such an institution, but an inmate of such institution mentioned in this section may apply for assistance to begin after his discharge from the institution. In determining the needs of an applicant or recipient for public assistance by the department, the department:

3. Part II is repealed and a new part is added to be appropriately designated and to read:

“PART II. SPECIFIC PROVISIONS COVERING PUBLIC ASSISTANCE AND CHILD WELFARE SERVICES

Sec. 346- Public assistance and child welfare services administered by the department. The department of social services and housing shall administer public assistance and child welfare services in the several counties except for payments administered under the Federal Supplemental Security Income Program or its successor agency. No person shall be denied the right to peti-

tion the department for additional assistance as established under section 346- (g).

Sec. 346- Aged, blind, and permanently and totally disabled persons; eligibility for assistance. A person shall be eligible for public assistance who meets the requirements established by the Federal Supplemental Security Income Program or its successor agency, provided he is also determined needy in accordance with state standards.

Sec. 346- Determination of amount of assistance. (a) The director shall adopt rules pursuant to chapter 91 concerning the determination of public assistance grants under this chapter. Public assistance grants shall be sufficient to maintain a standard consistent with this chapter. In granting public assistance to a person under this chapter the department may take into account part or all of the needs of the person's dependents or those persons essential to his well being, provided that they are also eligible for public assistance. In the event that a public assistance grant to a recipient has taken into consideration only part of the needs of other eligible persons this public assistance grant shall be without prejudice to a separate public assistance grant to such other eligible persons or any of them, as may be proper to meet their remaining needs and in compliance with this chapter.

(b) The maximum basic needs allowance which the department shall initially pay a recipient considering income and resources in accordance with this chapter shall be \$100 plus an additional \$44 for each additional person whose needs have been taken into account by the department. Once each year, beginning July 1, 1976, the director shall increase the maximum basic needs allowance which the department may pay a recipient, by a percentage equal to the annual percentage increase in the average weekly wage in covered employment, as computed by the director of labor and industrial relations pursuant to section 383-22. The department shall pay a recipient the maximum basic needs allowance if the department determines that his needs are not reduced by his income or resources.

(c) If a child is eligible for public assistance under section 346- , and if the child lives in a home or a place of residence maintained as a home by a relative specified under section 346- , and if such a relative does not receive public assistance as a person essential to the child's well being, then the department shall pay in behalf of each child the maximum basic needs allowance as prescribed in this chapter but not to include shelter allowance.

(d) The director shall pursuant to chapter 91 determine the rate of payment for the different levels of domiciliary care provided to recipients eligible for Federal Supplemental Security Income or public assistance in accordance with state standards. For recipients and applicants, the shelter allowance (to include rent and utilities) shall be for cost paid, up to the maximum as provided in the following schedule:

- (1) \$175 for 1 person;
- (2) \$215 for 2 persons;
- (3) \$240 for 3 persons;
- (4) \$265 for 4 persons;
- (5) \$290 for 5 persons;

(6) \$320 for 6 persons;

(7) \$360 for 7 or more persons.

(e) The department shall establish rules pursuant to chapter 91 for supplemental payments under the Federal Supplemental Security Income Program or its successor agency, such that a recipient's payments and benefits do not exceed the total of the maximum basic needs allowance and shelter allowance as provided by this chapter; provided that if a recipient sharing housing with a person receiving a shelter allowance from the department could qualify as an essential person to or dependent of such person, then the recipient shall be considered to live in free shelter. A recipient renting private housing or purchasing the home he lives in shall receive a shelter allowance for cost paid, up to the maximum established in subsection (d).

(f) The department shall pay rental and utility (to include gas, electricity, and water only) deposits once only for any person eligible for money payments by the department. However, under extraordinary circumstances as determined by the department, an additional rental and/or utility deposit may be granted.

(g) Any recipient may petition the department for additional assistance when his need is due to emergencies caused by seismic wave, tsunami, hurricane, volcanic eruption, typhoon, earthquake, flood or fire determined by the director to have caused losses as to require and justify additional assistance from the State. In addition any recipient may petition the department for additional assistance for the replacement or repair of household appliances. Such additional assistance shall be paid on an emergency basis, as determined by the department, to meet the cost of replacing or repairing household appliances. If the cost of repairs of household appliances is less than one-half the unit cost of the item, the department shall pay for the cost of repairs. If the cost of repairs of household appliances is more than one-half the unit cost of the item, the department shall replace the household appliance; provided the replacement cost shall not exceed \$350. For purposes of this subsection "household appliances" means a refrigerator or a range.

The department shall establish an emergency fund, not to exceed one per cent of total money payments from state funds required by this chapter in the previous fiscal year. The director shall adopt rules pursuant to chapter 91 for determining in which cases to grant lump sum payments to recipients petitioning for additional assistance.

Sec. 346- Report on level of assistance. On or before January 1 of odd numbered years the director shall submit a report to the legislature concerning the adequacy of the basic needs allowance and shelter allowance established by this chapter.

Sec. 346- Children. A child shall be eligible for public assistance who:

- (1) Is in need, and has not sufficient income or other resources to provide health care and support to maintain a standard consistent with this chapter.
- (2) Has not attained the age of eighteen years or twenty one years if regularly attending school.
- (3) Is deprived of parental support or suitable care by reason of the

death, continued absence from home, physical or mental incapacity, unemployment, or cruelty, neglect, or depravity on the part of the parent;

- (4) Is living in a home with his father, mother, grandfather, grandmother, brother, sister, stepfather, stepmother, uncle, aunt, first cousin, nephew, or niece in a place of residence maintained by such a relative as his own home; or is living in a family home or institution conforming to the standards fixed by the department of social services and housing.

Sec. 346- State reimbursement. The department of social services and housing shall comply with all federal requirements pertaining to methods and standards of administration and shall make such rules and regulations and follow such procedures as may be required for the receipt from the federal government of grants or grants-in-aid for public assistance and such administrative costs as are provided in connection therewith.

Sec. 346- Loans to applicants for federal supplemental security income. Notwithstanding any laws to the contrary, the department of social services and housing may, out of its operating funds, make loans to any person eligible for public assistance as provided in this chapter who is an applicant for benefits under the Federal Supplemental Security Income Program or its successor agency subject to the following conditions:

- (1) The Federal Bureau of Supplemental Security Income has denied applicant's request for advance payment or finding of presumptive eligibility for supplemental security income;
- (2) The loan or loans shall be for a period not to exceed the action of the Federal Bureau of Supplemental Security Income approving or disapproving assistance under its program;
- (3) The loan or loans shall bear no interest;
- (4) The loan or loans shall not exceed the amount of assistance otherwise available to the applicant under this chapter;
- (5) The loan or loans shall be repaid by the applicant out of the retroactive supplemental security income payments, provided that nothing herein shall restrict the federal government from making direct payments to the State for such loan or loans, and provided further that the loan or loans shall be discharged and no repayment shall be required from an applicant whose application for federal supplemental security income assistance has been disapproved.
- (6) The applicant shall not be eligible for money payments by the department, provided that he shall become eligible for such assistance upon disapproval of the application for federal supplemental security income assistance."

SECTION 2. Section 346-73, Hawaii Revised Statutes, is repealed.

SECTION 3. Section 359-123, Hawaii Revised Statutes, is amended to read:

"Sec. 359-123 Qualified tenant defined. As used in this part, the term "qualified tenant" does not include persons determined to be eligible for aid

through the Federal Supplemental Security Income Program or its successor agency or persons receiving money payments for public assistance from the department of social services and housing. Otherwise, "qualified tenant" means (1) any single person who has attained the age of 62 or who is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment, and (2) any family; provided such single person or family has, pursuant to criteria and procedures established by the Hawaii housing authority, been determined to have an income which would qualify the tenant for occupancy in housing provided by section 221(d)(3) of the National Housing Act or to have a lesser income. The terms "qualified tenant" and "tenant" include a member of a cooperative who satisfies the foregoing requirements and who, upon resale of his membership to the cooperative, will not be reimbursed for more than 50 per cent of any equity increment accumulated through payments under this part. With respect to members of a cooperative, the terms "rental" and "rental charges" mean the charges under the occupancy agreements between such members and the cooperative."

SECTION 4. It is the intent of this Act not to jeopardize the receipt of any federal funds. The director may, by rule pursuant to chapter 91, modify the strict provisions of this Act for the purpose of, and only to the extent necessary for, qualifying for federal funds. The director shall report all such rules to the Legislature not less than twenty days prior to the first day of the regular session, and all such rules shall expire one year from the date of enactment.

SECTION 5. A person who is a recipient when this Act takes effect, and whose shelter expenses exceed the maximum shelter allowance which this Act allows, shall not have his public assistance grant reduced for six months, unless his shelter expenses decrease, or his income or resources increase. His public assistance grant shall not increase because his shelter expenses increase as long as his shelter expenses exceed the maximum shelter allowance which this Act allows him. The director of the department of social services and housing shall adopt rules pursuant to chapter 91 for determining whether to grant extensions to the six months to a recipient whose shelter expenses still exceed the maximum shelter allowance which this Act allows him. The director shall not grant more than a total of six months of such extensions to a recipient.

SECTION 6. Statutory material to be repealed is bracketed. New material is underscored. In printing this Act, the revisor of statutes need not include the brackets, the bracketed material, or the underscoring.*

SECTION 7. This Act shall take effect on July 1, 1975.

(Approved May 27, 1975.)

ACT 151

H.B. NO. 1742

A Bill for an Act Relating to Unemployment.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The Hawaii Revised Statutes, is amended by adding a new chapter to be appropriately designated and to read as follows:

"CHAPTER STATE PROGRAM FOR THE UNEMPLOYED

PART I. GENERAL PROVISIONS

Sec. -1 Findings and purpose. The legislature finds that immediate, speedy action must be taken to reduce unemployment in this State. The present decline in the health of the state and national economies and the high rates of unemployment that will accompany this decline will cause considerable hardship among the peoples of the State. The legislature further finds it is therefore prudent at this time to take steps to alleviate the effects of a

high rate of unemployment through the development of a state unemployment program.

It is the purpose of this chapter to:

- (1) Develop public service employment opportunities in addition to those presently existing.
- (2) Enable unemployed and underemployed persons with transient employment in needed public services jobs, and, whenever feasible, related training and manpower services, to move into employment or training supported under this chapter.
- (3) Supplement the federal public service employment program as set forth in subchapter II of the Federal Comprehensive Employment and Training Act, by creating state-funded additional public service employment jobs based on concepts similar to that already provided for by such federal Act.
- (4) Provide for subsidies and loans for certain private employers to participate in employment programs involving the training and hiring of unemployed persons.
- (5) Encourage the implementation of the Federal Comprehensive Employment and Training Act.

Sec. -2 Definitions. As used in this chapter:

- (1) "CETA" means the Federal Comprehensive Employment and Training Act, title 42, U.S.C., section 841, et. seq. (Public Law 92-203).
- (2) "Department" means the department of labor and industrial relations.
- (3) "Director" means the director of labor and industrial relations.

A household includes all persons who occupy a group of rooms or a single room which constitutes a housing unit. A group of rooms or a single room is regarded as a housing unit when it is occupied as a separate living quarters, that is, when the occupants do not live and eat with any other persons in the structure, and when there are complete kitchen facilities for the exclusive use of the occupants of the household.
- (5) "Unemployed persons" includes all underemployed and unemployed heads of households, the disadvantaged, all ex-offenders who are unemployed, all Vietnam veterans who are unemployed, and all disadvantaged or needy youths who are certified as such by the director.

Sec. -3 Rules. The director shall adopt rules pursuant to chapter 91 necessary for the purposes of this chapter.

Sec. -4 Reports. The director shall report on the progress of this chapter to the legislature annually.

PART II. STATE COMPREHENSIVE EMPLOYMENT AND TRAINING

Sec. -11 Authority and priorities. The director may create and administer a statewide state-funded public service employment program. In carrying out the program, the director shall accord priority to individuals to be hired in the following order:

First: Unemployed heads of household who have been unemployed for more than fifteen weeks, including those who have exhausted their unemployment benefits.

Second: All other unemployed heads of households, who are unemployment insurance claimants.

Third: All other unemployed heads of households, whether or not unemployment insurance claimants, who are certified by the director as recipients of state public assistance under chapter 346.

Fourth: All other unemployed persons, whether or not unemployment insurance claimants.

Persons employed in public service jobs under this chapter shall be paid wages which shall not be lower than the State minimum wage.

Such persons shall not be considered state employees and shall not be subject to the provisions of law relating to state employment, including those regarding hours of work, rates of compensation, leave, unemployment compensation, and state employee benefits.

For purposes of chapter 386 such persons shall be deemed employees of the State within the meaning of the term "employee" as defined in section 386-1, and the provisions of that chapter shall apply.

Sec. -12 Relationship of program under this part to CETA and other state programs. The program under this part is a state-funded program. Accordingly, the director shall not be required to conform this program with that of the federal public service employment program.

The director shall, immediately upon enactment of this part, implement this part. He shall coordinate the activities with any other state or county activities relating to public service employment, including but not limited to programs under chapter 394, sections 208-5, 346-71, and 346-101, programs under CETA, and the work incentive program under the Federal Social Security Act.

PART III. STATE ASSISTANCE FOR CERTAIN EMPLOYMENT

Sec. -24 Certification required. Enrollees who work for contract firms shall be certified as disadvantaged by the director, and shall meet the low-income criteria established by the federal government.

Sec. -25 Program in addition to federal program. The state-funded subsidy program shall be in addition to, and shall serve as a supplement to the program by the federal government under CETA.

This state-funded subsidy shall not be used to increase the federal CETA subsidy already provided to an employer for the same enrollee. The intent of this part is that this state-funded subsidy is to be used for enrollees not covered under the federal CETA program.

PART IV. STATE LOANS FOR CERTAIN EMPLOYMENT

Sec. -31 State loans for certain private employers. Any private employer, whether profit or nonprofit, who agrees to participate in an employment program to train and permanently hire unemployed persons shall be entitled to qualify for state low-interest loans for purposes described herein.

ACT 155

H.B. NO. 121

A Bill for an Act Relating to Garnishment.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Chapter 652, Hawaii Revised Statutes, is amended as follows:

1. A new section is added to be appropriately designated and to read:

"Sec. 652- Prejudgment garnishment; procedures. (a) Except as provided in subsection (e), any creditor desiring to secure a garnishment process before judgment shall attach his petition for process, summons, and direction to the following documents:

- (1) An application, directed to the court to which such action is made returnable, for garnishee process to issue under section 652-1(a);
- (2) An affidavit sworn to by the creditor or some competent affiant setting forth a statement of facts sufficient to show that probable validity exists to sustain the validity of the creditor's claim;
- (3) An order that a hearing be held before the court or a judge thereof to determine whether or not the garnishee process should be granted and that notice of such hearing be given to the defendant debtor;
- (4) A summons directed to a proper officer commanding him to serve upon the debtor at least four days prior to the date of the hearing, pursuant to chapter 634, the application, a true and attested copy of the petition, summons, and direction, the affidavit, and the order and notice of hearing.

(b) The clerk upon receipt of all such documents in duplicate, if he finds them to be in proper form, shall fix a date for the hearing on the application and sign the order of hearing and notice; except that if the application includes a request for a temporary restraining order, the court or a judge of the court shall act on the application for the temporary restraining order, fix a date for the hearing on the garnishee process and sign the order of hearing and notice.

(c) The clerk shall deliver to the creditor's attorney the original documents for service. Service having been made, the original documents shall be returned to the court with the endorsement by the officer of service.

(d) The defendant debtor shall have the right to appear and be heard at the hearing. The hearing shall be limited to a determination of whether or not probable validity exists to sustain the validity of the creditor's claim. If the court, upon consideration of the facts before it, finds that the creditor has sustained the validity of his claim, then the garnishee process under section 652-1(a) applied for shall be granted as requested or modified by the court. The clerk shall deliver to the creditor's attorney the petition, summons, and direction for service of process. If the court denies the application, only a summons and complaint shall be served. In either event, the creditor may alter the return day of the petition, summons, and direction, or the summons and complaint, as the case may be.

(e) The court or judge of the court may allow the garnishment process

to be issued by an attorney without hearing as provided in subsections (a) to (d) upon verification by oath of the creditor or of some competent affiant, that there is reasonable likelihood that the defendant debtor:

- (1) Neither resides in nor maintains an office or place of business in this State and may depart from the State within six months from the date of filing under this section;
- (2) Has hidden or will hide himself so that process cannot be served on him;
- (3) Is about to remove himself or his property from this State;
- (4) Is about to fraudulently dispose of or has fraudulently disposed of any of his property with intent to hinder, delay, or defraud his creditors; or
- (5) Has fraudulently hidden or withheld money, property, or effects which should be liable to the satisfaction of his debts.

(f) The defendant debtor in an action in which garnishee process was allowed under subsection (e) may move to dissolve or modify the garnishee process in which event the court shall proceed to hear and determine the motion expeditiously. If the court determines at the hearing requested by the debtor that probable validity exists to sustain the validity of the creditor's claim, then the garnishee process granted shall remain in effect. If the court determines there is no such probable validity, the garnishee process shall be dissolved. An order shall be issued by the court setting forth the action it has taken.

(g) The court's determinations under this section shall have no effect on the determination of any issues in the action other than the issues relevant to proceedings under this section nor shall they affect the rights of the defendant debtor in any other action arising out of the same claim. The court's determinations under this section shall not be given in evidence nor referred to in the trial of such action."

2. Section 652-1 is amended by amending subsection (a) to read:

"(a) Before judgment. When any goods or effects of a debtor are concealed in the hands of an attorney, agent, factor, or trustee (in this chapter jointly and severally included in the term "garnishee"), so that they cannot be found to be attached or levied upon, or when any debt is due from any person (also included under the term "garnishee") to a debtor, or when any person has in his possession for safekeeping any moneys of the debtor, any creditor may bring his action against a debtor and in his petition for process, or by amendments of the complaint at any time before judgment, after meeting the requirements of section 652- may request the court to insert in the process a direction to the officer serving the same to leave a true and attested copy thereof with the garnishee or at his usual place of abode and to summon the garnishee to appear personally upon the day or term appointed in the process for hearing the action or at any other time appointed by the court and then and there on oath to answer all of the following inquiries, herein inclusively referred to as the "disclosure":

- (1) Whether he has, or at the time the copy was served on him had, any of the goods or effects of the defendant in his hands and, if so, the

nature, amount and value thereof;

- (2) Whether he is, or at the time of service was indebted to the defendant and, if so, the nature and amount of the debt; or
- (3) Whether he has or at the time of service on him had, any moneys of the defendant in his possession for safekeeping and, if so, the amount thereof.

The summons and direction, except as to wages as provided for above, shall be signed and issued after proceedings under section 652- as is usual in other civil process. It shall be served according to such direction. From the time of leaving such copy, the garnishee shall secure in his hands to pay such judgment as the plaintiff shall recover in the action, the following property or choses:

- (1) All the goods and effects of the defendant then in the hands of the garnishee;
- (2) Every debt then owing from the garnishee to the defendant;
- (3) All moneys of the defendant then in the possession of the garnishee for safekeeping; and
- (4) A portion of the wages of the defendant by withholding the amount to be determined as follows: five per cent of the first \$100 per month, ten per cent of the next \$100 per month, and twenty per cent of all sums in excess of \$200 per month, or an equivalent portion of the above amount per week, whether then or thereafter to become owing.

The property or choses described in (1), (2), (3), and (4) of this paragraph are included under the term "garnishee fund" (in this chapter). The cumulative total value of the fund, in advance of final judgment, shall be no more than shall be sufficient to meet the claim of the plaintiff together with the cost and legal interest. Any excess in the fund shall be released by the court pursuant to subsection (d) of this section. No part of the garnishee fund may be otherwise disposed of by the garnishee except as provided in this chapter.

Except as provided in section 652- , the summons and direction shall be sufficient notice to the defendant to enable the plaintiff to bring his action to trial, unless the defendant is an inhabitant of the State or has some time resided therein, in which case a like copy shall be served personally upon him or left at his last and usual place of abode.

The court shall order the fund garnished before judgment released upon the filing by the debtor with the court of a bond or bonds issued by a surety or sureties licensed to do business as such in the State, in an amount sufficient to pay the claim of the creditor together with costs and interest, and conditioned upon judgment rendered in favor of the creditor and to the extent the claim or any portion thereof, together with costs and interest, if any, is awarded."

SECTION 2. Statutory material to be repealed is bracketed. New material is underscored. In printing this Act, the revisor of statutes need not

SECTION 3. This Act shall take effect upon its approval; provided that this Act does not affect rights and duties that matured, penalties that were incurred, and proceedings that were begun, before its effective date.

- b. By amending subparagraphs (i) and (ii) of subparagraph (E) of paragraph (1) to read as follows:
- "(i) Property held on [July 1 of] January 1 preceding the tax year under an agreement for the conveyance of the same by the government to private persons shall be deemed fully taxable, the same as if the conveyance had been made, but the assessment thereof shall not impair and shall be so made as to not impair, any right, title, lien, or interest of the United States.

- (5) Any portion of real property within the area upon which construction of buildings is restricted or prohibited and which is actually rendered useless and of no value to the owners thereof by virtue of any ordinance of any county, establishing setback lines thereon; provided, that in order to secure the exemption the person claiming it shall annually file between [June 15 and June 30] December 15 and December 31 preceding the applicable tax year a sworn written statement with the tax assessor describing the real property in detail and setting forth the facts upon which exemption is claimed, together with a written agreement that in consideration of the exemption from taxes he will not make use of the land in any way whatsoever during the ensuing year. Any person who has secured such exemption who violates the terms of the agreement shall be fined twice the amount of the tax which would be assessed upon the land but for such exemption;"

SECTION 17. Section 246-37 of the Hawaii Revised Statutes is amended by amending paragraph (b) to read as follows:

"(b) The tax shall be assessed to and collected from such lessee as nearly as possible in the same manner and time as the tax assessed to owners of real property, except that the tax shall not become a lien against the property. In case the use or occupancy is in effect on [July 1 of] January 1 preceding the tax year, the lessee shall be assessed for the entire year but adjustments of the tax so assessed shall be made in the event of the termination of the use or occupancy during the year so that the lessee is required to pay only so much of the tax as is proportionate to the portion of the tax year during which the use or occupancy is in effect, and the tax assessor and tax collector of the district in which the property is situated are hereby authorized to remit the tax due for the balance of the tax year. In case the use or occupancy commences after [July 1 of] January 1 preceding the tax year, the lessee shall be assessed for only so much of the tax as is proportionate to the period that the use or occupancy bears to the tax year.

The assessment of the use or occupancy of real property made under this section shall not be included in the aggregate value of taxable realty for the purposes of section 248-2 but each board of supervisors or city council, at the time that it is furnished with information as to the value of taxable real property, shall also be furnished with information as to the assessments made under this section, similarly determined but separately stated.

If a use or occupancy is in effect on [July 1 of] January 1 preceding the tax year, the assessment shall be made and listed for that year and the notice of assessment shall be given to the taxpayer in the manner and at the time prescribed in section 246-43; and when so given, the taxpayer, if he deems himself aggrieved, may appeal as provided in section 246-46; if a use or occupancy commences after [July 1 of] January 1 preceding the tax year or if for

any reason an assessment is omitted for any tax year, the assessment shall be made and listed and notice thereof shall be given in the manner and at the time prescribed in section 246-43, and an appeal from an assessment so made may be taken as provided in section 246-51."

SECTION 18. Section 246-40 of the Hawaii Revised Statutes is amended by amending the first paragraph to read as follows:

"Sec. 246-40 Returns, made when; form; open to public. Whenever the department of taxation finds that the filing of returns under this paragraph is advisable for the making of assessments and so orders, the assessor shall give, to the taxpayers of his district during the month of [June] December, of the year such order is made, public notice (by publication thereof, in English, at least three times on different days during the month, in a newspaper of general circulation in such district, published in the English language) requiring such taxpayers to file with the assessor, on or before [July 15] January 15 of the succeeding year, returns in the manner and form required by this section. After such publication of notice, every person owning, or having possession, custody, or control of, real property in the district, whether entitled to exemption or not, shall, during the month of [July] January, file upon forms prescribed by the department and in the manner required by such forms, a return signed as provided in section 231-15 setting forth the description and location of all real property in the district belonging to such person or of which he had possession, custody, or control on [July 1] January 1, and setting forth the taxpayer's opinion of the fair market value thereof as of such [July 1] January 1. It shall be sufficient to describe his property by setting forth the location and a brief description in sufficient detail to identify the property."

SECTION 19. Section 246-43 of the Hawaii Revised Statutes is amended to read as follows:

"Sec. 246-43 Notice of assessments; addresses of persons entitled to notice. On or before [August 31 of] March 15 preceding the tax year, the director of taxation shall give notice of the assessment for the tax year against each known owner, by personal delivery to the owner or by mailing to him on or before such date postage prepaid and addressed to him at his last known place of residence or address a written notice identifying the property involved by the tax key and the general class established in accordance with subsection 246-10(d) and setting forth separately the valuation placed upon buildings, and the valuation placed upon all other real property, exclusive of buildings, determined pursuant to section 246-10(a), the exemption, if any, allowed or denied, as the case may be, and the amount of the exemption applied to the buildings and the amount applied to all other real property, exclusive of buildings, and the net taxable value of the buildings and the net taxable value of all other real property, exclusive of the buildings.

In addition to the foregoing, the assessor of each district shall in each year give notice of the assessments in his district for the year by public notice (by publication thereof in English at least three times on different days during

the month of [August] March of such year in a newspaper of general circulation in the district, published in the English language) of a time when (which shall be not less than a period of ten days prior to [August 31 of] March 31 preceding the tax year) and of a place where the records of taxable properties maintained in the district showing all assessments made for the district may be inspected by any person for the purpose of enabling him to ascertain what assessments have been made against him or his property and to confer with the assessor so that any errors may be corrected before the filing of the assessment list."

SECTION 20. Section 246-44 of the Hawaii Revised Statutes is amended to read as follows:

"Sec. 246-44 Assessment lists. On or before [September 30 of] April 19 preceding the tax year the director of taxation shall have prepared from the records of taxable properties maintained in each district a list in triplicate of all assessments made for each district, which list shall be signed and sworn to by the person preparing it. The assessment list shall identify the property assessed by its tax key and shall set forth the general class of the property established in accordance with section 246-10(d), the valuation of buildings and the valuation of all other real property, exclusive of buildings, the amount of exemption allowed on buildings and the amount of exemption allowed on all other real property, exclusive of the buildings, and the net taxable value of the buildings and the net taxable value of all other real property, exclusive of the buildings. The assessment list shall be the lists in accordance with which taxes shall be collected, subject only to change made by any court or other tribunal having jurisdiction, where appeals from assessments have been duly taken and prosecuted to final determination, and subject to section 231-22. There shall be noted upon such lists all appeals taken for the year and the amounts involved in each case. The original of the assessment lists shall be retained by the assessor and a duplicate of the information contained in the list shall be retained by the director. The lists may be made up of a separate sheet or card for each property. The director shall furnish a duplicate list to the county in such form and at such time as will not interfere with the preparation of those records needed for tax collection purposes."

Where such an appeal is based upon the ground that the assessed value of the real property for tax purposes is excessive, the valuation claimed by the taxpayer in the appeal shall be admissible in evidence, in any subsequent condemnation action involving the property, as an admission that the fair market value of the real property as of the date of assessment is no more than the value arrived at when the assessed value from which the taxpayer appealed is adjusted to one hundred per

cent fair market value; provided that such evidence shall not in any way affect the right of the taxpayer to any severance damages to which he may be entitled.

The chairman of the board of supervisors or the board of supervisors of any county or the mayor or the city council of the city and county of Honolulu may appeal any assessment of real property located within the respective county which, in his or its judgment, does not fairly represent the fair market value of the property assessed when compared with other property in the same county of similar character and value, and may likewise appeal from the allowance of an exemption of any property when the exemption is not authorized by law. The appeal shall be taken to a board of review or the tax appeal court on or before [September 25 of] April 9 preceding the tax year. In any appeal taken by a county, the county shall be a party in interest with the same right of appeal from the decision of the board of review and tax appeal court as is allowed a taxpayer under chapter 232.

Any taxpayer who has an interest in an appeal taken by the county may intervene."

The director of taxation shall, in each year, arrange the total parcels of real property in each taxation district into two groups designated as Groups I and II. 	<u>July 20</u>	<u>August 20</u>	<u>February 20</u>

All such taxes due on the first payment date of such year from each taxpayer [in each respective group], which remain unpaid after the date, shall thereupon become delinquent, and the balance of such taxes due on the second payment date of such year from each taxpayer [in each respective group], which remain unpaid after the date, shall thereupon become delinquent."

SECTION 23. Section 246-52 of the Hawaii Revised Statutes is amended to read as follows:

ACT 159

H.B. NO. 999

A Bill for an Act Relating to Health Planning.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. **Purpose.** The legislature finds that Public Law 93-641, the National Health Planning and Resources Development Act of 1974, will have a direct impact on health planning approaches and processes in the State. The impetus for the new health planning and resources development act was based on the federal government's assessment that there existed a need to strengthen and coordinate planning for personal health services and facilities development. Prior to the enactment of Public Law 93-641, health planning activities were funded under section 314(a) and 314(b) of the Public Health Services Act. Such activities have been reported to be only marginally successful. Among the reasons given for the failure of the present comprehensive health planning activities and programs are inadequate statutes, inadequate funding, and inadequate authority to implement recommendations.

It is further indicated that the greatest contributor to the costs of medical services is the investment in costly health care resources such as facilities and equipment. There is evidence that overbuilding of facilities has occurred in many areas.

The new planning legislation would provide a coordinated system of health planning linking planning for health services with facilities development. The key factor for state consideration is the process of health planning. Under the concept of the new federal statute, local input into health planning would be generated through the designation of health service areas which would be served by health systems agencies. The state health plan would be an integration and coordination of local needs within state guidelines. In addition, accompanying the health plan would be a state medical facilities plan which would establish facilities development priorities based on the state health plan.

*Edited accordingly.

As intended by Congress, Public Law 93-641 would replace the Comprehensive Health Planning, Regional Medical Program and the Hill-Burton authorities which presently are ongoing programs in the State.

The purpose of this Act is to amend state law to conform with the requirements for federal funding in health planning and resources development under Public Law 93-641.

**“CHAPTER

(a) A joint underwriting plan is established, consisting of all insurers authorized to write and engaged in writing casualty insurance in this State on a direct basis. Each insurer shall be a member of the plan and shall maintain membership as a condition of its licensure to transact such insurance in this State. The purpose of the plan shall be to provide medical malpractice insurance on a self-supporting basis. The plan shall be the exclusive agency through which medical malpractice insurance may be written in this State on a primary basis for physicians and hospitals.

(b) The plan shall, pursuant to the provisions of this chapter and the plan of operation with respect to medical malpractice insurance, have the power on behalf of its members:

- (1) To issue, or to cause to be issued policies of insurance to applicants, including incidental coverages and subject to limits as specified in

 - (3) To assume reinsurance from its members; and
 - (4) To cede reinsurance.
- (c) (1) The commissioner shall, after consultation with the joint underwriting plan, representatives of the public, the Hawaii Medical Association and other affected individuals and organizations, promulgate a plan of operation consistent with the provisions of this chapter within sixty days after the creation of the plan. The plan of operation shall become effective and operational upon order of the insurance commissioner.
- (2) The plan of operation shall provide for economic, fair and non-discriminatory administration and for the prompt and efficient provision of medical malpractice insurance, and shall contain other provisions including, but not limited to, preliminary assessment of all members for initial expenses necessary to commence operation, establishment of necessary facilities, management of the plan, assessment of members to defray losses and expenses, commission arrangements, reasonable and objective underwriting standards, acceptance and cession of reinsurance, appointment of servicing carriers and standards, and procedures for determining amounts of insurance to be provided by the plan.

- (b) (1) The rates, rating plan, rating classifications, territory and policy forms applicable to the insurance written by the plan and statistics relating thereto shall be subject to sections 431-691 to 431-707 of this

chapter unless otherwise provided hereto, giving due consideration to the past and prospective loss and expense experience within and outside this State for medical malpractice insurance of all of the member companies of the plan, trends in the frequency and severity of losses, the investment income of the plan, and such other information as the insurance commissioner may require.

The resultant premium rates shall be on an actuarially sound basis and shall be calculated to be self-supporting.
- (4) In the event that sufficient funds are not available for the sound financial operation of the plan, pending recoupment as provided in subsection (3) of this section, all members shall, on a temporary basis contribute to the financial requirements of the plan in the manner provided for in section -5 of this chapter. Each insurer's participation in the plan shall be determined annually on the basis of such net direct premiums written during the preceding calendar, as reported in the annual statements and other reports filed by the insurer with the insurance commissioner. In the event that the deficit from operations allocated to all members of the plan in any calendar year shall exceed one per cent of their respective policyholders' surplus, the amount of

such deficit shall be allocated to each member in accordance with the method of determining participation prescribed in this subdivision.

Sec. -6 Directors. The plan shall be governed by a board of eleven directors, ten to be selected annually. Five directors shall be elected by cumulative voting by the members of the plan, whose votes in such election shall be weighted in accordance with each member's net direct premiums written during the preceding calendar year. Three directors shall be appointed by the insurance commissioner as representatives of the medical profession. Two directors shall be appointed by the insurance commissioner as representatives of the public. The five member companies serving on the first board shall be elected at a meeting of the members, or their authorized representatives, which shall be held at a time and place designated by the insurance commissioner. The insurance commissioner shall appoint the five directors serving on the first board on or before the date of such meeting. The insurance commissioner shall be the other member and shall be its chairperson.

Sec. -7 Appeals and judicial review. Any applicant to the plan, any person insured pursuant to this chapter, or their representatives, or any affected insurer, may appeal to the insurance commissioner within thirty days after any ruling, action or decision by or on behalf of the plan, with respect to those items the plan of operation defines as appealable matters.

All orders of the insurance commissioner made pursuant to this chapter shall be subject to judicial review as provided in section 431-705.

Sec. -8 Privileged communications. There shall be no liability on the part of, and no cause of action of any nature shall arise against the plan, its agents or employees, an insurer, any licensed agent, or the insurance commissioner or his authorized representatives, for any statements made in good faith by them in any reports or communications concerning risks insured or to be insured by the plan, or at any administrative hearing conducted in connection therewith.

Sec. -9 Annual statements. The plan shall file in the office of the insurance commissioner annually on or before the fifteenth day of March, a statement which shall contain information with respect to its transactions, conditions, operations and affairs during the preceding year. Such statement shall contain such matters and information as are prescribed and shall be in such form as is approved by the insurance commissioner. The insurance commissioner may, at any time, require the plan to furnish additional information with respect to its transactions, condition, or any matter connected therewith considered to be material and of assistance in evaluating the scope, operation and experience of the plan.

SECTION 3. Section 703-304, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 703-304 Use of force in self-protection. (1) Subject to the provisions of this section and of section 308, the use of force upon or toward another person is justifiable when the actor believes that such force is immediately necessary for the purpose of protecting himself against the use of unlawful force by the other person on the present occasion.

(2) The use of deadly force is justifiable under this section if the actor believes that deadly force is necessary to protect himself against death, serious bodily injury, kidnapping, rape, or forcible sodomy.

(3) Except as otherwise provided in subsections (4) and (5) of this section, a person employing protective force may estimate the necessity thereof under the circumstances as he believes them to be when the force is used without retreating, surrendering possession, doing any other act which he has no legal duty to do, or abstaining from any lawful action.

(4) The use of force is not justifiable under this section:

(a) To resist an arrest which the actor knows is being made by a peace officer, although the arrest is unlawful; or

(b) To resist force used by the occupier or possessor of property or by another person on his behalf, where the actor knows that the person using the force is doing so under a claim of right to protect the property, except that this limitation shall not apply if:

(a) The actor, with the intent of causing death or serious bodily injury, provoked the use of force against himself in the same encounter; or

(b) The actor knows that he can avoid the necessity of using such force with complete safety by retreating or by surrendering possession of a thing to a person asserting a claim of right thereto or by complying with a demand that he abstain from any action which he has no duty to take, except that:

(i) The actor is not obliged to retreat from his dwelling or place of work, unless he was the initial aggressor or is assailed in his place of work by another person whose place of work the actor knows it to be; and

(ii) A public officer justified in using force in the performance of his duties, or a person justified in using force in his assistance or a person justified in using force in making an arrest or preventing an escape, is not obliged to desist from efforts to perform his duty, effect the arrest, or prevent the escape because of resistance or threatened resistance by or on behalf of the person against whom the action is directed.

(6) The justification afforded by this section extends to the use of con-

finement as protective force only if the actor takes all reasonable measures to terminate the confinement as soon as he knows that he safely can, unless the person confined has been arrested on a charge of crime.

A Bill for an Act Relating to Public Agency Meetings and Records.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Chapter 92, Part I, Hawaii Revised Statutes, is repealed and a new part I is enacted to read as follows:

"PART I. MEETINGS

Sec. 92-1 Declaration of policy and intent. In a democracy, the people are vested with the ultimate decision-making power. Governmental agencies exist to aid the people in the formation and conduct of public policy. Opening up the governmental processes to public scrutiny and participation is the only viable and reasonable method of protecting the public's interest. Therefore, the legislature declares that it is the policy of this State that the formation and conduct of public policy—the discussions, deliberations, decisions, and action of governmental agencies—shall be conducted as openly as possible. To implement this policy the legislature declares that:

- (1) It is the intent of this part to protect the people's right to know;
- (2) The provisions requiring open meetings shall be liberally construed; and
- (3) The provisions providing for exceptions to the open meeting requirements shall be strictly construed against closed meetings.

Sec. 92-2 Definitions. As used in this part:

- (1) "Board" means any agency, board, commission, authority, or committee of the State or its political subdivisions, either legislative or executive, permanent or temporary.
- (2) "Chance meeting" means a social or informal assemblage of two or more members at which matters relating to official business are not discussed.
- (3) "Meeting" means the convening of a board for which a quorum is required in order to make a decision or to deliberate toward a decision upon a matter over which the board has supervision, control, jurisdiction, or advisory power.

Sec. 92-3 Open meetings. Every meeting of all boards shall be open to the public and all persons shall be permitted to attend any meeting unless otherwise provided in the constitution or as closed pursuant to sections 92-4 and 92-5, provided further that the removal of any person or persons who wilfully disrupts a meeting to prevent and compromise the conduct of the meeting shall not be prohibited.

Sec. 92-4 Executive meetings. A board may hold an executive meeting closed to the public upon an affirmative vote, taken at an open meeting, of two-thirds of the members present. A meeting closed to the public shall be limited to matters exempted by section 92-5. The vote of each member on the question of holding a meeting closed to the public and the reason for holding such a meeting shall be recorded and entered into the minutes of the meeting.

Sec. 92-5 Exceptions. (a) A board may hold a meeting closed to the pub-

lic pursuant to section 92-4 for one or more of the following purposes:

- (1) To consider the hire, evaluation, dismissal, or discipline of an officer or employee or of charges brought against him, where consideration of matters affecting privacy will be involved; provided that if the individual concerned requests an open meeting, an open meeting shall be held;
- (2) To deliberate concerning the authority of persons designated by the board to conduct labor negotiations or to negotiate the acquisition of public property, or during the conduct of such negotiations;
- (3) To consult with the board's attorney;
- (4) To investigate proceedings regarding criminal misconduct; and
- (5) To consider sensitive matters related to public safety or security.

(b) This part shall not apply to any chance meeting at which matters relating to official business are not discussed. No chance meeting or electronic communication shall be used to circumvent the spirit or requirements of this part to make a decision or to deliberate toward a decision upon a matter over which the board has supervision, control, jurisdiction, or advisory power.

Sec. 92-6 Judicial branch, quasi-judicial boards and investigatory functions; applicability. (a) This part shall not apply:

- (1) To the judicial branch.

In the application of this section, boards exercising adjudicatory functions include, but are not limited to, the following:

- (i) Hawaii Employment Relations Board, chapter 377;
- (ii) Hawaii Public Employment Relations Board, chapter 89;
- (iii) Labor and Industrial Relations Appeals Board, chapter 371;

SECTION 4. Chapter 189, part II, Hawaii Revised Statutes, is amended to read as follows:

“PART II. FISHING VESSEL PURCHASE, CONSTRUCTION, RENOVATION, MAINTENANCE AND REPAIR LOAN PROGRAM

Sec. 189-21 Definitions. As used in this part:

- (5) “Department” means the department of planning and economic development.

Sec. 189-22 Hawaii fishing vessel purchase, construction, renovation, maintenance and repair loan program. Sec. 189-23 Hawaii fishing vessel purchase, construction, renovation, maintenance and repair loan revolving fund. Sec. 189-24 Functions, powers and duties of director. In the performance of, and with respect to, the functions, powers, and duties vested in him by this part, the director of the department of planning and economic development may:

- (1) Prescribe the qualifications for eligibility of applicants for loans and, in so doing, be guided by requirements as set forth in Public Law 88-498.
- (2) Establish preferences and priorities in determining eligibility for loans.

- (3) Establish the conditions, consistent with the purposes of this part, for the granting of the loan.
- (4) Provide for inspection, at reasonable hours, of the vessel, books, and records of an individual or enterprise who has applied for or has been granted a loan and to require the submission of progress and final reports.

Sec. 189-25 Loans, terms and restrictions. The department of planning and economic development may make loans to individuals or businesses for the financing of the purchase, construction, renovation, maintenance or repair of vessels. The loans may be made in conjunction with loans made by other financial institutions including the Financial Assistance Division of the National Marine Fisheries Service and the SBA. Where the loans made by the department are secured, such security may be subordinated to the loans made by other financial institutions, when subordination is required in order to obtain loans from the institutions. The necessity for and the extent of security required in any loan shall be determined by the director of the department of planning and economic development.

The foregoing powers shall be subject, however, to the following restrictions and limitations:

- (1) No loan of state funds shall exceed eighty per cent of the cost of purchase, construction, renovation, maintenance, or repair of a vessel.
- (2) No loan for renovation, maintenance or repair of a fishing vessel shall exceed fifty thousand dollars (\$50,000) nor for a term exceeding ten (10) years.
- (3) No loan for purchase or construction of a fishing vessel shall be made for a term exceeding twenty years.

- (6) In the event the State repossesses any vessel financed under this program, the repossessed vessel shall not be resold to the individual to whom the loan has been made, or to anyone with a financial interest in the vessel.

Sec. 189-26 Reports. The department of planning and economic development shall make an annual report ending December 31 of each year to the governor, the president of the senate, and the speaker of the house of representatives, on the progress made under this part. The report shall be submitted not later than February 1 immediately following the calendar year period covered by the report."

SECTION 5. There is appropriated out of the general revenues of the State of Hawaii the sum of \$500,000 or so much thereof as may be necessary to be deposited into the Hawaii fishing vessel purchase, construction, renovation, maintenance and repair loan revolving fund. The sum appropriated shall be expended by the department of planning and economic development for

the purposes of this Act.

SECTION 6. Administrative funds necessary for the operating expenses of the program have been provided for the coming biennium of the Hawaii fishing vessel purchase, construction, renovation, maintenance and repair loan program. The sum appropriated shall be expended by the department of planning and economic development to accomplish the purpose of this Act.

PART III.

SECTION 7. Findings and purpose. The purpose of this part is to insure the continued orderly development of Hawaii's commercial fishing fleet by providing financial assistance for the maintenance and repair of commercial fishing vessels in order to increase productivity in traditional state fishing grounds and to foster development of new fishing grounds by Hawaii's commercial fishing vessels. The legislature finds that: (1) the several financial assistance programs available to Hawaii's commercial fishermen are primarily for new vessel construction with national agency program emphasis on large fishing vessels; (2) that the large majority of Hawaii's commercial fishing vessels are small vessels (under 5 net tons, i.e., under 31 feet long) whose owners often do not have the financial resources of the larger vessels; (3) there is no financial program specializing in providing financial assistance for the maintenance and repair of commercial fishing vessels; (4) that the nature of commercial fishing is noted for occasional poor years when reduced landings adversely affect the economic resources of commercial fishermen, especially those with the smaller vessels; (5) that the recently released report "Hawaii and the Sea—1974" calls for further development of measures to strengthen Hawaii's commercial fishing fleet, for example, by expanding the present Hawaii Fisheries New Vessel Construction Loan Program (Act 193, Session Laws of Hawaii 1965, as amended by Act 28, Session Laws of Hawaii 1968); (6) that the Hawaii Fisheries New Vessel Construction Loan Program does not include maintenance and repair of commercial fishing vessels; (7) that the creation of a maintenance and repair loan program would help fulfill the intent of "Hawaii and the Sea—1974"; (8) that some usually efficient commercial fishermen, due to the above reasons, are unable to upgrade their vessels in order to take advantage of new fishing gear and technology, and; (9) that the State of Hawaii should make every effort to strengthen its commercial fishing fleet.

SECTION 8. Definitions. As used in this part:

- (1) "Director" means the director of planning and economic development.
- (2) "Vessel" means vessels as defined in the U.S. Fishing Fleet Improvement Act of 1964, as amended (P. L. 88-498, P. L. 91-279); (Any vessels designed to be used in catching fish, processing, or transporting fish loaded on the high seas, or any vessel outfitted for such activity.)
- (3) "Commercial fishing vessel" means any vessel that derives at least fifty-one per cent of that vessel's gross annual income from commercial (as opposed to recreational) operations.

- (4) "Department" means the department of planning and economic development.
- (5) "SBA" means the Federal Small Business Administration.
- (6) "National Marine Fisheries Service" means Financial Assistance Division, National Marine Fisheries Service, National Oceanic and Atmospheric Administration, United States Department of Commerce.

SECTION 9. (a) Hawaii commercial fishing vessel maintenance and repair loan program. There is created the Hawaii commercial fishing vessel maintenance and repair loan program, which shall be administered by the director in accordance with the spirit and intent of this Part.

(b) Hawaii commercial fishing vessel maintenance and repair loan revolving fund. There is established the Hawaii commercial fishing vessel maintenance and repair loan revolving fund into which shall be paid all moneys received as repayment of loans and interest payments as provided in this part.

SECTION 10. Functions, powers, and duties of the director. In performance of, and with respect to, the functions, powers, and duties vested in him by this part, the director may:

- (1) Prescribe the qualifications for eligibility of applicants for loans.
- (2) Establish preferences and priorities in determining eligibility for loans.
- (3) Establish the conditions, consistent with the purposes of this part, for the granting of the loan.
- (4) Provide for inspection, at reasonable hours, of the vessel, records and books of an individual or enterprise who has applied for or has been granted a loan and to require the submission of periodic reports.

SECTION 11. Loans, terms, and restrictions. The department may make loans to individuals or businesses for the financing of expenses incurred in the maintenance and repair of commercial fishing vessels. The loans may be made in conjunction with loans made by other financial institutions including the Small Business Administration or loans guaranteed by the National Marine Fisheries Service. Where the loans made by the department are secured, such security may be subordinated to the loans made by other financial institutions, when such subordination is required in order to obtain loans from such institutions. The necessity for and the extent of security required in any loan shall be determined by the director.

The foregoing powers, shall be subject, however, to the following restrictions and limitations:

- (1) No loan shall exceed \$50,000.
- (2) No loan shall be made for a term exceeding ten years.
- (3) Each loan shall bear simple interest at the rate of five and one-half per cent a year.
- (4) The commencement date for the repayment of the first installment on the principal of each loan may be deferred by the director, but in no event shall such initial payment be deferred in excess of two years.

SECTION 12. Reports. The department shall make a report by December 31 of each year to the governor, the president of the senate, and the speaker of the house of representatives, on the progress made under this part. The report shall be submitted not later than February 1 immediately following the period covered by the report.

SECTION 13. Appropriation. There is appropriated out of the revenues of the State of Hawaii the sum of \$500,000 to be expended by the department of planning and economic development to fulfill the purposes of this part.

PART IV.

SECTION 14. Chapter 150, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read:

"Sec. 150- Seed distribution program; revolving fund. There is established a revolving fund the purpose of which shall be to enable the seed distribution program to operate at a level which will adequately meet the demand for seed. The fund shall be used for the cultivation and production of seeds and for research and developmental purposes directly related to such cultivation and production. The fund shall be administered by the college of tropical agriculture. All sums withdrawn from the fund shall be reimbursed or restored thereto from the proceeds realized through the sale of seeds. The college of tropical agriculture shall submit an annual report summarizing receipt and expenditures and the fund balance of the revolving fund to the department of budget and finance. The first annual report shall be due within six months following the initial twelve-month period that the revolving fund is in operation and shall be due annually thereafter not later than September 30 following the end of the immediately preceding fiscal year."

SECTION 15. There is appropriated out of the general revenues of the State of Hawaii the sum of \$35,000, to be deposited in the seed distribution revolving fund. Any funds in excess of \$35,000 at the end of each fiscal year shall be remitted to the state general fund.

A Bill for an Act Relating to "The Spirit of Liliuokalani".

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. The legislature finds that the state capitol should exemplify and symbolize the character and spirit of Hawaii, its past, its present, and its future. The rotunda of the capitol displays a sculpture of Father Damien, a figure prominent in the annals of Hawaiian history. The history of Hawaii is unique among American states, for the State of Hawaii descends directly from a royal monarchy. The legislature further finds that the representation of the monarchy in the state capital will bring to the people of the State, and our many visitors, increased awareness, and a permanent reminder of the people who played important roles in the development of Hawaii. The purpose of this Act is to recognize that the State of Hawaii, while occupying a progressive role in the modern world, must be ever mindful of the richness of the society, the people, and the heritage of Hawaii preceding the annexation of Hawaii by the United States.

SECTION 2. There is established, adjunct to the state foundation on culture and the arts and within the department of budget and finance, a jury to be appointed by the governor to recommend commissioning of an artist based on a design competition, for the creation of a sculpture of Queen Liliuokalani, to be entitled "The Spirit of Liliuokalani" and to be placed for permanent display at the state capitol. The members appointed to the jury shall be selected in consultation with appropriate community organizations and individuals to ensure that it shall be composed of persons with knowledge and appropriate appreciation of the arts, or with knowledge and appropriate appreciation of the role of Queen Liliuokalani in the history of Hawaii. The members of the jury shall serve without compensation but shall be reimbursed for expenses necessary to the discharge of their duties.

SECTION 3. There shall be a design competition, to be conducted by the jury, assisted by the state foundation on culture and the arts, the judging of which shall be conducted by the jury established in section 2 of this Act. In making its final recommendation for commission of an artist, the jury shall give preference to artists residing in the State of Hawaii to ensure the devotion of the sculpture to the spirit of Hawaii.

SECTION 4. The jury shall report on its final recommendation for commissioning to the legislature, within two years of the appointment of the jury.

SECTION 5. This Act shall take effect upon its approval.

A Bill for an Act Relating to the Hawaii Insurance Law.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 431-318, Hawaii Revised Statutes, is amended to read:

"Sec. 431-318 Taxation. (a) Each authorized insurer, except life insurers and ocean marine insurers, shall pay to the director of finance through the insurance commissioner, in the case of domestic insurers a tax of 2.635 per cent, and in the case of other insurers a tax of 3.8025 per cent, on the gross premiums received from all risks or property resident, situated, or located within this State, during the year ending on the preceding December 31 less return premiums (but not including dividends paid or credited to policyholders), and less any reinsurance accepted (the tax upon such business being payable by the direct writing insurer).

All premiums written, procured, or received in the State shall be presumed to have been from risks or property resident, situated, or located within the State. This presumption may be rebutted as to any premium: (1) by showing that it has been properly allocated or apportioned and reported as a taxable premium of another state or other appropriate taxing authority; (2) by facts as to the residence, situation, or location of the risks or property, conclusively showing the nontaxability of the premium.

(b) Each life insurer shall pay to the director of finance, through the commissioner, in the case of domestic insurers a tax of 1.755 per cent, and in the case of other insurers a tax of 2.925 per cent, on the gross premiums received from all risks resident within this State, during the year ending on the preceding December 31, less return premiums, dividends paid or credited to policyholders, and reinsurance accepted (the tax upon such business being payable by the direct writing insurer).

The tax also shall apply to premiums for insurance written on individuals residing outside the State unless the direct writing insurer shall show the payment of a comparable tax to another appropriate taxing authority. Such showing may be required as to any premium written, procured or received in the State.

(c) Each insurer shall, with respect to all ocean marine insurance contracts written within the State, during the year ending on the preceding December 31, pay to the director of finance through the commissioner a tax of .8775 per cent on its gross underwriting profit. The gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance ceded) on such ocean marine insurance contracts, the net losses paid (i.e., gross losses paid less salvage and recoveries on reinsurance ceded) during such year under such contracts. In the case of an insurer issuing participating contracts, the gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amount refunded, or paid as participation dividends, by such insurer to the holders of such contracts.

(d) No return premium shall be deductible unless the original gross premium, or an adjustment thereof, in an amount equal to or in excess of the return premium, has been concurrently or previously reported as taxable under this section or a prior similar law of the State.

(e) The tax shall be due and payable on March 15 succeeding the filing

of the statement provided for in section 431-317. Any insurer failing or refusing to render the statement and to pay the required taxes above stated, for more than thirty days after the time so specified, shall be liable to a penalty of \$25 for each day of delinquency, and the taxes may be collected by distraint, and the penalty recovered by an action to be instituted by the commissioner in the name of this State, in any court of competent jurisdiction, and the commissioner may suspend the certificate of authority of the delinquent insurer until the taxes and fine, should any be imposed, are fully paid.

(f) For the calendar year 1976, and each calendar year thereafter, taxes imposed by subsections (a), (b), and (c) of this section shall be paid as follows:

- (1) Insurers whose annual tax liability for the preceding year was more than \$5,000 shall pay their taxes on a monthly basis. The taxes shall be due and payable on or before the last day of the calendar month following the month in which they accrue;
- (2) Insurers whose annual tax liability for the preceding year was more than \$1,000 and up to \$5,000 shall pay their taxes on a quarterly basis. The taxes shall be due and payable on or before the last day of the calendar month following the quarter in which they accrue; and
- (3) Insurers whose annual tax liability for the preceding year was \$1,000 or less shall pay their taxes as provided for in subsection (e) of this section.

In establishing the prepayment amount of an insurer who has acquired the business of another insurer, the amount of tax liability of the acquiring insurer for the preceding calendar year shall be deemed to include the amount of tax liability of the acquired insurer for that year.

All amounts paid under this subsection, other than penalties, shall be allowed as a credit on the annual tax imposed by subsections (a), (b), and (c) of this section.

If the total amount of installment payments for any calendar year exceeds the amount of annual tax for that year, the excess shall be treated as an overpayment of annual tax and be allowed as a refund under section 431-319. Any insurer failing to pay taxes when due and payable, shall be liable to a penalty of \$25 for each day of delinquency, and the taxes may be collected by distraint, and the penalty recovered by an action to be instituted by the commissioner in the name of the State, in any court of competent jurisdiction, and the commissioner may suspend the certificate of authority of the delinquent insurer until the taxes and fine, should any be imposed, are fully paid."

SECTION 2. New material is underscored. In printing this Act, the revisor of statutes need not include the underscoring.*

SECTION 3. This Act shall take effect upon its approval.

ACT 176

S.B. NO. 42

A Bill for an Act Relating to Environmental Shoreline Protection.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Chapter 205A, Hawaii Revised Statutes, is amended by adding a new part to be appropriately designated, and to read as follows:

"PART II. INTERIM CONTROLS

Sec. 205A- Findings and purposes. The legislature finds that, until a general coastal management program can be developed and implemented, special interim controls on developments within an area along the shoreline are necessary to avoid permanent losses of valuable resources and the foreclosure of management options, and to ensure that adequate access, by dedication or other means, to public owned or used beaches, recreation areas, and natural reserves is provided. The legislature finds and declares that it is the state policy to preserve, protect, and where possible, to restore the natural resources of the coastal zone of Hawaii.

Sec. 205A- Definitions. As used in this part, unless the context otherwise requires:

- (1) "Authority" means the county planning commission except in counties where the county planning commission is advisory only in which case "authority" means the county council or such body as the council shall by ordinance designate.
- (2) "Development" means, on land, in or under water, any of the following, the total cost or fair market value of which exceeds \$25,000 or which significantly affects the coastal zone, taking into account potential cumulative effects: The placement or erection of any solid material or any gaseous, liquid, solid, or thermal waste; grading, removing, dredging, mining, or extraction of any materials; change in the density or intensity of use of land, including but not limited to, the division or subdivision of land; change in the intensity of use of water, ecology related thereto, or of access thereto; construction, reconstruction, demolition, or alteration of the size of any structure, including any facility of any private or public utility, and the extensive removal of vegetation, except crops. Whenever any of the above described ac-

tivities is or may become a part of a larger project, the total cost or fair market value of the activity for the purposes of this chapter shall be the total cost or fair market value of this larger project. Development does not include construction, repairs or maintenance of a single family residence which is not a part of a larger development.

- (3) "Applicant" includes any individual, organization, partnership, or corporation, including any utility, and any agency of federal, state, and county government.
- (4) "Shoreline" means the line at the seashore along the upper reaches of the wash of the waves, usually evidenced by the vegetation line or, if there is no vegetation line, then by debris left by the wash of the waves.
- (5) "Special management area" means the land extending not less than one hundred yards inland from the "shoreline" as defined within this part. The special management area shall also include the surrounding area extending one hundred yards from the border of any body of surface water subject to salinity intrusion or tidal influences and the waters themselves. However, such areas which abut any inland waterway or body of water wholly or partially improved with walls and upon portions of which there are numerous residential, commercial, or other structures of a substantial nature in existence as of the effective date of this bill, are excluded from the management area.
- (6) "Structure" includes, but is not limited to, any building, road, pipe, flume, conduit, siphon, aqueduct, telephone line, and electrical power transmission and distribution line.

Sec. 205A- County area boundaries. Each county shall, after holding public hearings, provide for the delineation of the boundary of the special management area of that county on maps of appropriate scale. Copies of such maps shall be filed with the authority prior to December 1, 1975.

Sec. 205A- Special management area objectives. The objectives of the special management area shall be the maintenance, restoration, and enhancement of the overall quality of the coastal zone environment, including, but not limited to, its amenities and aesthetic values, and to provide adequate public access to publicly owned or used beaches, recreation areas and natural reserves.

Sec. 205A- Special management area policy. It shall be the policy of the authority through its programs, activities and resources to:

- (1) Maintain the undeveloped portion of the special management area of the State where needed for recreation, scenic, educational and scientific uses in a manner that protects resources and is of maximum benefit to the general public.
- (2) Encourage public and private agencies to manage the natural resources within the State in a manner that avoids or minimizes adverse effects on the environment and depletion of energy and natural resources to the fullest extent.
- (3) Protect the shorelines of the State where needed from encroachment of man-made improvements and structures.

- (4) Encourage the definition and development of operational criteria and standards for the special management area which lead toward progressive enhancement of the relationship between mankind and the natural environment.
- (5) Carry out a program of intergovernmental and private-public interaction and coordination on the special management area planning and management.
- (6) Encourage citizen participation in the planning process for the special management area so that it continually embraces more citizens and more issues.

Sec. 205A- Guidelines. In implementing this part, the authority shall adopt the following guidelines for the review of developments proposed in the special management area:

- (1) All development in the special management area shall be subject to reasonable terms and conditions set by the authority in order to ensure:
 - (A) Adequate access, by dedication or other means to publicly owned or used beaches, recreation areas, and natural reserves is provided to the extent consistent with sound conservation principles.
 - (B) Adequate and properly located public recreation areas and wildlife preserves are reserved.
 - (C) Provisions are made for solid and liquid waste treatment, disposition, and management which will minimize adverse effects upon special management area resources.
 - (D) Alterations to existing land forms and vegetation except crops, and construction of structures shall cause minimum adverse effect to water resources and scenic and recreational amenities and minimum danger of floods, landslides, erosion, siltation, or failure in the event of earthquake.
- (2) No development shall be approved unless the authority has first found:
 - (A) That the development will not have any substantial adverse environmental or ecological effect except as such adverse effect is clearly outweighed by public health and safety. Such adverse effects shall include, but not be limited to, the potential cumulative impact of individual developments, each one of which taken in itself might not have a substantial adverse effect and the elimination of planning options; and
 - (B) That the development is consistent with the findings and policies set forth in this part.
- (3) The authority shall seek to minimize, where reasonable:
 - (A) Dredging, filling or otherwise altering any bay, estuary, salt marsh, river mouth, slough, or lagoon.
 - (B) Any development which would reduce the size of any beach or other area usable for public recreation.
 - (C) Any development which would reduce or impose restrictions upon public access to tidal and submerged lands, beaches, por-

tions of rivers and streams within the special management area and the mean high tide line where there is no beach.

- (D) Any development which would substantially interfere with or detract from the line of sight toward the sea from the state highway nearest the coast.
- (E) Any development which would adversely affect water quality, existing areas of open water free of visible structures, existing and potential fisheries and fishing grounds, wildlife habitats, or potential or existing agricultural uses of land.

Sec. 205A- Designation of special management area authority. The authority is designated the special management area authority and is authorized to carry out the policies and procedures of this part, as it affects the coastal zones of that county.

Sec. 205A- Permit required for development or structure. No development or structure shall be constructed in any county within the coastal zone special management area as designated on maps prepared by the county planning department, without obtaining a permit in accordance with this part.

Sec. 205A- Procedure. (a) The authority in each county shall adopt prior to December 1, 1975, and pursuant to chapter 91 the rules, regulations and procedures necessary for application of permits and hearings. The authority may require a reasonable filing fee. The fee collected shall be used for the purposes set forth herein.

(b) A hearing shall be set no less than twenty-one nor more than ninety days after the date on which the application is filed, unless the ninety-day period is waived by the applicant. The authority shall give adequate notice to individuals whose property rights may be adversely affected, and written public notice once in a newspaper of general circulation in the county in which the area is situated and once in a newspaper of general circulation in the State at least twenty days in advance. The notice shall state the nature of the proposed development for which a permit application is made and of the time and place of the public hearing.

Any such hearing shall when possible be held jointly and concurrently with an environmental impact statement hearing, if such hearing is held under chapter 343. In counties with council districts, the hearing shall be held in the council district in which the development is proposed.

(c) The authority shall act upon an application within thirty days after the conclusion of the hearing, unless an extension has been agreed to by the applicant. Such action shall be final, unless otherwise mandated by court order when a judicial review is sought pursuant to chapter 91.

(d) No county or state department authorized to issue permits pertaining to any development within the special management area shall authorize any development unless approval is first received from the authority, in accordance with the procedures adopted pursuant to this part.

Sec. 205A- Emergency and minor permits. Each county authority shall provide specific procedures not inconsistent with this part for the issuance of a permit, pursuant to the procedural requirements within this part, and judicial review from the grant and denial thereof, in cases of emergency requiring

immediate action to prevent substantial physical harm to persons or property and in cases of minor permits for structural developments not in excess of \$25,000.

Sec. 205A- Appeals. Any person, including an applicant for a permit, aggrieved by the decision or action of a permit-granting authority, shall have a right to judicial review of any decision or action of the authority.

Sec. 205A- Penalties. (a) Any person who violates any provision of this part shall be subject to a civil fine not to exceed \$10,000.

(b) In addition to any other penalties, any person who performs any development in violation of this part shall be subject to a civil fine not to exceed \$500 a day for each day in which such violation persists."

SECTION 2. Sections 205A-1 through 205A-3 are designated as part I of Chapter 205A entitled "Coastal Zone Management."

SECTION 3. This part shall not apply to developments or structures for which a building permit, planned development permit, planned unit development permit or ordinance, or special permit for cluster development was issued prior to December 1, 1975, or to subdivisions of property into single family residential lots of one acre or less which have received final approval and on which subdivision improvements including but not limited to grading, utilities, roads, street lighting and all required on-site and off-site improvements have been completed prior to December 1, 1975. This part shall not apply to interior renovations.

SECTION 4. Severability. If any provision of this Act or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

SECTION 5. This part shall take effect upon its approval, and shall remain in effect until implementation of a coastal zone management program pursuant to coastal zone management Act of 1972, Public Law 92-583, and to Section 205A-1 and Section 205A-2, Hawaii Revised Statutes.

A Bill for an Act Relating to Establishment of a Statewide Transportation Council and a Statewide Transportation Planning Program.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Statement of purpose. The legislature finds that continued growth in transport demand and increasing mobility requirements indicate a need for innovative, as well as improved, transportation systems which, while serving local needs, are integrated on a statewide basis. The State Transportation Plan of 1961 is no longer responsive to the needs of the people of Hawaii. A comprehensive, multi-modal statewide transportation planning process should be established which involves all levels of government in a cooperative process to develop coordinated transportation plans. Coordination of such a statewide planning process should be the primary responsibility of the Department of Transportation. However, to ensure that statewide transportation planning involves the continuing involvement of county governments in the production of a statewide transportation plan, there is a need to establish a statewide Transportation Council consisting of representatives of the state government and each of the four counties. There is no intent to diminish or pre-empt the existing authorities and responsibilities of county governments for the planning and implementation of transportation systems. It is the purpose of this Act to provide a means of coordinating the state's existing responsibilities for inter-island and major highway transportation planning and development with counties' responsibilities for intra-island surface transportation system planning and development, in order to facilitate the ultimate production of a statewide transportation plan which optimizes intra-island and inter-island system integration.

SECTION 2. The State Department of Transportation shall prepare a new statewide transportation plan and shall submit said plan to the legislature in its 1978 session. The legislature shall adopt the plan by resolution. The plan shall be directed toward the ultimate development of a balanced, multi-modal statewide transportation system that serves clearly identified social, economic and environmental objectives. The statewide transportation plan shall include, but not be limited to, the following system components: (1) the national system of interstate and defense highways, and highways within the state highway system; (2) airports; (3) harbors and water-borne transit; (4) surface mass transit systems; and (5) major county roads.

The Department of Transportation shall pay particular attention to the interfacing of the various modes of transportation.

The statewide transportation plan shall include projected transportation needs for a six-year period and a schedule of priorities for the construction, modification and maintenance of various segments of the statewide plan which involve either state operated systems or county operated systems which may require state financial assistance for a twenty-year period. Both the six-year and twenty-year estimates shall be updated annually.

SECTION 3. The statewide transportation plan shall include a financial

plan for the projected elements of the statewide transportation system, including both those sub-systems which are within the counties' authorities and responsibilities and the sub-systems which are within the state's authorities and responsibilities. In respect to sub-systems planned and to be implemented by the counties, the financial plan will identify those which may involve state financial assistance and will estimate the projected amounts of such assistance.

The financial plan shall consider various sources of revenue without regard to any constraints imposed by law on expenditures from such sources necessary to assure adequate financing of the sub-systems and, if necessary, recommend appropriate legislation to the legislature to secure such financing.

SECTION 4. To assist and advise the State Department of Transportation in the development of the statewide transportation plan there is hereby established a Statewide Transportation Council consisting of twelve members. The members of the council shall be the directors of the State Department of Transportation, the State Department of Planning and Economic Development, the State Department of Health, and the State Office of Environmental Quality Control, the planning directors of each of the four counties, and the transportation directors of each of the four counties. The members may be represented at council meetings by their designated alternates. The Director of the State Department of Transportation shall submit recommendations to the council for additional ex-officio nonvoting members who, upon the majority vote of the council, shall be invited to serve.

The Department of Transportation is authorized and directed to furnish staff support to the council; such staff may be exempt from the provisions of Chapters 76 and 77, H.R.S. The Director of the Department of Transportation shall be the chairman of the council. All decisions of the council shall be by majority vote unless otherwise provided.

SECTION 5. The operations of the council will be financed by funds appropriated by Section 79A, Act 218, Session Laws of Hawaii, 1973, as amended by Section 9, Act 218, Session Laws of Hawaii, 1974. An annual recommended budget for the council shall be prepared by its chairman and submitted to the council for approval. Funds may be expended for staff services, administrative and operating costs, travel and per diem costs of council members and staff, hiring of consultants to assist in work program formulation, planning and research, publication of materials, and any other activities necessary and incidental to the effective operations of the council in fulfilling the purposes of this Act.

SECTION 6. The State Department of Transportation shall formulate a detailed work program through which the statewide transportation plan mandated by this Act shall be developed. The work program shall be approved by the council no later than September 1, 1975. The council shall report thereafter annually to the legislature on the progress that has been made to date as measured against the work plan.

The work program shall provide for a systematic planning interface among the ongoing planning activities of the counties, the State Department

of Transportation, and the council itself. The work program shall include specific target dates for the provision of identified planning inputs from the responsible state and county functional agencies into the statewide planning process. In determining this schedule, the council shall solicit from the counties their present transportation planning schedules for intra-county systems, and the council's work program shall reflect the counties' existing work product schedule and planning cycles.

SECTION 7. In addition to its responsibility for coordinating the development of a statewide transportation plan, the council shall be responsible for the following functions:

- (1) The council shall be responsible for all transportation planning and approval of projects for submission to the legislature which involves solely and exclusively either state highways, harbors and water-borne transit, and airports and air transportation; solely and exclusively state funds; or solely state lands. All other transportation planning and approval of projects for submission to the legislature, including intra-county mass transit projects, shall be the responsibility of the counties.
- (2) In respect to transportation projects for which the counties are responsible for planning and approval prior to submission to the legislature, the council shall review such projects and prepare comments for the legislature regarding
 - (A) The degree to which an intra-island transportation project interfaces efficiently with existing proposed inter-island transportation system, and
 - (B) The relationship between the specific projects' possible requirements for state financial assistance and projections as to the state's total potential financial commitments required for development of a statewide transportation system.
- (3) Counties which do not have Metropolitan Planning Organizations may request from the council, and the council shall provide, technical assistance to the counties in the preparation of their respective county transportation plans as components of the statewide transportation planning process. The amounts of technical assistance to be provided hereunder are within the discretion of the chairman who shall consider in making his determinations the magnitude of the problems which exist in the requesting counties, the availability of local resources, the degree to which they are cooperatively participating in the statewide planning process and the adequacy of the council's budget considering the financial requirements of overall council operations.

SECTION 8. The provisions of this Act do not affect the entitlement of the Metropolitan Planning Organization for the island of Oahu to unconditionally receive and administer transportation planning funds pursuant to Section 112 of the Federal-Aid Highway Act of 1973.

SECTION 9. The council shall be responsible for limiting and curtailing the numbers and kinds of transportation units in the State. The council shall determine annually, after consultation with the department of traffic and oth-

er appropriate departments of the counties, the number, size, and use of transportation units of any kind that may be within the territory of any island of the State at any one time. The council shall make its determination on the basis of preserving, safeguarding, and enhancing the physical and mental health of the residents of the State, and the ecology and environmental quality of the State, and shall take into consideration the need for high priority and vital movement of people and goods. The council shall report its findings to the legislature twenty days prior to the opening of each regular session.

SECTION 10. Chapter 279, Hawaii Revised Statutes, is repealed.

SECTION 11. This Act shall take effect upon its approval.

(Approved June 2, 1975.)

ACT 180

S.B. NO. 1215

A Bill for an Act Relating to Establishment of an Oahu Metropolitan Planning Organization and Policy Committee.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Statement of purpose. The legislature finds that section 112 of the Federal-Aid Highway Act of 1973, section 9 of the Urban Mass Transportation Act of 1964, as amended, and other federal law require that a metropolitan planning organization be designated to act as an advisory urban transportation planning organization and to receive certain funds for the purpose of carrying out continuing, comprehensive, cooperative urban transportation planning. It is further suggested that the organization be established under specific state legislation to coordinate metropolitan transportation planning.

The Oahu Transportation Planning Program, a quasi-agency presently charged with coordinating transportation planning on Oahu has been unable to satisfy federal requirements for a "continuing, comprehensive, and cooperative," transportation planning process. As a result, the Federal Highway Administration and the Urban Mass Transportation Administration have decertified Oahu transportation programs for federal funding. This problem has resulted in statewide concern about the effects of decertification because of its impact on transportation programs and consequently employment and also because Oahu contains the greater part of the state's population and employment.

In order to be recertified, it is mandatory that a Metropolitan Planning Organization be established and designated by the State as soon as possible. Loss of all Federal planning and construction funds for transit and transportation will continue until this is done.

This MPO will be primarily an advisory body to the Legislature and the legislative body of the appropriate county in affairs involving the continuous, comprehensive, cooperative urban transportation planning for the county. The act is designed to provide the mechanism by which orderly and reasoned urban transportation planning can take place within the framework of Federal law and the need to provide for adequate and informed representation

from both the State and County governments and the public at large.

It is appropriate that each unit of general purpose government within the jurisdiction of the Metropolitan Planning Organization shall have adequate representation on the Metropolitan Planning Organization. The Metropolitan Planning Organization (MPO), will, utilizing input from appropriate state and city agencies, coordinate and develop a prospectus and a unified planning work program, a transportation plan and a transportation improvement program including an annual element of projects recommended for funding in order to provide this advice to legislative and government agencies. It is very important that the delineation of state and county functions relating to transportation within the metropolitan area be carefully considered in the designation of the MPO.

Hawaii's state government differs markedly from most mainland states. Hawaii has a two-tier government: the State and the various counties. The state government functions as a general purpose government having the responsibility for many programs, such as public education, health, welfare and judiciary, which are usually controlled by local government in mainland states. In addition, land use, through the State Land Use Commission, is generally determined by the State rather than by the counties as is usually the case on the mainland. In transportation, the state government has responsibility for such normally local government programs as airports, bikeways, harbors and waterways.

Hawaii's two-tier government did not come about by accident, it was the result of careful consideration and study of Hawaii's unique geographic configuration. As a state comprised of islands, Hawaii has four counties, each consisting of separate islands and consequently are not contiguous.

Because the State of Hawaii is comprised of islands, much of the transportation planning done by the State is designed to facilitate transportation solely within the county in which the project is built. Obviously, a state highway built on the island of Oahu will only serve that island. Hence, for example, the State's three major defense highways, H-1, H-2 and TH-3, which are all located on Oahu, while designated as state highways, serve only the transportation needs of the residents of Oahu. However, this is entirely consistent with the present delineation of roadway functions in Hawaii. The State is generally responsible for providing highway facilities that facilitate inter-community transportation, with the counties primarily responsible for local intra-community streets and roads. As a result, the State has by design a major portion of the responsibility for transportation in each county, and more importantly for that part of the transportation network most closely related to and impacting on planning in general and transportation planning in particular.

Unlike most mainland states, Hawaii has only one urbanized area, the City and County of Honolulu, where eighty-one percent (81%) of the state's population reside. In transportation, the State has programmed approximately \$149 million dollars in new highway facilities for Oahu in Fiscal Year 1976 as compared to approximately \$31 million dollars by the City and County of Honolulu. Additionally, the state's major airports and harbors are located on

Oahu. In short, the State has responsibility for most of the major transportation facilities and projects on Oahu and any designation of an MPO must take this into account. Designation of an MPO which does not provide for significant state participation simply does not recognize the existing delineation of state and county functions relating to transportation in Hawaii.

The MPO must be designed to prevent the type of situation which led to the decertification of the OTTP; it must have its own coordinating staff independent of either state or county agencies; it must be accessible and accountable to the public; and it must provide for public input.

The purpose of this Act is to establish and specify the role of the organization to be designated by the Governor as the MPO as required by 23 U.S.C. 134 and section 4(a) of the Urban Mass Transportation Act of 1964, as amended (49 U.S.C. 1603(a)), which requires comprehensive planning of transportation improvements.

SECTION 2. Establishment of Metropolitan Planning Organization.

There is established in each county with a population in excess of 200,000 a metropolitan planning organization called the Metropolitan Planning Organization, abbreviated by the letters MPO. The MPO shall be an advisory body responsible for carrying out continuing, comprehensive, transportation planning process in cooperation with the State and the appropriate county in order to advise appropriate state, county and federal agency regarding that process.

The MPO shall develop through continuing cooperative input from state and county planning agencies, the transportation plans and planning processes or policies enumerated herein and shall submit those plans and planning processes together with any other advice on transportation planning as may be required to the State Legislature, the State department of transportation, the State department of planning and economic development, the legislative body of the appropriate county, the transportation and planning agencies of the appropriate county, and appropriate federal agencies.

The MPO shall further assist and advise the State legislature, the State department of transportation, the State department of planning and economic development, the legislative body of the appropriate county and the transportation and planning agencies of the appropriate county in carrying out comprehensive metropolitan transportation planning embracing airports, bike-ways, harbors, highways, transit and waterways within the appropriate county. The MPO shall assist and advise such appropriate agencies in evaluating studies and programs related to transportation planning. The MPO shall recognize that all of its activities shall be primarily advisory, and that the policy making powers shall remain with the legislature or the legislative body of the appropriate county, whichever the case may be. The MPO is to develop and recommend policies, priorities, and techniques relating to transportation planning, and shall be directly accountable to the legislature and the legislative body of the county as an advisory body.

For administrative purposes only, each MPO shall be assigned in part to the Department of Transportation of the State of Hawaii and in part to the county.

Nothing in this law is intended to change the basic jurisdiction for planning responsibilities already given to the state and county agencies in existing statutes and ordinances. Those state and county agencies are to cooperate with the MPO by providing input from their present planning processes and the MPO will advise those agencies by way of submitting to them the coordinated plan which it develops.

SECTION 3. MPO membership. The MPO shall consist of a Policy Committee and appropriate staff. The MPO Policy Committee shall consist of nineteen members. These members shall include: Nine members of the legislative body of the appropriate county; five members of the State Senate who are residents of the county and who are appointed by the Senate President; and five members of the State House of Representatives who are residents of the county and who are appointed by the Speaker of the House.

Each member of the MPO Policy Committee who is a member of the State Legislature or the legislative body of the county shall serve for the same as the term of office for which he is elected. There shall be no remuneration for this service. Each member shall be appointed or selected within sixty days of the effective date of this chapter.

Vacancies in the MPO Policy Committee which occur shall be filled in the same manner in which the original member was appointed.

SECTION 4. Chairperson: function and term of office. The members of the MPO Policy Committee shall elect annually a chairperson on a rotating basis. No member shall serve as chairperson for more than one year per term of appointment.

The Chairperson shall place on the agenda for full hearing any issue, project or subject matter relating to transportation which is requested by at least five members of the MPO Policy Committee.

SECTION 5. Staff and funding. Each MPO shall have a full-time staff independent of state and county agencies. The MPO Policy Committee shall appoint all members of the staff, none of whom shall be subject to chapters 76 and 77 and part II of chapter 88. Nothing herein shall be deemed to prohibit the MPO from utilizing, through contractual arrangements, the staff resources of other local agencies, state agencies, and other quasi-public or private organizations to assist the MPO in its functions.

During the remainder of fiscal year 1975 and during fiscal year 1976 each such MPO is authorized to have not less than the equivalent staff positions authorized for the present organizations responsible for metropolitan transportation planning and designated in accordance with the provisions of 23 U.S.C. 134.

Any provision of law to the contrary notwithstanding, all officers and employees of the existing Oahu Transportation Planning Program are hereby transferred to the MPO for Oahu with their respective functions and duties, and shall continue to perform their functions and duties in accordance with this Act.

SECTION 6. Meetings. The MPO Policy Committee shall meet no less than twice a quarter. Notice of meetings shall be published in a newspaper of general circulation at least forty-eight hours in advance and such meetings shall be open to the public.

Where the MPO makes a decision concerning input to any of its advisory plans or procedures or any other matter than there shall be at least seven legislative members and five city or county council members of the Policy Committee present and the decision must be made by a majority vote of the entire membership of the MPO.

SECTION 7. Functions of the MPO. The functions of each Metropolitan Planning Organization shall include:

- (1) Serve in an advisory capacity to the Legislature, the legislative body of the county, and the appropriate state and county agencies in carrying out continuous, comprehensive and cooperative transportation planning and programming for the county as required by federal laws and rules.
- (2) Obtain information and plans from the appropriate county and state agencies to formulate a short-range six-year transportation plan for the county and an annual update of that plan, and a master multi-modal long range transportation plan for the county in order to advise the Legislature, the legislative body of the county, and other appropriate agencies regarding those plans.
- (3) Review the capital improvement programs of both the county and state for urbanized and rural areas of the county as they concern transportation.
- (4) Integrate transportation planning for the county with a statewide transportation planning program authorized by Act 218, SLH 1974.
- (5) Develop recommendations to the State Legislature and the legislative body of the county regarding transportation policy matters.
- (6) Act as liaison with the intermodal planning group of the Secretary of Transportation.
- (7) Coordinate the mathematical modeling essential to the transportation planning process of the county.
- (8) Ensure a continuing, comprehensive transportation planning process carried on cooperatively by the State and the county.
- (9) Develop a formula for the distribution of metropolitan planning funds which shall consider but not necessarily be limited to population, status of planning, and metropolitan area transportation needs, and submit this formula for approval by the Secretary of Transportation.
- (10) Receive and distribute, as necessary, federal funds under section 112 of the Federal-Aid Highway Act of 1973, the Urban Mass Transportation Act of 1964, as amended, section 13 of the Airport and Airway Development Act of 1970, as amended, and section 5 of the Urban Mass Transportation Act of 1964, as amended.
- (11) Receive and distribute, as necessary, such other funds as may become available to support metropolitan transportation.

- (12) Advise on plans, projects and programs requiring action by the State Legislature or the legislative body of the County which have been submitted for review to the MPO.
- (13) Undertake such other functions as may become appropriate in an advisory capacity to ensure a joint planning process between the County and the State, and advise appropriate legislative bodies and agencies, as necessary.
- (14) If the MPO finds that it is necessary to have a citizens' advisory group to present technical or other expert opinions or facts to the MPO then such a group may be formed.

SECTION 8. The Governor of the State of Hawaii shall have the authority to appoint every agency in the State and in any county of the State which will exercise the duties of the A-95 clearing-house agency required by the United States Office of Management and Budget circular A-95.

SECTION 9. This Bill if enacted will be reviewed by the 1976 Legislature.

SECTION 10. **Effective date.** This Act shall take effect upon its approval.

ACT 181

H.B. NO. 141

A Bill for an Act Relating to Mechanic's and Materialman's Liens.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Section 507-43(a), Hawaii Revised Statutes, is amended to read as follows:

"Sec. 507-43 Filing notice, contents. (a) Requirements. Any person claiming a lien shall apply therefor to the circuit court of the circuit where the property is situated. Such "Application For A Lien" shall be accompanied by a written "Notice Of Lien" setting forth the alleged facts by virtue of which the person claims a lien. A copy of the Application and Notice shall be served in the manner prescribed by law for service of summons upon the owner of the property and any person with an interest therein and upon the party or parties who contracted for the improvements if other than the owner of the property or any person with an interest therein. If any person entitled to notice cannot be served as herein provided, notice may be given the person by posting the same on the improvement. The Application shall set forth the amount of the claim, the labor or material furnished, a description of the property sufficient to identify the same, and any other matter necessary to a clear understanding of the claim. If the claim has been assigned, the name of the assignor shall be stated. The Application shall specify the names of the parties who contracted for the improvement, the name of the general contractor and the names of the owners of the property and any person with an interest therein. The Application may (but need not) specify the names of the mortgagees

or other encumbrancers of the property, if any, and the name of the surety of the general contractor, if any.

The Application and Notice shall be returnable not less than three nor more than ten days after service. On the return day, a hearing shall be held by the court to determine whether probable cause exists to permit the lien to attach to the property. Any person to whom notice is required to be given shall be permitted to offer testimony and documentary evidence on the issue of whether probable cause exists to permit the lien to attach. If the person who contracted for the improvement from which the requested lien arises claims a set-off against the lienor or if any person to whom notice is required to be given otherwise disputes the amount of the requested lien, the court shall hear and receive all admissible evidence offered and shall only permit the attachment of a lien in the net amount which the court determines is the reasonably probable outcome of any such dispute. The return day hearing may be continued at the order of the court so that the entire controversy need not be determined on the originally scheduled return day. The lien shall not attach to the property until the court finds probable cause exists and so orders. No such order shall be entered before the Application and Notice have been served on the party contracting for the improvement, the general contractor and the owner of the property, and they were given an opportunity to appear at the hearing."

SECTION 2. Section 507-43, Hawaii Revised Statutes, is amended by amending subsection (b) to read as follows:

"(b) Time for filing. The Application and Notice shall be filed not later than forty-five days after the date of completion of the improvement against which it is filed. Where title to the property involved, or any portion thereof, is registered in the land court it shall be incumbent upon the lienor to file a certified copy of the Order Directing Lien To Attach in the office of the assistant registrar of the land court within seven days after the entry thereof in order to preserve his rights against subsequent encumbrancers and purchasers of the property."

SECTION 3. Section 507-43, Hawaii Revised Statutes, is amended by amending subsection (c) to read as follows:

"(c) Joint owner. If the fee title to the land involved is held in joint or common ownership or as an estate by the entirety, service upon one of the owners of the Application and Notice in accordance with this section shall be deemed service upon all of the owners. Likewise, if the parties who contracted for the improvement, if other than the owner of fee title to the property involved, hold their interest in the premises in joint or common ownership, or as an estate by the entirety, service upon one of the parties of the Application and Notice in accordance with this section shall be deemed service upon all of the parties."

SECTION 4. Section 507-43, Hawaii Revised Statutes, is amended by amending subsection (d) to read as follows:

"(d) Owner acting through attorney-in-fact. In cases where materials

have been furnished or labor was performed at the request, or upon the order, of a person acting under a duly executed and acknowledged power of attorney from the owner and (1) the power of attorney has not been revoked, or (2) the power of attorney has been revoked subsequent to the furnishing of materials and labor upon request or order and the owner cannot be found within the State, service of the Application and Notice upon the person acting under the power of attorney shall be deemed service upon the owner."

SECTION 5. Section 507-43, Hawaii Revised Statutes, is amended by amending subsection (e) to read as follows:

"(e) Duration of lien. The lien shall expire three months after the entry of the Order Directing Lien to Attach unless proceedings are commenced within that time to collect the amount due thereon by enforcing the same."

SECTION 6. Section 507-44, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 507-44 Record in circuit courts. The clerks at the circuit courts shall keep in their respective offices a book called "Notice of completion record" in which shall be entered a memorandum of each notice of completion filed and the date of filing, arranged alphabetically in the names of the owners. There shall also be kept a "mechanics' lien record" in which a memorandum of each Application and Notice filed shall be entered, arranged alphabetically in the names of the claimants and showing the amount of the lien or claim, the date of filing the Application and Notice, the date of the entry of the Order Directing Lien To Attach, the date of withdrawal, discharge or cancellation of the Application and Notice or of a lien which has been directed to attach, and any other matters deemed necessary."

SECTION 7. Section 507-47, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 507-47 Demand; enforcement; foreclosure, other attachment. After demand and refusal of the amount due or upon neglect to pay same upon demand, the lien may be enforced by action filed in the circuit court of the circuit in which the property is situated. The demand may be included in the Application and Notice and when so included it shall not be necessary to make separate demand upon any other person. The complaint, in addition to setting forth a claim in the nature of assumpsit, may pray for the foreclosure of the lien as to which notice has been filed and may pray for any incidental relief according to the usual practice of courts of equity and according to this section in enlargement thereof. The owner or his assigns on whose property the lien has attached may file a third-party action against a licensed contractor whom he has paid for improvements as provided for in section 444-28(g), Hawaii Revised Statutes, as amended. All proceedings concerning the same improvement shall, unless good reason otherwise appears, be consolidated for trial and the court may order publication of notice of the pendency of the action. Any person having or claiming an interest in any such proceeding or in the property, including other claimants, lienors, encumbrancers, sureties, indemnitors and the contractors license board may be joined as parties, may be

interpleaded or may be permitted to intervene, under such orders as the court may enter. Interlocutory and final decrees for the foreclosure of the liens, for deficiency judgments, and relief against the parties liable therefor, and fixing the priority of liens between the mechanics and materialmen as a group and other parties having liens against or interests in the property shall be made and entered as near as may be in accordance with the practice on foreclosure of mortgages. If the property or proceeds realized upon the foreclosure sale are insufficient to satisfy all mechanic's and materialmen's liens filed against the same, the property or proceeds shall, after satisfaction of liens for wages for labor entitled to priority under section 507-46, be divided pro rata among the liens according to the principal amounts of the liens, without regard to the order or priority in which the respective Applications and Notices have been filed or the respective actions or interventions commenced.

The court having jurisdiction of the action to foreclose the lien shall have all of the powers pertaining to courts of equity, and in addition may direct the issuance of a writ of attachment or execution upon the motion of any party against the property of any other party, in the same manner as is provided in chapter 651 provided that the writ shall only issue where the claim upon which the motion therefor is based is upon a contract, express or implied, between the parties. In addition to costs of the action the court may allow any fee or fees for legal services rendered by the attorneys for any of the parties, and apportion the same as costs for payment by and between the parties or any of them, all as to the court seems equitable in the light of the services performed and the benefits derived therefrom by the parties respectively."

SECTION 8. Section 507-49(a), Hawaii Revised Statutes, is amended to read as follows:

"Sec. 507-49 Exceptions. (a) Anything contained in this part to the contrary notwithstanding, in connection with any repairs or improvements made or performed on property which before the repairs or improvements was used primarily for dwelling purposes, no lien shall exist either for the furnishing of materials to a general contractor as defined in this chapter or his subcontractor either of whom was not licensed pursuant to chapter 444 or if unreasonable advancement of credit was given by the furnisher of materials to the general contractor or subcontractor whether such person is licensed, unlicensed or exempted under chapter 444.

The issue of reasonable advancement of credit shall be decided by the circuit judge at the return day hearing provided for in section 507-43(c); provided that if a party affected by the lien does not appear at said return day hearing, he may raise the issue of unreasonable advancement of credit at any time prior to the entry of a final or interlocutory decree of foreclosure in the proceeding brought to enforce the lien under section 507-47. For the purposes of this section, if the furnisher of materials has secured a credit application form from the general contractor or the subcontractor to whom the materials were furnished or has reasonably inquired into the credit status of said general contractor or subcontractor, the advancement of credit by the furnisher of materials shall be prima facie reasonable.

"Sec. 444-28 Statute of limitations; recovery from fund. (a) No action for a judgment which may subsequently result in an order for collection from the contractors recovery fund shall be commenced later than six years from the accrual of the cause of action thereon. - (2) He has complied with all the requirements of this section.
- (3) He has obtained a judgment as set out in subsection (b) of this section, stating the amount thereof and the amount owing thereon at the date of the application.
- (4) He has made all reasonable searches and inquiries to ascertain whether the judgment debtor is possessed of real or personal property or other assets, liable to be sold or applied in satisfaction of the judgment.
- (5) That by such search he has discovered no personal or real property or other assets liable to be sold or applied, or that he has discovered certain of them, describing them, owned by the judgment debtor and liable to be so applied, and that he has taken all necessary action and proceedings for the realization thereof, and that the amount thereby realized was insufficient to satisfy the judgment, stating the amount so realized and the balance remaining due on the judgment after application of the amount realized.

(d) The court shall make an order directed to the contractors license board requiring payment from the contractors recovery fund of whatever sum it shall find to be payable upon the claim, pursuant to the provisions of and in accordance with the limitations contained in this section, if the court is satisfied, upon the hearing of the truth of all matters required to be shown by the aggrieved person by subsection (c) of this section and that the aggrieved person has fully pursued and exhausted all remedies available to him for recovering the amount awarded by the judgment of the court.

(e) Should the contractors license board pay from the contractors recovery fund any amount in settlement of a claim or toward satisfaction of a judgment against a licensed contractor, the license of the contractor shall be automatically terminated upon the issuance of a court order authorizing payment from the contractors recovery fund. No contractor shall be eligible to receive a new license until he has repaid in full, plus interest at the rate of six per cent a year, the amount paid from the contractors recovery fund on his account. A discharge in bankruptcy shall not relieve a person from the penalties and disabilities provided in this subsection.

(f) If, at any time, the money deposited in the contractors recovery fund is insufficient to satisfy any duly authorized claim or portion thereof, the contractors license board shall, when sufficient money has been deposited in the contractors recovery fund, satisfy such unpaid claims or portions thereof, in the order that such claims or portions thereof were originally filed.

(g) With respect to the repair or alteration of an existing residential building or structure or any appurtenance thereto, including but not limited to swimming pools, retaining walls, garages or sprinkling systems, initial construction of such appurtenances, and landscaping of private residences, including condominium or cooperative units, pursuant to a contract between the owner and a licensed contractor for which the owner has paid the contractor in full, should, because the contractor's default, a mechanic's or materialman's lien be enforced against the property pursuant to section 507-47, the court

hearing the action shall award such an owner or his assigns a valid judgment against the contractor in an amount equal to the amount of the lien together with reasonable attorney's fees as determined by the court. The judgment shall include an order directing payment out of the contractors recovery fund. Notwithstanding any other provision of this section to the contrary, the owner or his assigns need not meet any other requirement to secure payment from the contractors recovery fund, except that notice of the lien enforcement hearing shall be given to the contractors license board so it may appear pursuant to section 444-31."

SECTION 2. Section 444-34, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 444-34 Maximum liability. Notwithstanding any other provision, the liability of the contractors recovery fund shall not exceed \$20,000 for any licensed contractor."

SECTION 3. Section 444-35, Hawaii Revised Statutes, is amended to read as follows:

"Sec. 444-35 Disciplinary action against licensee. Nothing contained herein shall limit the authority of the contractors license board to take disciplinary action against any licensee for a violation of any of the provisions of chapter 444, or of the rules and regulations of the contractors license board; nor shall the repayment in full of all obligations to the contractors recovery fund by any licensed contractor nullify or modify the effect of any other disciplinary proceeding brought pursuant to the provisions of chapter 444 or the rules and regulations."

SECTION 4. Chapter 444, Hawaii Revised Statutes, is amended by adding a new section to read as follows:

"Sec. 444- Disclosure. Any licensed contractor entering into a contract involving home improvements shall upon or before signing the contract, but before the application for a building permit:

(a) Explain verbally in detail to the owner all lien rights of all parties performing under the contract including the homeowner, the contractor, any subcontractor or any materialman supplying commodities or labor on the project.

(b) Explain verbally in detail the owner's option to demand bonding on the project, how such a bond would protect the owner and the approximate expense of such a bond.

(c) Secure signatures of the owner on a separate form approved by the Contractor's Licensing Board, which shall be printed in at least 12 point type and in the same language in which the contract was negotiated and which shall contain the provisions set out in subsections (a) and (b).

(d) Violation of this section shall be deemed an unfair or deceptive practice and shall be subject to provisions of Chapter 480, as well as the provisions of this chapter.

(e) The Contractor's Licensing Board is authorized and directed to develop the disclosure form pursuant to this section."

SECTION 5. Statutory material to be repealed is bracketed. New material is underscored. In printing this Act, the revisor of statutes need not include the brackets, the bracketed material or the underscoring.*

SECTION 6. This Act shall take effect upon its approval.

ACT 184

S.B. NO. 1200

A Bill for an Act Relating to Residential Leaseholds.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. **Findings and purpose.** The legislature reaffirms its findings and declaration contained in section 1, Act 307, Session Laws of Hawaii 1967, and further finds as follows:

(a) The fee simple ownership of residential lands in the State is still concentrated in the hands of a small number of landowners. The state and federal governments and the largest 72 private landowners own approximately 95 per cent of all land area within the State. On Oahu alone, 22 major private landowners own 72.5 per cent of all land.

(b) The small number of landowners have continued to follow the policy of not selling their lands for residential use but of leasing their lands under long-term residential leases. While fee simple ownership still accounted for 68.9 per cent of all owner-occupied housing on Oahu in 1972, leasehold residential development has dominated the housing market since 1967 as it had during the period 1950 to 1967. Between 1950 and 1966, 40 per cent of all owner-occupied housing units developed on Oahu had been on leasehold. Between 1967 and 1972, 46 per cent of such development has been on leaseholds. In 1973, leaseholds constituted 32 per cent of all owner-occupied housing, more than double the percentage in 1960.

(c) The foregoing developments have compelled thousands of people in the State to resort to leaseholds to satisfy their housing needs, and this trend is likely to continue in view of the limited availability of land for residential purposes.

(d) Residential leaseholds have had and continue to have the following undesirable economic effects:

- (1) The scarcity of fee simple residential lands have pushed the price of fee simple residential units to high levels;
- (2) The high levels of fee simple residential unit prices have artificially raised the level of prices for leasehold units;
- (3) The high prices commanded for leasehold units have encouraged the development of leasehold residential units and discouraged the development of fee simple units;
- (4) The increases in the price for both fee simple and leasehold residential lands have caused lease rentals to increase on renegotiation of

*Edited accordingly.

rentals (on the expiration of 25 or 30 years of initial fixed rent periods) ranging from 400 per cent to 1000 per cent; for renegotiated lease rentals are invariably tied to the fee simple value of the land on which the leasehold residences are situated, and these new lease rentals have at times exceeded the amount of the payments that the lessee had been making on the leasehold mortgages;

- (5) Rental renegotiations have strongly favored the lessor, the lessee having little option but to consent to such rental as determined by the lessor or to give up the leasehold and home, although the lease may yet have 25 or more years to run; and
- (6) The inequality of bargaining power has allowed lessors to charge lease rent based not only on the raw land value of the property but also on the value of the offsite and onsite improvements which have already been paid for or will be paid for by the lessee and on the value accruing thereon;
- (7) The high increases in lease rentals have caused leasehold values to drop after the initial fixed rent period (e.g., a house appraised at \$68,000 before renegotiation of lease rental was increased), causing lessees opting to dispose of their leasehold interests to suffer severe economic losses.

(e) Residential leaseholds have also undesirable social effects. Lease rent negotiations are usually scheduled every 10 to 15 years after the initial fixed rent period of 25 to 30 years. Thus, as the lessee advances in age and his income potential declines, his lease rentals increase, causing him to give up the lease and to look for other accommodations. Then, when the entire lease period expires, the lessee who has stayed on the leasehold for the full term of the lease is, by reason of age, income, and the lack of value remaining in the leasehold, left without means to purchase another home. These situations aggravated the already acute need for government-sponsored low and middle income and elderly housing. With the increasing number of elderly in this State, the problem promises to become even more acute in the foreseeable future, and will adversely affect the health and welfare of these people and the general welfare of the people of the State of Hawaii.

The legislature further finds and declares:

- (1) That the land in Hawaii is to be considered as a source of life, dignity, and economic freedom for the men and women who reside on it;
- (2) That it is the policy of the State that each person shall have the right of ownership of the land on which he makes his home;
- (3) That it is also the policy of the State that the lessee of a residential unit, so long as he remains a lessee, shall have the right to have rentals set at reasonable levels and to enjoy his leasehold estate under reasonable leasehold terms;
- (4) That the public health, safety, and welfare of the people of Hawaii demand that Act 307, Session Laws of Hawaii 1967, be fully implemented and that other applicable laws be enacted including legislation to prevent the imposition of confiscatory economic burdens upon the thousands of lessees presently living on leased property.

SECTION 2. Chapter 516, Hawaii Revised Statutes, is amended as follows:

1. Section 516-1 is amended to read:

"Sec. 516-1 Definitions. Unless otherwise clear from the context, as used in this chapter:

- (6) "Leased fee" and "leased fee interest" mean all of the interests of the fee owner, lessor, and all legal and equitable owners of the land which is leased, other than the lessee's interest as defined by this chapter.
- (7) "Legal and equitable owners" means the fee simple owner and all persons having legal or equitable interests in the fee or in the lessor's leasehold estate, including mortgagees, developers, lienors, and sublessors, and their respective heirs, successors, legal representatives, and assigns.

corporations, firms, associations, trusts, estates, and the State or its political subdivisions. When more than one person are the lessors, lessees, fee simple owners, fee owners, or legal and equitable owners of a lot, the terms apply to each of them, jointly and severally.

- (11) "Lot," "houselot," "residential lot," and "residential houselot" mean a parcel of land, two acres or less in size, which is used or occupied or is developed, devoted, intended, or permitted to be used or occupied as a principal place of residence for a single family.
- (12) "Offsite improvements" means all physical improvements such as, but not limited to roads, sewer lines, sewage treatment plants, gutters, curbs, sidewalks, fire hydrants, street lights, land dedicated for public purposes and underground electric cables, constructed or placed in a subdivision off the lots intended for occupancy, which improvements are to be used in common by occupants of all lots adjoining such improvements or by the occupants of all lots whose benefit the improvements have been constructed or placed.
- (13) "Onsite improvements" means all physical improvements placed on a residential lot intended for occupancy which improvements are for the benefit of occupants of that lot, including, but not limited to, dwelling units, garages, service buildings, stairs, walkways, driveways, walls, trees, shrubs, landscaping, and pools.
- (14) "Owner's basis" means the current fair market value of the lot excluding onsite improvements, valued as if the fee title were unencumbered, less the lessee's share, if any, of the current replacement cost of providing existing offsite improvements attributable to the lot, which replacement cost shall include an overhead and profit not exceeding twenty per cent of the current replacement cost of the existing offsite improvements, or the original lot development credit to the lessee, whichever is greater, plus the unpaid balance, if any, owing to the lessor by the lessee as reimbursement other than as a part of the lease rent for the actual offsite improvement costs paid by the lessor."

2. Section 516-2 is amended to read:

"Sec. 516-2 Applicability. This chapter applies to all lands leased as residential lots which are owned or held privately or owned by the State or its political subdivisions except Hawaiian home lands which are subject to Article XI of the Constitution of the State and lands owned or held by the federal government. This chapter is not meant to supersede or preclude any other remedy at law available to residential leasehold lessees or the State, including those available under chapter 480."

3. Section 516-4 is amended to read:

"Sec. 516-4 Trusts and estates. The rights granted to lessees by this chapter shall be effective, notwithstanding any condition or provision to the contrary in any instrument creating any life tenancy, defeasible fee, estate, or trust, regardless of whether such tenancy, fee, estate or trust was in effect prior to June 24, 1967 or is created hereafter; and the life tenant, holder, officer, or trustee of any such tenancy, defeasible fee, estate, or trust may convey resi-

dential leases for terms exceeding twenty years and shall perform any acts required of him by this chapter. Every such instrument now in existence or hereafter executed shall be construed in conformity with the intent and purpose of this chapter. No trustee, officer, or agent of a lessor or other legal or equitable owner shall, while acting pursuant to this chapter, be deemed to be acting in bad faith or to have committed a breach of trust."

4. Section 516-7 is amended to read:

"Sec. 516-7 Authority's duties, generally. In addition to any other duty prescribed by law and in this chapter, the Hawaii housing authority shall:

- (1) Within six months after June 24, 1967, adopt and promulgate, in accordance with chapter 91, all rules and regulations necessary to effectuate the purposes of this chapter;
- (2) Enforce this chapter and the rules and regulations adopted pursuant thereto;
- (3) Subject to chapters 76 and 77, appoint and remove such administrative, technical, and clerical staff as it may require and prescribe their powers and duties; except that the authority may appoint, without regard to chapters 76 and 77, one or more appraisers on a part-time, contractual basis for the purposes set forth in this chapter;
- (4) Establish such reasonable fees to be assessed and collected from lessees for the services of any appraiser;
- (5) Disseminate information and render assistance to lessees of residential lots in order that this chapter may be understood and effectively implemented;
- (6) Conduct an investigation upon any written complaint or whenever it appears to the authority that this chapter has been or is being violated. In such investigation, the authority may examine the books, accounts, records, and files of any person connected with the matter under investigation and conduct hearings. If the authority finds from satisfactory evidence that any person has violated or is violating this chapter, it may order such person to cease and desist from continuing the violation or engaging therein or doing any act or acts in furtherance thereof and, where necessary, it may bring an action in the name of the State in any court of competent jurisdiction for enforcement of its orders;
- (7) Acquire by eminent domain proceedings, all necessary property interests as provided in this chapter;
- (8) Make and execute contracts, mortgages, and other instruments necessary or convenient to the exercise of the powers of the authority;
- (9) From time to time, require from the lessors of leases of residential lots and from all fee owners and legal and equitable owners of lots subject to such leases, such information as it may reasonably require in connection with the administration of this chapter;
- (10) Do all things necessary and convenient to carry out the powers expressly conferred upon it by this chapter."

5. Section 516-21 is amended to read:

"Sec. 516-21 Applicability. This part applies to development tracts

which are, at the time of acquisition of leased fee interests in residential lots within such tracts by the Hawaii housing authority as herein:

- (1) Developed and subdivided into residential houselots occupied by lessees under leases executed before June 24, 1967;
- (2) Developed and subdivided or partially developed into residential houselots occupied or to be occupied by lessees under leases executed after June 24, 1967, provided that ten or more years remain before the final termination of the lease term, and provided further that ninety per cent of the leases to the lots have been executed."

6. Section 516-22 is amended to read:

"Sec. 516-22 Designation of leased fee interest in all or part of development tract for acquisition. The Hawaii housing authority may designate all or a portion of a development tract for acquisition and acquire leased fee interests in residential houselots in such development tract, through the exercise of the power of eminent domain or by purchase under the threat of eminent domain if, after due notice and public hearing, the time and place of which have been duly advertised in a newspaper of general circulation in the county in which the development tract is situated on at least three different days, the last publication being not less than five days before the date of hearing, the authority finds that the acquisition of the leased fee interest in residential houselots in all or part of the tract through exercise of the power of eminent domain or by purchase under threat of eminent domain and the disposition thereof, as provided in this part will effectuate the public purposes of this chapter and shall also find either:

- (1) That a shortage of fee simple residential property exists in the county and that the acquisition and disposition of the leased fee interests in residential houselots in all or part of the development tract by the authority as provided in this part will assist in alleviating this shortage pursuant to the purposes of this chapter, or
- (2) That twenty-five or more lessees or the lessees of more than fifty per cent of the residential lease lots within the development tract, whichever number is the lesser, have applied to the authority to purchase the leased fee interest in their residential leasehold lots pursuant to section 516-33.

The findings of the authority shall be conclusive in any suit, action, or proceeding."

7. Section 516-23 is amended to read:

"Sec. 516-23 Exercise of power of eminent domain. Within twelve months after the designation of all or part of the development tract for acquisition, the Hawaii housing authority shall acquire through voluntary action of the parties, or institute eminent domain proceedings to acquire the leased fee interest in the tract or portion so designated; provided that negotiations for acquisition by voluntary transaction shall not be required before the institution of eminent domain proceedings. Except as otherwise provided in this part, the authority shall exercise its power of eminent domain in the same manner as provided in chapter 101. If the development tract or applicable portion thereof, as the case may be, is not acquired or eminent domain pro-

ceedings are not instituted within the twelve-month period, the authority shall reimburse the fee owner, the lessor and the legal and equitable owners of the land so designated for actual out-of-pocket expenses of appraisal, survey, and attorney fees as the owner, lessor, and the legal and equitable owners may have incurred as a result of the designation."

8. Section 516-24 is amended to read:

"Sec. 516-24 Compensation. The compensation to be paid for the leased fee interest in a residential house lot within a development tract shall be the owner's basis as defined in section 516-1(14). The compensation shall be determined as of the date of the designation of the applicable portion of the development tract for acquisition."

9. Section 516-25 is amended by amending subsection (a) to read:

"(a) Upon acquisition of the leased fee interest in residential house lots within all or a portion of a development tract as provided in this part, the property interest acquired by the Hawaii housing authority is all of the right, title, and interest of the fee owner, and of the lessor and all legal and equitable owners, if any, in and to the residential house lots acquired; subject to existing leases of residential house lots within the development tract, and to all covenants, conditions, easements, reservations, and restrictions of record running with the land or contained in the agreement of sale, deed, or other conveyance held by the fee owner, lessor, and legal and equitable owners or permitted or suffered by lessees of existing residential house lot leases, which are not inconsistent with the intent of this part. The acquisition terminates all the right, title, and interest of the fee owner, lessor, and all legal and equitable owners, whether the interest be a remainder, vested or contingent, a reversion, or other beneficial interest in the property, present or prospective."

10. Section 516-26 is amended to read:

"Sec. 516-26 Interest in compensation paid by the authority. The fee owner, lessor, and all legal and equitable owners shall share in the compensation paid by the Hawaii housing authority as their respective interests appear. Notwithstanding any contrary provision in any contract or lease, a developer or other person entitled to share in the lease rentals shall share in such compensation paid by the authority to the extent of his interest as may be determined by agreement of those entitled to share in the compensation paid by the authority, or in the absence of such agreement, pursuant to chapter 658."

11. Section 516-28 is amended to read:

"Sec. 516-28 Disposition, generally. It shall be the policy of the Hawaii housing authority to encourage the widespread fee simple ownership of residential lots situated within a development tract. Where necessary or desirable, the authority may lease the residential lots. Not more than one lot shall be sold in fee simple or leased to a purchaser or lessee. A husband and his wife together, unless separated and living apart under a decree of separation issued by a court of competent jurisdiction, shall be entitled to only one lot.

12. Section 516-30 is amended to read:

"Sec. 516-30 Purchase of leased fee interest. The lessee of a residential lot within a development tract, whether he was a lessee at the time of the acquisition or became a lessee after the acquisition of the development tract,

who has applied to the authority and has qualified for purchase of the leased fee interest shall purchase from the Hawaii housing authority by contract within sixty days of acquisition of the interest by the authority, the leased fee interest to the lot, subject to the terms, covenants, and conditions of the contract executed with the authority; provided that the lessee is not then in default in the performance of his obligations under the lease; and further provided that should any of said lessees fail or refuse to enter into such a contract, then in such event, each such lessee shall pay to the authority his pro-rata share of all costs incurred by the authority in the acquisition of the houselots within the development tract including but not limited to appraisal costs, costs of publication, and survey, and the authority is hereby authorized to take whatever action it deems necessary to collect such costs; and provided further that in case of a wilful breach of the purchase agreement the authority shall be entitled to any available remedy, including the sale of its interest in the houselot; and further provided that the sales price shall be at the lowest possible price consistent with section 516-32 and the purpose of this chapter."

13. Section 516-33 is amended to read:

"Sec. 516-33 Qualification for purchase. Except as otherwise provided under section 516-28, no sale of any residential houselot within a development tract shall be made to any person unless he meets the following requirements:

- (1) Is at least eighteen years of age;
- (2) Is a bona fide resident of the State and has a bona fide intent to reside in the development tract if successful in purchasing the lot;
- (3) Is a bona fide owner of a residential structure situated on the leased lot applied for;
- (4) Has a letter of credit, certificate of deposit, proof of funds, or approved application from any lending institution demonstrating that he will be able to promptly pay the authority for the leased fee interest in the lot;
- (5) Submits an application in good faith accompanied by a deposit to be established by the authority, not to exceed \$500, as earnest money to be applied to the purchase price;
- (6) Executes a contract for purchase of the fee interest in such form as is acceptable to the authority; and
- (7) Does not own in fee simple lands suitable for residential purposes within the county and in or reasonably near the place of business of such person or has or have pending before the Hawaii housing authority an unrefused application to lease or purchase a lot in a development tract. A person is deemed to own lands herein if he, his spouse, or both he and his spouse (unless separated and living apart under a decree of a court of competent jurisdiction) owns lands.

In the event of a wilful breach of contract of a lessee to purchase the leased fee interest, the authority may sell or assign its interest without respect to the requirements of this section.

The authority may require additional testimony or evidence under oath in connection with any application. The determination by the authority of any applicant's eligibility under this part shall be conclusive as to all persons there-

after dealing with the property; provided that the making of any false statement knowingly by applicants or other person in connection with any application shall constitute perjury and be punishable as such. The authority shall adopt rules and regulations pursuant to chapter 91 to effectuate the purposes of this section."

14. Section 516-34 is amended to read:

"Sec. 516-34 Mortgages, agreements of sale, other instruments. (a) If an applicant who wishes to purchase the leased fee interest in his residential leasehold lot is unable to obtain sufficient funds at reasonable rates from private lenders, the Hawaii housing authority may, by way of mortgage, agreement of sale or other instruments to secure the indebtedness, loan to the purchaser up to ninety per cent of the purchase price; provided that such agreement of sale shall be for a term not to exceed three years; provided further that the authority, upon its discretion, may extend such agreement of sale for not more than two years if the lessee requests such extension. In case of any dispute of the extension of the agreement of sale, the lessee shall bear the burden of proof to show good cause for such extension.

(b) The purchaser of the leased fee interest shall pay not less than ten per cent of the price and execute with the authority an agreement of sale, or mortgage, or other instrument to secure the indebtedness under the terms of which the unpaid balance and interest thereon, at a reasonable rate determined by the authority, shall be paid in monthly installments over such periods as the authority may determine. Every mortgage, agreement of sale, other instruments to secure the indebtedness, or instrument of indebtedness shall be freely assignable by the authority and may contain such other provisions as are usually found in such instruments and shall provide that the purchaser may prepay the whole or any part of the unpaid balance of the purchase price plus accrued interest at any time without prepayment penalty.

(c) If the purchaser defaults on the payment of any loan, the authority shall take all necessary action to collect the delinquent principal and interest on the loan and may take all actions allowed to holders of obligations, including the power to repossess, purchase, lease, rent, repair, renovate, modernize, and sell the property foreclosed."

15. Section 516-35 is amended to read:

"Sec. 516-35 Restrictions on sale and use of residential lots. (a) For a period of ten years after the purchase from the authority of the leased fee interest in a residential lot, the purchaser shall not transfer any interest in the property unless he has first notified the authority in writing of his intention to do so.

The notice shall specify the purchaser's address and shall expressly offer the authority the right of first refusal, at a price which shall not exceed the amount of the original cost to the purchaser together with the cost of any improvements added by the purchaser together with simple interest on all of the purchaser's equity in the property at the rate of seven per cent a year; provided that title to a dwelling unit and the property or lease may pass to a family member by devise or through the laws of descent, who would otherwise qualify under the rules and regulations established by the authority.

(b) Within thirty days after the receipt of the notice the authority shall in writing notify the purchaser at the address so specified whether it elects to exercise its option. If the authority refuses, or fails within the thirty-day period to reply to the offer, the lessee or purchaser may transfer any interest in the property to any person, free from any price restrictions.

(c) The authority may lease, rent, or resell any lot and improvements purchased by it under this part.

(d) Any original lease, deed, agreement of sale, mortgage, and other instruments of conveyance issued by the authority under this part shall expressly contain the restriction on sale and use of the residential lot as prescribed in this section."

16. Sections 516-36 through 516-39 are repealed.

17. Section 516-45 is amended to read:

"Sec. 516-45 General obligation bonds. The director of finance may, from time to time, issue general obligation bonds in such amounts as may be authorized by the legislature, for the purpose of acquisition by the Hawaii housing authority of residential houselots within development tracts pursuant to chapter 516, part II or for the acquisition of suitable properties to exchange pursuant to section 516- or for the acquisition by the department of land and natural resources under section 171- of suitable properties for exchange pursuant to section 171- to effectuate the purpose of this chapter. The principal and interest of general obligation bonds issued pursuant to this section shall be reimbursed to the general fund from the fee simple residential revolving fund as provided in section 516-44. Pending the receipt of funds from the issuance and sale of general obligation bonds, amounts required within the limits of legislative authorization may be advanced to the Hawaii housing authority from the general fund of the State. Upon the receipt of the bond funds, the general fund shall be reimbursed the amount advanced."

18. Section 516-66 is amended to read:

"Sec. 516-66 Lease rental. In every case of an extension under section 516-65 the annual lease rental during the first thirty years shall not exceed an amount determined as follows:

- (1) Compute to nearest whole year, one hundred per cent of the unexpired period of fixed rent at the commencement of the extended term;
- (2) Multiply the number of years computed in (1) by the fixed annual rent in effect immediately prior to the extension;
- (3) Deduct from thirty years the number of years computed in (1) and multiply that difference by the annual rent determined by mutual agreement of lessor and lessee within thirty days after such extension or by arbitration in accord with chapter 658; and
- (4) Add the amounts computed in (2) and (3) and divide that sum by thirty. This sum rounded to the nearest dollar shall be the annual rent for the first thirty years of the extended term; provided that such rent shall not without the consent of the lessor be less than the annual rent in effect immediately prior to such extension.

The annual rent payable hereunder for and during the remaining period of the extended term shall be determined by mutual agreement of the lessor

and the lessee, or if they fail to read such agreement at least ninety days before the commencement of the period, by arbitration in accordance with chapter 658."

19. Section 516-70 is amended to read:

"Sec. 516-70 Reversion of improvements. (a) This section applies to all leases of residential lands as defined by section 516-1(5).

(b) At the termination of any lease, or at the expiration of the lease term, the lessee may, if not then in default under the terms of his lease, remove all onsite improvements on the lot which were constructed at the cost of, or otherwise paid for by the lessee, without compensating the lessor therefor. If the lessee notifies the lessor in writing within sixty days before the termination or expiration that he declines to remove such onsite improvements and if the lessee is not then in default under the terms of his lease, and if the lessor refuses to extend the term of the existing lease or to issue a new lease for a term of at least thirty years at a rental that is mutually agreeable to the parties or failing such agreement that is determined by arbitration pursuant to chapter 658, the lessor shall be required to compensate the lessee for the current fair market value of all such onsite improvements. Such improvements shall be appraised at the expense of the lessee. The appraiser selected shall be by mutual agreement of the lessee and the lessor or in conformance to chapter 658. The compensation shall be determined by mutual agreement or in conformity with chapter 658, and the compensation shall be paid within thirty days of determination. Such expense of arbitration shall be equally shared by both parties."

20. Section 516-81 is repealed.

21. Chapter 516 is amended by adding the following new sections, to be appropriately designated and to read:

"Sec. 516- Exchanges. (a) The authority may exchange public lands for private lands to be condemned or involuntarily sold pursuant to this chapter; provided that any such exchange shall be subject to legislative disapproval; provided further that lands exchanged need not be of like-kind or comparable use; and provided further that no lands classified as conservation shall be exchanged for private lands.

(b) The authority may acquire private lands by negotiated sale for purposes of exchanging such land with private lands pursuant to subsection (a). The legislature declares that such acquisition is for the public purpose of encouraging home ownership on as widespread a basis as possible.

Sec. 516- Severability. If any part, section, sentence, clause, or phrase of this chapter, or its application to any person or transaction or other circumstances, is for any reason held to be unconstitutional or invalid, the remaining parts, sections, sentences, clauses, and phrases of this chapter, or the application of this chapter to other persons or transactions or circumstances, shall not be affected. The legislature hereby declares that it would have passed this chapter and each part, section, clause, or phrase thereof, irrespective of the fact that any one or more parts, sections, sentences, clauses, or phrases of this chapter, or its application to any person or transaction or other circumstance, be declared unconstitutional or invalid."

SECTION 3. Chapter 171, Hawaii Revised Statutes, is amended by adding the following two new sections, to be appropriately designated and to read:

"Sec. 171- Acquisition of lands for exchange under chapter 516. The board may acquire private lands by negotiated purchase to be exchanged to effect the conversion of leasehold lands to fee simple ownership under section 171- . The legislature declares that such acquisition is for the public purpose of encouraging home ownership on as widespread a basis as possible.

Sec. 171- Exchanges for conversion of leasehold lands to fee simple ownership. The board may exchange public lands for private lands to be condemned or involuntarily sold pursuant to chapter 516. Such exchange shall be requested by the executive director of the Hawaii housing authority, and shall be effected in conformity in section 171-50; provided that such exchange shall be subject to legislative disapproval; provided further that the private lands conveyed to the State shall be disposed of pursuant to chapter 516; and provided further that lands exchanged need not be of like-kind or comparable use; provided further that no lands classified as conservation shall be exchanged for private lands."

SECTION 4. Section 2 of Act 215, Session Laws of Hawaii 1971, is amended to read as follows:

"SECTION 2. The director of finance is authorized to issue general obligation bonds of the State in the amount of \$5,000,000, for the purpose of acquisition by the Hawaii housing authority of development tracts, or exchange of lands therefor, pursuant to chapter 516, part II, Hawaii Revised Statutes. Pending the receipt of funds from the issuance and sale of general obligation bonds, amounts required within the limits of authorization may be advanced to the Hawaii housing authority from the general fund of the State. Upon the receipt of the bond funds, the general fund shall be reimbursed the amount advanced."

ACT 185

H.B. NO. 55

A Bill for an Act Relating to the Hawaii Lease Rent Renegotiation Relief Act.
Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. **Findings and purposes.** The legislature reaffirms its findings and declaration contained in section 1, Act 307, Session Laws of Hawaii 1967, and further finds as follows:

*Edited accordingly.

The home is the basic source of shelter and security in society, the center of our society which provides the basis for the development of our future citizens. Deprivation through exorbitant and unreasonable prices of this basic need results in frustrations and unrest in our community that is harmful to the overall fiber of our society.

Although Act 307 was enacted in 1967 the fee simple ownership of residential lands in the State is still concentrated in the hands of a small number of landowners. The state and federal governments and the largest 72 private landowners own approximately 95 percent of all land area within the State. On Oahu alone, 22 major private landowners own 72.5 percent of all land.

Along with this concentrated ownership of land there exists in the State of Hawaii a critical shortage of housing units for all income levels. There will be a need for over 250,000 low and middle income units by 1985 and a need will exist for all types of units. Since 1961 the economy has been producing an average of less than 10,000 low and middle income units annually. The economy has similarly lagged in the production of all other units, except the very high priced.

The small number of private landowners have continued to follow the policy of not selling their lands for residential use but of leasing their lands under long term residential leases. While fee simple ownership still accounted for 68.9 percent of all owner-occupied housing on Oahu in 1972, leasehold residential development has dominated the housing market since 1967 as it had during the period 1950 to 1967. Between 1950 and 1966, 40 percent of all owner-occupied housing units developed on Oahu had been leasehold. Between 1967-1972, 46 percent of such development has been on leaseholds.

The foregoing developments have compelled thousands of people in the State to resort to leasehold residences to satisfy their housing needs, and this trend is likely to continue in view of the limited availability of land for residential purposes.

The predictions of Act 307 as to effects of the residential leasehold system have proven to be conservative. Today, there are over 26,000 outstanding residential leases, an increase of more than 10,000, since Act 307 was enacted. As stated in Act 307, the concentration of land ownership "is in the rapidly developing urban areas of the State, where the need for single family residential lots is critical".

Initially, lease rents were low or were within the range which the public could afford. However, in the renegotiation of rents that have occurred in recent years, tremendous increases in lease rents have been imposed upon countless lessees by lessors. The compensation provided to be paid to lessors under Act 307 was directly related to the present value of the lease income stream generated under the lease to be condemned. Since June 24, 1967 lessors have generally adopted a practice of increasing lease rentals on renegotiations of existing leases in a manner unrelated to the raw land value, thereby greatly increasing the cost to the lessee when exercising his rights under Act 307 and resulting further in unconscionably increasing lease rents.

Renegotiation has brought about staggering increases in annual lease rentals. These increases have been the direct result of inflated land values

which in turn have come about because of the supply of urban land for residential housing under the concentrated ownership described in the findings contained in Act 307. The effect of these increases has been to substantially increase the cost of leasing housing for the people of Hawaii. The increases in lease rentals and premiums required prior to leasing of residential property has accentuated the problem stated in section 1(g) of Act 307 to the effect that the continuation of the residential leasehold system causes an artificial inflation in the price of fee simple residential property, as well as leasehold residential property.

Further, because of the unequal bargaining power between large landowners and individual lessees there have been breakdowns in the normal processes of bargaining and freedom of contract, resulting in unjust, unreasonable and oppressive lease rents being exacted by lessors. Thus the limited supply of housing units and concentrated ownership of such units have led to the exaction of exorbitant lease rents on renegotiation. In many instances, the lessor's terms are peremptorily submitted to the lessee in ultimatum form through letters rather than through any actual bargaining process.

This unequal bargaining relationship exists today despite the rights granted lessees under Part III of Act 307 which was passed some seven years ago. Accordingly the adverse and harmful effects sought to be alleviated by that Act have not been stemmed, but to the contrary have become more critical.

In addition the inequality of bargaining power due to the oligopolistic imbalance in land ownership has allowed the lessor to charge lease rents based not only on the raw land value of the property but also on improvements which have already been paid for by the lessee and on the value accruing thereon; thus the lessee is, in effect, paying the lessor for an investment made by the lessee. This is an unjust enrichment created by an oligopolistic market lacking competitive bargaining and is contrary to the public welfare.

Inasmuch as the free market cannot correct this situation because of the lack of competition, inherent in an oligopolistic market, it is necessary for the public good and welfare that the imbalance be redressed.

Residential leaseholds have had and continue to have undesirable economic effects. The high prices commanded for leasehold units have encouraged the development of leasehold residential units and have discouraged the development of fee simple units. The increases in the price for both fee simple and leasehold residential lands have caused lease rentals to increase on renegotiation of rentals (on the expiration of 25 or 30 years of initial fixed rent periods) as much as 1000 percent; renegotiated lease rentals are invariably tied to the fee simple value of the land on which the leasehold residences are situated. These new lease rentals have at times exceeded the amount of the payments that the lessee had been making on the leasehold mortgages. Rental renegotiations have strongly favored the lessor, with the lessee having little option but to consent to such rental as determined by the lessor or to give up the leasehold, although the lease may yet have 25 or more years to run. The high increases in lease rentals have caused leasehold values to drop after the initial fixed rent period (e.g., a house appraised at \$68,000 before renegotiation

of lease rent has been appraised at \$59,000 after the lease rental was increased), causing lessees opting to dispose of their leasehold interests to suffer severe economic losses.

Residential leaseholds have had undesirable social effects. Lease rent negotiations are usually scheduled every 10 to 15 years after the initial fixed rent period of 25 to 30 years. Thus, as the lessee advances in age and his income potential declines, his lease rentals increase, causing him to give up the lease and to look for other accommodations. Then, when the entire lease period expires, the lessee who has stayed on the leasehold for the full term of the lease is, by reason of age, income, and the lack of value remaining in the leasehold, left without means to purchase other housing. These situations have grave effects on the health, welfare and well-being of elderly persons and aggravate the already acute need for government-sponsored, low and middle income and elderly housing. With the increasing number of elderly in this State, the problem promises to become even more acute in the foreseeable future.

The legislature declares that it is the policy of the State that the lessee of a residential unit, so long as he remains a lessee, shall have the right to have rentals set at reasonable levels and to enjoy his leasehold estate under reasonable leasehold terms; that the public health, safety and welfare of the people of Hawaii demand that legislation be enacted to prevent the imposition of confiscatory economic burdens upon the lessees of residential property; that pursuant to and based upon the findings stated above, the public health, safety, and welfare is severely and substantially affected and threatened, resulting in immediate, continuous, and irreparable harm and that all the conditions and circumstances set forth herein constitute a social emergency which it is the purpose of this act to prevent and remedy.

SECTION 2. Chapter 519, Hawaii Revised Statutes, is amended as follows:

1. Chapter 519 is amended by amending its title to read:

"REAL PROPERTY LEASES"

2. Chapter 519, is amended by adding a new section to be appropriately designated and to read:

"Sec. 519- Residential leases of real property. (a) All leases for residential land, as defined by section 516-1, existing on the effective date of this Act or entered into thereafter, which provide for reopening of the contract for renegotiation of lease rent terms shall in the case of leases after the effective date of this Act provide the following, or in the case of leases existing on the effective date, shall be construed in conformity with the following:

- (1) Such renegotiations shall not be scheduled more frequently than once every fifteen years, provided the first of such reopenings shall not be scheduled prior to the fifteenth year following the initial date of the lease; and
- (2) Upon renegotiation, the lease rent payable shall not exceed the amount derived by multiplying the "owner's basis" by four percent.

For purposes of this section, "owner's basis" means the current fair market value of the lot, excluding onsite improvements, valued as if the fee title were unencumbered; less the lessee's share, if any, of the current replacement cost of providing existing offsite improvements attributable to the land, which replacement cost shall include an overhead and profit not exceeding twenty per cent of the current replacement cost of the existing offsite improvements, or less the original lot development credit to the lessee, whichever is greater. For purposes of this section, "offsite improvements" means all physical improvements such as, but not limited to, roads, sewer lines, sewage treatment plants, and underground utility cables, constructed or placed in a subdivision or development off the land intended for occupancy, which improvements are to be used in common by occupants of all lands adjoining such improvements or by occupants of all lands for whose benefit the improvements have been constructed or placed; and "onsite improvements" means all physical improvements placed on a residential lot intended for occupancy which improvements are for the benefit of occupants of that lot, including, but not limited to, dwelling units, garages, service buildings, stairs, walkways, driveways, walls, trees, shrubs, landscaping, and pools.

(b) In the event the parties to a lease are unable to achieve an agreement under any reopening provision, the Hawaii housing authority or its designee shall arbitrate, and its findings shall be binding and conclusive on both parties.

(c) Any covenant or provision of a lease in violation of this section, shall not be enforceable in any court in this State.

(d) For the purpose of this section renegotiation shall not include negotiation for the determination of lease rental under section 516-66 arising out of an extension under section 516-65.

SECTION 3. If any provision of this Act, or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

SECTION 4. Statutory material to be repealed is bracketed. New material is underscored. In printing this Act, the revisor of statutes need not include the brackets, the bracketed material, or the underscoring.*

SECTION 5. This Act shall take effect upon its approval.

ACT 186

S.B. NO. 1543

A Bill for an Act Relating to Residential Leaseholds and the Acquisition by the State Through Condemnation of Lands in Fee Simple and the Disposition Thereof.

*Edited accordingly.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Findings and purpose. Act 307, Session Laws of Hawaii 1967, now Chapter 516, Hawaii Revised Statutes, was intended to lessen the adverse consequences of the excessive concentration of the fee title to lands in Hawaii in the hands of a few owners by allowing residential leaseholders to acquire the fee simple title absolute or otherwise, to real property they were leasing.

The legislature finds that although the Act has been in full effect for nearly six years it has not been implemented. Many reasons have been cited for the failure to put the Act into effect including possible legal or constitutional difficulties inherent in the original Act.

The purpose of this Act is to reaffirm and reiterate the findings and declarations of necessity originally set forth in Act 307 and to amplify and clarify those findings and declarations of necessity.

SECTION 2. Chapter 516, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read:

"Sec. 516- Legislative findings and declaration of necessity; purpose.

(a) The legislature finds that:

- (1) There is a concentration of land ownership in the State in the hands of a few landowners who have refused to sell the fee simple titles to their lands and who have instead engaged in the practice of leasing their lands under long-term leases;
- (2) The refusal of such landowners to sell the fee simple titles to their lands and the proliferation of such practice of leasing rather than selling land has resulted in a serious shortage of fee simple residential land and in an artificial inflation of residential land values in the State;
- (3) Due to such shortage of fee simple residential land and such artificial inflation of residential land values, the people of the State have been deprived of a choice to own or take a lease of the land on which their homes are situated and have been required instead to accept long-term leases of such land which contain terms and conditions that are financially disadvantageous, that restrict their freedom to fully enjoy such land and that are weighted heavily in favor of the few landowners of such land;
- (4) The economy of the State and the public interest, health, welfare, security, and happiness of the people of the State are adversely affected by such shortage of fee simple residential land and artificial inflation of residential land values and by such deprivation of the people of the State of the choice to own or take a lease of the land on which their homes are situated and the required acceptance of such long-term leases of such lands;
- (5) The acquisition of residential land in fee simple, absolute or otherwise, at fair and reasonable prices by people who are lessees under long-term leases of such land and on which such land their homes are situated and the ability of such people to fully enjoy such land through

ownership of such land in fee simple will alleviate these conditions and will promote the economy of the State and public interest, health, welfare, security, and happiness of the people of the State;

- (6) The cost of living in Hawaii is and has been high. In recent years inflation has drastically increased the cost of living in the State. The spiraling cost of living affects all people through erosion of the purchasing power of whatever monetary resources they command. For a growing proportion of Hawaii's population, quite possibly a majority, the high cost of living is denying them such basic necessities as sufficient nutritional intake, safe and healthy housing accommodations, clothing, and adequate preventive and curative health services. A substantive and significant contributing factor to the high and rising cost of living is the high cost of land whether leasehold or fee. Stabilizing the costs of land or, at least, slowing the artificial inflation of land values would curb the rising cost of living in Hawaii and, ultimately, contribute to the welfare of all people of the State by improving their standard of living.
- (7) The Constitution of the State of Hawaii provides the State the power to provide assistance for persons unable to maintain a standard of living compatible with decency and health. The rising cost of land tied to other cost of living increases is swelling the ranks of those persons unable to maintain a decent and healthful standard of life. If the inflationary trend of land continues unchecked, the resultant inflationary total cost of living could create such a large population of persons deprived of decent and healthful standards of life that the consequent disruptions in lawful social behavior could irreparably rend the social fabric which now protectively covers the life and safety of all Hawaii's people. The threat posed by this possibility is sufficiently real and imminent to warrant State action to redistribute land as a means of curbing continuing inflationary rises in land values.
- (8) The right to own land is not an irrevocable grant of a special privilege where it operates against the general welfare of the many for the particular benefit of the few.
- (9) Land, in common with other natural resources, is of finite quantity; a fact particularly obvious in Hawaii. In recent decades there has been growing general agreement that the wise conservation, preservation, use and management of exhaustible natural resources such as land are matters mandating an active governmental role. There is an intimate relationship between the monetary values accorded land in Hawaii and the stability and strength of the State's economy as a whole. Land values, artificially inflated by the high concentration of ownership, skew the State economy toward unnecessarily high levels. The pervasive and substantial contribution made to inflation by high land values creates a potential for economic instability and disruption. Economic inflation, instability and disruptions have real and potential damaging consequences for all members of an affected society. Checking inflation, improving the stability of the economy, and fore-

stalling disadvantageous economic disruptions all are productive of general benefit to all members of the Hawaiian society. The sound and wise conservation, preservation, use and management of land cannot be separated from the subject of patterns of land ownership. To accomplish the public purposes of wisely conserving, preserving, using, and managing the land in the State requires changing present patterns of land ownership. Public laws, expenditures, programs, and policies which contribute to the realization of these public purposes serve a public use since they ultimately benefit the entire community. Changing present patterns of land ownership by allowing lessees under long-term leases of residential land to purchase in fee simple, absolute or otherwise, the land on which their homes are situated, through governmental intervention including exercise of the power of eminent domain to acquire fee simple title to such land and public financing of such purchase and such condemnation and payment through the issuance of bonds, the expenditure of general revenue funds, and the use of private funds which are at the disposal of the State, will help satisfy the pressing public necessity for a secure, strong and stable economy.

- (10) The State's acquisition of residential lands held in fee simple, through the exercise of the power of eminent domain, for the purposes of this Act is for the public use and purpose of protecting the public safety, health and welfare of all people in Hawaii.
- (11) Inflation lessens the quality of life of all members of this afflicted society and is particularly invidious in its impact on the 90 plus per cent of the population who are in the poverty, and low through middle income groups. The State has limited abilities to curb inflation and, perhaps, the only useful means available is the State's power to control land values. There is a pressing public necessity for the State to do whatever it can to curb inflation and to keep the cost of living at a level where it is possible and manageable to provide all citizens a decent and healthful standard of life. The public use and purpose of providing all citizens a decent and healthful standard of life will be directly and substantially furthered by the State's acquisition of residential lands held in fee simple, through the exercise of the power of eminent domain, for the purposes of this Act.
- (12) The use of the power of eminent domain to condemn the fee simple title to residential land and the payment of just compensation therefor for the purpose of making the fee simple title thereto and the use thereof available for acquisition by people who are lessees under long-term leases of such land and on which such land their homes are situated is for a public use and purpose;
- (13) Legislation providing to people who are lessees under long-term leases of residential land on which their homes are situated the ability to fully enjoy such land through ownership of such land in fee simple, absolute or otherwise, is for a public purpose.
- (b) It is therefore declared to be necessary and it is the purpose of this

chapter to alleviate the conditions found in subsection (a) of this section by providing for the right of any person who is a lessee under a long-term lease of residential land in the State to purchase at a fair and reasonable price the fee simple title to such land, by providing for the condemnation of the fee simple title to such land and the payment of just compensation therefor by the State through the use of the power of eminent domain and by providing for the public financing of such purchase and such condemnation and payment through the issuance of bonds, the expenditure of general revenue funds, and the use of private funds which are at the disposal of the State."

ACT 189

H.B. NO. 677

A Bill for an Act Relating to a State Planning Policy.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Findings and purposes. The State of Hawaii has been pointed to as a national leader in commitment to land use planning. The legislature finds that elements of a comprehensive planning program exist and must be maintained, but that substantial further steps are necessary to develop a comprehensive planning program which would most effectively implement the State's policy goals.

The legislature finds that comprehensive planning is the key to the enactment of a general plan or plans. To plan adequately the State must first know where it wants to go. This should be embodied in policies which all plans and decisions must conform to and implement. The process should be an ongoing one with periodic review, and should involve close county-state cooperation.

The legislature finds that all too often programs shape planning, instead of policy determining planning and programs conforming to those policies and plans. The dependence on the private automobile to move people and goods is at least partly the result of generous spending for highways and land use decisions encouraging sprawl, in spite of our stated goal of preserving agricultural lands from urban development. Thus, the decisions of one specialist agency in building highways have not been related either to a state goal or to the decisions of other agencies such as the one fostering agriculture. Such failures of several state agencies, or of state and county agencies, to work effectively together toward common goals demonstrate the need for overall state policies to govern planning and programs.

The purpose of this Act is to create a structure for policy plan formulation and program plan coordination which will order the action of all state and county agencies under the general policies and directions prescribed by the legislature through a state plan.

SECTION 2. The Hawaii Revised Statutes is amended by adding a new chapter to be appropriately designated and to read as follows:

ACT 193

H.B. NO. 1870

A Bill for an Act Relating to the Land Use Commission.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Findings and purpose. The legislature finds that although the purposes of Hawaii's land use law remain as valid today as they were at the time of its enactment in 1961, the procedures through which these purposes must be realized have proved inadequate and unworkable. Under existing procedures the land use commission has been unable to reconcile in an orderly and rational manner the increasingly hostile and conflicting points of view which surround land use decisions. This Act sets forth reforms intended to insure the effective application for an established land use policy through an adversary process in which all interests will have the opportunity to compete in an open and orderly manner. The commission is constituted as a quasi-judicial body and mandated to make impartial decisions based on proven facts and established policies.

SECTION 2. Section 205-1, Hawaii Revised Statutes, is amended to read:

"Sec. 205-1 Establishment of the commission. There shall be a state land use commission, hereinafter called the commission. The commission shall consist of nine members who shall hold no other public office and shall be appointed in the manner and serve for the term set forth in section 26-34. One member shall be appointed from each of the counties and the remainder shall be appointed at large. The commission shall elect its chairman from one of its members. The members shall receive no compensation for their services on the commission, but shall be reimbursed for actual expenses incurred in the performance of their duties. Six affirmative votes shall be necessary for any boundary amendment.

The commission shall be a part of the department of planning and economic development for administration purposes, as provided for in section 26-35.

The commission may engage employees necessary to perform its duties, including administrative personnel and an executive officer. Departments of the state government shall make available to the commission such data, facilities, and personnel as are necessary for it to perform its duties. The commis-

sion may receive and utilize gifts from the federal or other governmental agencies. It shall adopt rules guiding its conduct, maintain a record of its activities, accomplishments, and make recommendations to the governor and to the legislature through the governor."

SECTION 3. Section 205-2, Hawaii Revised Statutes, is amended to read:

"Sec. 205-2 Districting and classification of lands. There shall be four major land use districts in which all lands in the State shall be placed: urban, rural, agricultural, and conservation. The land use commission shall group contiguous land areas suitable for inclusion in one of these four major districts.

In the establishment of boundaries of urban districts those lands that are now in urban use and a sufficient reserve area for foreseeable urban growth shall be included;

In the establishment of boundaries for rural districts, areas of land composed primarily of small farms mixed with very low density residential lots, which may be shown by a minimum density of not more than one house per one-half acre and a minimum lot size of not less than one-half acre shall be included;

In the establishment of the boundaries of agricultural districts the greatest possible protection shall be given to those lands with a high capacity for intensive cultivation; and

In the establishment of the boundaries of conservation districts, the "forest and water reserve zones" provided in section 183-41 are renamed "conservation districts" and, effective as of July 11, 1961, the boundaries of the forest and water reserve zones theretofore established pursuant to section 183-41, shall constitute the boundaries of the conservation districts; provided that thereafter the power to determine the boundaries of the conservation districts shall be in the commission.

In establishing the boundaries of the districts in each county, the commission shall give consideration to the general plan of the county.

Urban districts shall include activities or uses as provided by ordinances or regulations of the county within which the urban district is situated.

Rural districts shall include activities or uses as characterized by low density residential lots of not more than one dwelling house per one-half acre in areas where "city-like" concentration of people, structures, streets, and urban level of services are absent, and where small farms are intermixed with the low density residential lots. These districts may include contiguous areas which are not suited to low density residential lots or small farms by reason of topography, soils, and other related characteristics.

Agricultural districts shall include activities or uses as characterized by the cultivation of crops, orchards, forage, and forestry; farming activities or uses related to animal husbandry, and game and fish propagation; services and uses accessory to the above activities including but not limited to living quarters or dwellings, mills, storage facilities, processing facilities, and roadside stands for the sale of products grown on the premises; agricultural parks and open area recreational facilities.

These districts may include areas which are not used for, or which are not suited to, agricultural and ancillary activities by reason of topography, soils, and other related characteristics.

Conservation districts shall include areas necessary for protecting watersheds and water sources; preserving scenic and historic areas; providing park lands, wilderness, and beach; conserving endemic plants, fish, and wildlife; preventing floods and soil erosion; forestry; open space areas whose existing openness, natural condition, or present state of use, if retained, would enhance the present or potential value of abutting or surrounding communities, or would maintain or enhance the conservation of natural or scenic resources; areas of value for recreational purposes; and other related activities; and other permitted uses not detrimental to a multiple use conservation concept."

SECTION 4. Section 205-3, Hawaii Revised Statutes, is amended to read:

"Sec. 205-3 Retention of district boundaries. Land use district boundaries existing as of the effective date of this Act, shall continue in full force and effect subject to amendment as provided in this chapter or order of a court of competent jurisdiction based upon any litigation filed prior to July 1, 1975 or filed within thirty days after service of a certified copy of any final decision and order made as part of the commission's 1974 periodic boundary review, whichever occurs later."

SECTION 5. Section 205-4, Hawaii Revised Statutes, is amended to read:

"Sec. 205-4 Amendments to district boundaries.

(a) Any department or agency of the State including the land use commission, any department or agency of the county in which the land is situated, or any person with a property interest in the land sought to be reclassified, may petition the land use commission for a change in the boundary of a district.

(b) Upon proper filing of a petition pursuant to subsection (a) above, the commission shall, within not less than sixty and not more than one hundred and twenty days, conduct a hearing on the appropriate island in accordance with the provisions of sections 91-9, 91-10, 91-11, 91-12, and 91-13, Hawaii Revised Statutes, as applicable.

(c) Any other provision of law to the contrary notwithstanding, notice of the hearing together with a copy of the petition shall be served on the county planning commission and the county planning department and all persons with a property interest in the land recorded at the department of taxation. In addition, such notice shall be mailed to all persons who have made a timely written request for advance notice of boundary amendment proceedings, and shall be published at least once in a newspaper in the county in which the land sought to be redistricted is situated as well as once in a newspaper of general circulation in the State at least thirty days in advance of the hearing. The notice shall comply with the provisions of section 91-9, shall indicate the time and place that maps showing the proposed district boundary may be inspected, and further shall inform all interested persons of their rights under subsection (d) of this section.

(d) Any other provisions of law to the contrary notwithstanding, agencies and persons may intervene in the proceedings in accordance with this subsection.

- (1) The petitioner, the department of planning and economic development and the county planning department shall in every case appear as parties and make recommendations relative to the proposed boundary change.
- (2) All departments and agencies of the State and of the county in which the land is situated shall be admitted as parties upon timely application for intervention.
- (3) All persons who have some property interest in the land, who lawfully reside on the land, or who otherwise can demonstrate that they will be so directly and immediately affected by the proposed change that their interest in the proceeding is clearly distinguishable from that of the general public shall be admitted as parties upon timely application for intervention.
- (4) All other persons may apply to the commission for leave to intervene as parties. Leave to intervene shall be freely granted, provided that the commission or its hearing officer if one is appointed may deny an application to intervene when in the commission's or hearing officer's sound discretion it appears that: (1) the position of the applicant for intervention concerning the proposed change is substantially the same as the position of a party already admitted to the proceeding; and (2) the admission of additional parties will render the proceedings inefficient and unmanageable. A person whose application to intervene is denied may appeal such denial to the circuit court pursuant to section 91-14.
- (5) The commission shall pursuant to chapter 91 adopt rules governing the intervention of agencies and persons under this subsection. Such rules shall without limitation establish: (a) the information to be set forth in any application for intervention; (b) time limits within which such applications shall be filed; and (c) reasonable filing fees to accompany such applications.
- (e) Together with other witnesses that the commission may desire to hear at the hearing, it shall allow a representative of a citizen or a community group to testify who indicates a desire to express the views of such citizen or community group concerning the proposed boundary change.

The aforementioned airport revenue bonds shall be issued pursuant to the provisions of Part III, Chapter 39, Hawaii Revised Statutes, as the same may be amended from time to time. The expenses of the issuance of such airport revenue bonds shall to the extent not paid from the proceeds of such bonds be paid from the airport revenue fund. SECTION 96. Sand Island income from lands and facilities dedicated to the University of Hawaii shall be expended for the operating expenses of the University. Such income, excluding amounts required to reimburse the general fund for capital improvements, shall be deposited into the general fund of the State and shall be considered to be a reimbursement to the general fund for moneys appropriated for the operation of the University of Hawaii under Part II of this Act. Sand Island income from other lands and facilities, other than those set aside for Harbors or Foreign Trade Zone purposes, shall be deposited into the general fund.

SECTION 97. There is hereby appropriated out of the public trust fund created by Section 5(f) of the Admission Act (Public Law 86-3, 86th Congress), the total amount of the proceeds from the sale or other disposition of any lands, and the income therefrom granted to the State by Section 5(b) or later conveyed to the State by Section 5(3), with the exception of such proceeds covered under Section 171-19, Hawaii Revised Statutes, as amended, to be disposed of by the Board of Land and Natural Resources, in order to reimburse the general fund for the appropriation made in Part II of this Act to the Department of Education for the support of public schools, to the extent such proceeds are realized for the period beginning July 1, 1975 to June 30, 1977. The above proceeds shall be exclusive of the amount disposed of under the provisions of the Hawaiian Homes Commission Act of 1920, as amended.

SECTION 98. Whenever the expending agency to which an appropriation is made is changed due to legislation enacted during any session of the legislature which affects the appropriations made by this Act, the Governor, or the Director of Finance, if so delegated by the Governor, with the concurrence of the President of the Senate and the Speaker of the House of Representatives, shall transfer the necessary funds and positions to the proper expending agency.

SECTION 99. In allotting funds for social welfare programs and other programs and agencies having appropriations which are based on population and workload data as specified in this Act, only so much as is necessary to provide the level of services intended by the legislature shall be allotted by the Department of Budget and Finance. For this purpose, the programs and agencies concerned shall reduce expenditures below appropriations as prescribed by the Department of Budget and Finance in the event actual population and workload trend is less than the specified figure. In the event that the trend is higher than the specified figure, or the reasonable average daily cost of the medical care for the needy and medically needy exceeds the anticipated average sum per patient day upon which the appropriation therefor was based, the program is authorized to submit a deficiency appropriation request to the extent and on such basis as may be prescribed by the Director of Finance. In the event that the reasonable average daily cost of medical care for the needy and medically needy exceeds the anticipated average sum per patient day, or the caseload trend for money or medical assistance payments is higher than the specified figure, the Governor is authorized to utilize such savings as may be available from appropriated funds of any program for the purpose of meeting the deficit in the social welfare program of the Department of Social Services and Housing.

SECTION 100. With the approval of the Director of Finance, the Department of Health may transfer funds appropriated to the Department of Health for the care and treatment of patients to the Department of Social Services and Housing whenever the Department of Social Services and Housing can utilize such funds to match federal funds which may be available to help finance the cost of outpatient, hospital, or skilled nursing home care of indigents or medical indigents.

The Department of Social Services and Housing is authorized to enter into agreements with the Department of Health to furnish outpatient, hospital and/or skilled nursing home care and to pay the Department of Health for such care. With the approval of the Director of Finance, the Department of Health may deposit part of such receipts into the appropriations from which transfers were made.

SECTION 101. Funds appropriated in Part II of this Act may be used by expending agencies for the purpose of funding reclassifications resulting from the review of clerical positions made by the Department of Personnel Services; provided that funding of reclassifications shall be limited to service performed after June 30, 1975.

SECTION 102. Unless otherwise provided in this Act, the Governor is authorized to transfer funds between appropriations within a department for research and development and operating purposes; provided that such transfer shall be with the concurrence of the President of the Senate and the Speaker of the House of Representatives; and provided that such transfer shall not be made to implement any collective bargaining contracts signed after this Legislature adjourns sine die.

SECTION 103. Where a program is financed by the general fund as well as by a source of funding other than the general fund, the general fund appropriation shall be decreased to the extent that the amount received from the non-general fund source exceeds the amount approved in this Act from such source; provided that such decrease of the general fund appropriation shall not jeopardize the receipt of the increased amount from the non-general fund source; provided, further, that the preceding requirements shall not apply if the excess receipts are to be expended for a purpose or purposes of the program approved by the Governor or the Director of Finance if such authority is so delegated by the Governor.

SECTION 104. For the biennium 1975-77, where a program is authorized under Part II of this Act to expend from a revolving fund, agencies responsible for such revolving funds are authorized to expend so much as may be necessary to carry out the purpose of each such fund; provided that such expenditures are approved by the Governor or by the Director of Finance if so delegated by the Governor; and provided, further, that such expenditure shall not exceed the amounts available in such funds.

SECTION 105. The Governor is hereby authorized to establish 40 permanent positions during each fiscal year of the 1975-77 biennium to be allocated by him to any of the program areas included in this Act as he shall deem proper. No positions shall be established under this section to implement any collective bargaining agreement signed after this legislature adjourns sine die.

SECTION 106. Any provision of law to the contrary notwithstanding the Governor is authorized to utilize an appropriate portion of such sums included in the respective program appropriation in Part II of this Act for personal services, for salary increases for public officers and employees ex-

cluded from collective bargaining under Chapter 89, Hawaii Revised Statutes; provided that said increases shall not exceed and shall not take effect earlier than increases for comparable members of collective bargaining units.

SECTION 107. Where the Governor or any agency or any government unit is able to secure federal funds or other property made available under any Act of Congress, or any funds or other property from private organizations or individual, to be expended in connection with any program or works authorized by this Act, or otherwise, the Governor or agency with the Governor's approval shall have the power to enter into such undertaking with the proper offices or agencies of the federal government or private organization or individuals. While most federal-aid allocations are known and local matching funds are provided in this Act, there may be programs for which federal-local cost sharing is not yet determined. In such cases, the availability of federal funds shall be construed as a reduction of State costs whenever possible.

SECTION 108. All subsidies made to non-public organizations in this Act shall, as a condition of receiving such money, (1) comply with the allotment system as provided in Chapter 37, Hawaii Revised Statutes, (2) allow the expending or other related agency full access to their records, files, reports, and other related areas in order to assist and improve their management and fiscal practices, and (3) submit all future budget requests on a form prescribed by the Director of Finance.

SECTION 109. In the event the State should assume the direct operation of any nongovernmental agency receiving State funds under the provisions of this Act, all such funds shall constitute a credit to the State against the costs of acquiring all or any portion of the property, real, personal, or mixed, of such non-governmental agency. This credit shall be applicable regardless of when such acquisition takes place.

SECTION 110. Any law or any provision of this Act to the contrary notwithstanding, the appropriations made for capital investment projects authorized in this Act shall not lapse at the end of the fiscal year for which the appropriation is made, provided that all appropriations made to be expended in fiscal year 1975-76 which are unencumbered as of June 30, 1979 and all appropriations made to be expended in fiscal year 1976-77 which are unencumbered as of June 30, 1980 shall lapse as of that date, and provided, further, that the lapsing date shall not apply to projects necessary to qualify for federal aid financing and reimbursement.

SECTION 111. The designated expending agency for capital investments authorized in this Act is authorized to delegate to other state or county agencies the planning and construction of such projects when it is determined by such agency that it is more advantageous to do so.

SECTION 112. All general obligation bond funds used for highway, harbor, boating, airport or land development, capital investment purposes, designated by the letter (D), shall have the bond principal and interest reimbursed from the State highway fund, the harbor special fund, the boating special fund, the airport revenue fund, or the special land and development

fund, respectively. Bonds issued for irrigation projects shall be reimbursed, as provided by Section 174-21, Hawaii Revised Statutes.

The Governor, at his discretion, is authorized to use the State highway fund, the harbor special fund, the boating special fund, the airport revenue fund or the special land and development fund to finance the respective highway, harbor, boating, airport or land development projects authorized in this Act and where the method of financing is designated to be general obligation bond fund with debt service cost to be paid from special funds.

SECTION 113. Where it is deemed in the best interest of the State, the Governor, with the concurrence of the President of the Senate and the Speaker of the House of Representatives, is authorized to use State general revenues to finance capital improvement projects authorized in this Act, where the method of financing is designated to be the general obligation bond fund.

SECTION 114. The negotiation for the purchase of land by State agencies shall be subject to the approval of the Governor. Private lands may be acquired for the purpose of exchange for federal lands when the Governor determines that such acquisition and exchange are necessary for the completion of any herein authorized projects.

SECTION 115. Act 218, S.L.H. 1974, Item 3-G-129, is amended to read as follows:

SECTION 116. All unrequired balances after the objectives of appropriations made in this Act for capital investment purposes from the general obligation bond fund have been met, shall be transferred to the project adjustment fund appropriated in Part II of this Act, and shall be considered a supplementary appropriation thereto.

In the event that the amount specified for a capital investment project listed in this Act is insufficient and where the source of funding for the project is designated as the general obligation bond fund, the Governor may make supplemental allotments from the project adjustment fund appropriated in Part II; provided that such supplemental allotments from the project adjust-

ment fund shall not be used to increase the scope of the project; and provided, further, that a report of such supplemental allotments and transfers into the project adjustment fund for the period ending December 31, 1975, shall be made to the legislature by February 1, 1976, and a similar report for the period beginning January 1, 1976 and ending December 31, 1976 shall be made to the legislature by February 1, 1977.

SECTION 117. In the event that the amount specified for a capital investment project listed in this Act is insufficient and where the source of funding is designated as special funds, general obligation bond fund with debt service cost to be paid from special funds, or revenue bond fund, the governor may make supplemental allotments from the special fund responsible for cash or debt service payments for the project or transfer unrequired balances from other projects in this or prior appropriation acts which authorized the use of special funds, general obligation bond fund with debt service costs to be paid from special funds, or revenue bond fund; provided that such supplemental allotments shall not be used to increase the scope of the project; provided further that such supplemental allotments shall not impair the ability of the fund to meet the purposes for which it was established; and provided further that a report of such supplemental allotments and transfers for the period ending December 31, 1975 shall be made to the legislature by February 1, 1976, and a similar report for the period beginning January 1, 1976 and ending December 31, 1976 shall be made to the legislature by February 1, 1977.

SECTION 118. The Governor may authorize the expenditure of funds for capital investment projects not previously authorized in this Act to cope with unemployment, unforeseen emergencies arising from elements such as fires and natural disasters and for any federal aid portion of any capital investment project described in this Act where application for such aid has been made and approval has been denied; provided that the unemployment, or such emergencies or denial of federal aid create an urgent need to pursue a course of action which is in the best interest of the State; and provided, further, that the Governor shall use the project adjustment fund authorized in Part II and described in Part IV to accomplish the purposes of this section.

SECTION 119. Where it has been determined that changed conditions, such as reduction in the particular population being served, permit the reduction in the scope of a capital investment project described in this Act, the Governor may authorize such reduction of project scope, provided that the scope of a project shall not be reduced merely because the appropriation for a project is insufficient.

SECTION 120. In releasing funds for projects, the Governor shall consider the legislative intent and the objectives of the user agency, its programs, the scope and level of the user agency's intended service; and the means, efficiency, and economics by which the project will meet the objectives of the user agency and the State. Agencies responsible for construction shall take into consideration the objectives of the user agency, its programs, the scope and level of the user agency's intended service and construct the improvement

to meet the objectives of the user agency in the most efficient and economical manner possible.

SECTION 121. Where a program is financed by the general fund as well as federal funds, general funds are hereby appropriated to make up the difference between the amount of federal funds received and the amount of federal funds authorized in this Act upon approval of the Governor or the director of finance if such authority is so delegated; provided that programs including positions affected by the aforementioned condition shall not be authorized to extend beyond June 30, 1977 unless expressly approved by the legislature; provided further that the governor shall report to the next regular session of the legislature the details of the programs, positions, and appropriations through this section, with the concurrence of the President of the Senate and the Speaker of the House.

PART IX. MISCELLANEOUS AND EFFECTIVE DATE

SECTION 122. **Miscellaneous.** If any portion of this Act or its application to any person or circumstances is held to be invalid for any reason, then the legislature hereby declares that the remainder of the Act and each and every other provision thereof shall not be affected thereby. If any portion of a specific appropriation is held to be invalid for any reason, the remaining portion shall be independent of the invalid portion and such remaining portion shall be expended to fulfill the objective of such appropriation to the extent possible.

A Bill for an Act Relating to Dental Fee Schedules Under Public Assistance Programs.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Under Chapter 7, Subchapter XIX, Title 42, Social Security Act (medicaid program), our citizens who rely upon public assistance are entitled to the same dental care as their more fortunate counterparts. The cur-

rent payments for dental fees by the department of social services and housing under the medicaid program is grossly inadequate which makes the rendering of private dental services to the poor a discouraging situation. The present fee schedule as set by the department of social services and housing in 1967 is based upon fees established by the Hawaii Dental Association in 1962. While the cost of dental care has risen dramatically in the last thirteen years, the payments for such services under public assistance programs have not equitably reflected the increase. The result is that the treatment of medicaid patients is becoming an unrealistic proposition. Therefore, the purpose of this Act is to establish a system of reasonable and equitable guidelines for the department of social services and housing to follow in setting dental fee schedules for its payments under medicaid in order to enable dentists to prudently offset the rising costs in the delivery of adequate dental care services.

SECTION 2. Chapter 346, Hawaii Revised Statutes, is amended by adding a new section to be appropriately designated and to read as follows:

"Sec. 346- Dental care; reimbursement of dental services. The director of social services shall establish rules under chapter 91 concerning payment for dental care services under this chapter. The department shall pay usual and customary fees up to the maximum which federal rules permit the department to pay.

SECTION 3. New statutory material is underscored. In printing this Act, the revisor of statutes need not include the underscoring.*

SECTION 4. This Act shall take effect upon its approval.

(Approved June 2, 1975.)

In the event that the amount specified for a capital investment project listed in Part III is insufficient and where the source of funding for the project is designated as the general obligation bond fund, the chief justice may make supplemental allotments from the project adjustment fund; provided that such supplemental allotments shall not be used to increase the scope of the project; provided further that a report of such supplemental allotments and transfers into the project adjustment fund as provided by section 12 for the period ending December 31, 1975, shall be made to the legislature by February 1, 1976, and a similar report for the period beginning January 1, 1976 and ending December 31, 1976 shall be made to the legislature by February 1, 1977.

SECTION 14. Where it has been determined that changed conditions, such as reduction in the particular population being served, permit the reduction in the scope of a project listed in Part III, the chief justice may authorize such reduction of project scope; provided that the scope of a project shall not be reduced merely because the appropriation for the project is insufficient.

SECTION 15. The chief justice shall determine when and the manner in which the authorized projects shall be initiated. He shall notify the governor from time to time of the specific amounts required for the projects, and the governor shall provide for such amounts through the issuance of bonds authorized in Part IV.

SECTION 18. **Effective date.** This Act shall take effect on July 1, 1975.

A Bill for an Act Relating to Coordination of Services for the Developmentally Disabled.

Be It Enacted by the Legislature of the State of Hawaii:

SECTION 1. Findings and purpose. The legislature finds that:

- (1) The State of Hawaii has a responsibility to provide services for its developmentally disabled citizens in order to aid them in living as complete and normal lives as possible.
- (2) Several departments of the State are responsible for various services to the developmentally disabled, namely the department of health provides health services, the department of education provides educational services, and the department of social services and housing provides vocational rehabilitation and other social services.
- (3) Lack of coordination among the services and planning activities of the various departments of the State results in gaps in the spectrum of needed services, duplication of services, lack of clarity and responsibility for services, and poorly articulated inter-agency programs, thereby reducing the quality of programs for the developmentally disabled.
- (4) Because of specific mandates of the departments, it is essential that a body responsible for coordinating services and planning for the developmentally disabled be established outside the departments responsible for services.
- (5) There exists within the state department of health, a state planning and advisory council on developmental disabilities appointed by the governor and mandated by federal legislation, supported in large part by federal moneys and required by federal law to provide coordination and planning in the field of developmental disabilities.
- (6) The purpose of this Act is to establish the state planning and advisory council on developmental disabilities as the state agency responsible for coordinating services to the developmentally disabled residents of Hawaii.

SECTION 2. Developmental disabilities, definition. For the purposes of this Act, "developmental disabilities" includes a disability attributable to mental retardation, cerebral palsy, epilepsy, or other neurological handicapping condition of an individual found to be closely related to mental retardation or to require treatment similar to that required by mentally retarded individuals, which disability originates before the individual attains the age of majority and has continued, or can be expected to continue indefinitely, and constitutes a substantial handicap of such individual.

SECTION 3. State planning and advisory council on developmental disabilities. The state planning and advisory council on developmental disabilities (hereinafter referred to as the state council or the council) shall be re-located to the office of the governor and assigned the following responsibilities:

- (1) Planning. The state council shall:
 - (A) Develop, prepare, adopt, and periodically review and revise, as necessary, the state plan for developmentally disabled (hereinafter called the state plan) in conformance with federal substantive and procedural requirements therefor. The state council shall transmit the state plan to the governor for approval, and upon approval shall be submitted to the federal government for appropriate approval. The state plan and revisions thereto shall be effective upon the governor's approval thereof. The state plan shall include establishment of goals and priorities of the State in meeting the needs of the developmentally disabled, including the establishment of priorities for the distribution of public funds for comprehensive services to the developmentally disabled within the State and other matters deemed necessary to achieve normalization of lives of the developmentally disabled. The state plan shall in addition provide for coordinated delivery and establishment of comprehensive services, facilities, and programs for the developmentally disabled.
 - (B) Review, approve, and monitor implementation plans prepared and carried out by the various departments of the State in carrying out the state plan for the developmentally disabled.
 - (C) Review, approve, and monitor any other state plans which affect services to the developmentally disabled.
- (2) Coordination of departments and private agencies. The council shall:
 - (A) Assure nonduplication of services.
 - (B) Encourage efficient and coordinated use of federal, state and private resources in the provision of services.
 - (C) Designate areas of responsibility for services to both public and private agencies serving developmentally disabled clients, reviewing such designations as necessary.
 - (D) Insure that implementation planning by the various departments is effectively coordinated and that interdepartmental programs receive the full support of all departments involved.
- (3) Evaluation. The council shall:
 - (A) Approve implementation plans for the developmentally disabled, and monitor and evaluate their implementation.
 - (B) Monitor all ongoing projects relating to developmental disabilities of the various public and private agencies.
 - (C) Monitor decentralization of Waimano training school and hospital by insuring that each resident transferred from Waimano has an individualized program at least equal to that which he or she might be expected to receive at Waimano.
- (4) Advocacy. The council shall:
 - (A) Advocate for the needs of the developmentally disabled before the legislature and the public and to the governor.
 - (B) Act in an advisory capacity to the governor and legislature on all issues affecting the developmentally disabled.

- (C) Serve as a channel for complaints by consumers of services for the developmentally disabled, following up on such complaints and taking such action as may be warranted.
- (5) Report. The council shall:
 - (A) Prepare and submit annual reports to the governor and the legislature on the implementation of the state plan.
 - (B) Prepare and submit to the United States Secretary of Health, Education and Welfare, through the governor, any periodic reports the Secretary may reasonably request.
 - (C) Prepare other reports necessary to accomplish its duties under this Act.
- (6) Rules. The council shall adopt, amend, and repeal rules under chapter 91, Hawaii Revised Statutes, necessary for the implementation of this Act.

SECTION 4. Membership on the state council. The state council shall consist of twenty-five voting members, appointed by the governor for staggered terms in the manner prescribed by section 26-34, Hawaii Revised Statutes. At least one-third of the members shall be consumers of services for the developmentally disabled or parents or guardians of consumers. The remaining members shall be divided approximately equally between representatives of nongovernmental organizations, or groups concerned with services for persons with developmental disabilities and representatives of state agencies providing such services. This latter group shall include the directors of health, education, and social services.

The members of the state council shall serve without compensation, but shall be reimbursed for any actual and necessary expenses incurred in connection with the performance of their duties under this division.

SECTION 5. Officers, committees, staff. The state council shall, by majority vote of the voting members, elect its own chairman from among the appointed members, and shall establish such committees as it deems necessary or desirable. The state council may appoint an executive secretary subject to chapters 76 and 77 who may appoint persons to such staff positions subject to chapters 76 and 77 as the council may authorize within available funds. The affirmative votes of a majority of the members of the council shall be necessary for the appointment or removal of the executive secretary.

SECTION 6. The functions and authority heretofore exercised by the state planning and advisory council on developmental disabilities pursuant to federal mandate of Public Law 93-517, appointed by the governor, are transferred with the state planning and advisory council on developmental disabilities in accordance with this Act. The new council shall have all of the rights and powers exercised, and all of the duties and obligations incurred by the state planning and advisory council on developmental disabilities pursuant to Public Law 93-517, and laws successor to or amendatory thereof, relating to developmental disabilities, whether the powers, duties, functions, and obligations are mentioned in or granted by any law, contract, or other document.

SECTION 7. All officers and employees whose functions are transferred by this Act shall continue to perform their duties under existing law until the transfer required by this Act is completed, and the officers and employees shall be transferred with their functions and shall continue to perform their regular duties upon their transfer, subject to this Act. No employee having tenure shall suffer any loss of salary, seniority, prior service credit, vacation, sick leave, or other employee benefit or privilege as a consequence of this Act; provided that subsequent changes in status may be made pursuant to applicable personnel laws.

An employee who does not have tenure and who may be transferred or appointed to a civil service or other position as a consequence of this Act shall be transferred or appointed without the loss of salary, seniority, prior service credit, vacation, sick leave, or other employee benefits or privileges and without the necessity of examination; provided that the employee or officer possesses the minimum qualifications for the position to which he is transferred or appointed.

In the event that an office or position held by any officer or employee having tenure is abolished, such officer or employee shall not thereby be separated from public employment, but shall remain in the employment of the State with the same pay and classification and shall be transferred to some other office or position for which such officer or employee is eligible under the personnel laws of the State as determined by the director of health in consultation with the governor.

SECTION 8. Upon the transfer of the state planning and advisory council on developmental disabilities as required by this Act, all records, equipment, files, supplies, contracts, books, papers, documents, maps, appropriations, and other real or other property theretofore made, used, acquired, or held by the state planning and advisory council on developmental disabilities in the exercise of the functions transferred shall be concurrently transferred.

SECTION 9. Any other law to the contrary notwithstanding, all moneys appropriated and unexpended before the effective date of this Act for the use of the state planning and advisory council on developmental disabilities and any programs thereunder, shall be transferred with the council.

SECTION 10. This Act shall take effect upon its approval.

(Approved June 2, 1975.)
